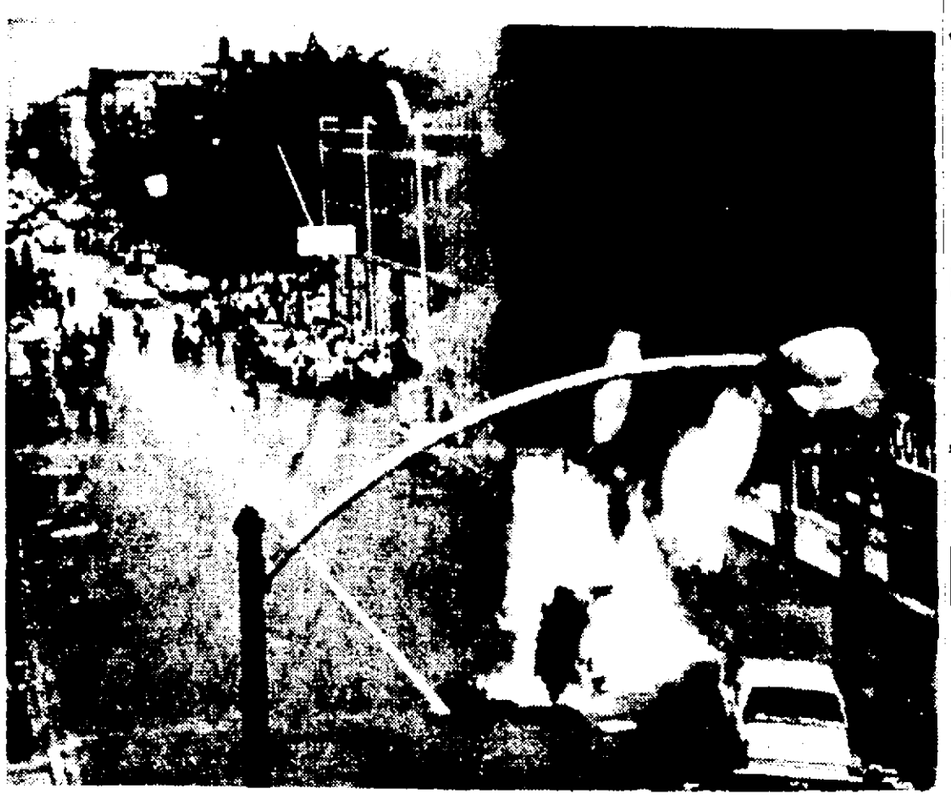
Violent Riot Erupts on Chicago's North Side



A Police Squad Car, Overturned by an unruly mob, burns at a near northwest side intersection in Chicago Sunday. The crowd had broken into disorder after a man was shot in the leg when police tried to break up a gang fight. The incident was in a Latin-American neighborhood. (AP Wirephoto)

Crowd Numbering Over 1,000 Burns Squad Car; Two Dozen Hurt; 30 Jailed

CHICAGO (AP)—Violent street fighting erupted in a predominantly Puerto Rican neighborhood on Chicago's North Side Sunday night after a policeman shot a Puerto Rican youth he said had threatened him with a gun.

The surging, rock-throwing mobs numbered more than 1,000, police said.

The rioters tipped a police car on its side and burned it. Another squad car was heavily damaged. Windshields of many more were broken by rocks and hurled pop bottles. Fire was started in another police car, but quickly extinguished.

By midnight at least two dozen persons had been injured and more than 30 jailed.

Sporadic Gunfire

Police were pelted with rocks, bottles and debris as they tried to disperse the crowds in a 10-square-block area.

Sporadic gunfire could be heard and looting was reported in several shops.

Patrolman Thomas Munyon, 25, the officer who shot the youth, described the incident:

"My partner and I went into this alley to break up a fight. . . This guy started to pull a gun from under his shirt and I shot him. There were about 10 or 15 persons in the alley. . . so my partner and I put the wounded man into a car and got out of there."

The wounded man was identified as Cruz Arcelis, 20.

Munyon, married and the father of two, said he fired four times and didn't know how many shots hit Arcelis.

After the incident aroused

100 Feared Dead in Bombay Rail Crash

Rescuers Use Torches to Cut Through Aluminum Coaches

BOMBAY (AP) -- At least 100 Indians were feared killed today and 120 injured when two suburban trains jammed with commuters crashed together in a Bombay suburb.

Five hours after the early morning collision, railway officials announced 52 bodies had been counted and there were 106 injured so far.

Traffic on the city's railways, which carry two million persons daily, was disrupted while doctors, firemen and police struggled through the wreckage to rescue trapped commuters. Each train reportedly carried more than 1,500 passengers.

Firemen used blowtorches to cut their way into twisted aluminum coaches in which men, women and schoolchildren were trapped.

Worst in History

The accident was thought to be the worst in western India's rail history. It occurred near a grade crossing north of Matunga Station, nine miles from Victoris Station in downtown Bombay.

The collision occurred at the 7 a.m. rush hour. One train bound from Victoria to Thana Junction, 20 miles to the north, was being switched to another track. The other train was en route to the central terminal.

The impact sent the first three cars of one train off the tracks.

Service on the central railway was stopped at once, halting movement to Madras, Calcutta and New Delhi.

Thousands of persons rushed to the crash scene in a crowded residential area while hundreds of police tried to cordon off the area.

The first carriage of the Thana-bound train was the worst hit. Most of the occupants were women, including scores of vegetable vendors.

The Municipal General Hospital at nearby Sion was set apart for accident casualties and closed to other admissions while the Indian navy's Shore Hospital rushed 100 doctors and nurses to Matunga to treat the injured.

Victoria Terminus platforms, nine miles from the accident spot, were soaked with blood as dozens of casualties were brought for admission to the Downtown Hospital.

Soon after the collision another suburban train running on a track nearby was stopped by irate spectators who objected to its motorman trying to speed through. The motorman was injured by the stone-throwing crowd, which police controlled with difficulty. Some police were injured.

The motormen of the two crashed locomotives escaped injury, though one was thrown out of the train.

Buddhists Begin New Demonstrations

Two Weeks Rest From Riots Ends For Saigon Police

SAIGON (AP) -- Buddhist-inspired demonstrations swept the streets of Saigon anew today, ending two weeks of comparative peace in the riot-weary capital of South Viet Nam.

Steel-helmeted riot police deployed around the U.S. Embassy as crowds of demonstrators led by robed monks and nuns converged on the city's center.

A score of monks were arrested at the central market, and crowds fled before clouds of tear gas fired from grenade launchers.

The demonstrations were staged at the height of the evening rush hour.

As usual, the demonstrators marched out of the Buddhist Institute some two miles from the heart of the city. The institute has been the nerve center of all Buddhist agitation in Saigon.

One group succeeded in reaching the heavily guarded Gia Long Palace, the residence of the chief of state, Lt. Gen. Nguyen Van Thieu, whom the Buddhists want removed along with Premier Nguyen Cao Ky.

Riot police charged the crowd there, herding the monks into police vans. Youths were taken to police stations and police said they would be sent for induction into the army.

In scattered parts of the city police removed outside Buddhist family altars, put out in an emotional gesture of antigovernment protest.

U. S. Pilot Destroys 13th MIG in Northern Dogfight

Paratroopers Comb Site of Battle for Signs of Enemy

SAIGON, South Viet Nam (AP)—A U.S. Navy pilot destroyed the 13th Communist MIG of the war in an air battle between the key North Vietnamese cities of Hanoi and Haiphong Sunday and narrowly missed getting a second. But two U.S. planes were lost in new air attacks against the Communist north today.

Cmdr. Hal L. Marr, 40, of Roseburg, Ore., scored the hit on the MIG with his second heat-seeking Sidewinder in a numerically equal dogfight between four F8 Crusader jets from the carrier Hancock and four Soviet-designed MIGs.

A U.S. spokesman said the encounter occurred 31 miles northwest of Haiphong, North Viet Nam's main port, and 35 miles northeast of Hanoi, the capital.

Plane Damaged

The missile homed in on the MIG's hot tailpipe and destroyed it. Marr, commanding officer of Fighter Squadron 211 aboard the Hancock, attacked another MIG with his 20mm cannon and hit its right wing but ran out of ammunition before he could finish off the enemy plane. The damaged plane apparently limped home.

A twin-jet U.S. Air Force B57 Canberra fighter-bomber vanished with its two crewmen east of the Mu Gia Pass today, while an Air Force F4C Phantom jet was shot down by ground fire northwest of coastal Dong Hoi City. Parachutes were seen but the two fliers were listed as missing.

They were the 261st and 262nd American planes reported lost over the Communist north.

In the jungled central high-

At Least 89 Reported Dead In Hong Kong

Torrential Storm Sets Off Mud, Rock Avalanches

HONG KONG (AP) - At least 89 persons were feared dead in the wake of a torrential storm Sunday that set off mud and rock slides throughout the hilly island colony.

Three thousand rescue workers have recovered 51 bodies from the debris. Search headquarters said 16 more were buried and presumed dead, and another 22 missing and feared lost.

Police, fireman and troops searched valleys filled with mud and rocks by the 14-inch deluge that lashed Hong Kong for 15 hours.

Bulldozers, heavy trucks and tractors were called in to clear shattered cars and other debris from main intersections and streets, but traffic was blocked throughout much of the island.

Helicopters ferried food supplies to Victoria Peak, a European residential area isolated by slides and washed out roads.

Emergency generators were set up to supply power. Gas, water and telephone service was disrupted.

Unofficial damage estimates ranged up to $30 million.

Plane Crash Ignites Blaze In California

SANTA BARBARA, Calif. (AP)—James R. Lee, 22, Prairie du Chien, Wis., was injured Sunday when a private plane crashed and killed two persons.

Killed in the crash were Robert L. Coath and John E. Paine, both in their early 20s and both from San Diego.

Lee sustained a broken left leg and chest injuries. John D. Siciliano, 21, St. Petersburg, Fla., suffered a broken left leg.

The crash in the mountain wilderness of the Santa Inez coastal range, started a major brush and timber fire.

SANTA BARBARA, Calif. (AP)—Fifteen hundred fire fighters were in virtual hand-to-hand combat today against a 20,000-acre brush and pine fire which threatened the bathing area of the nearly extinct California condors in Los Padres National Forest.

"It is strictly a hand-to-hand show," said U.S. Forest Service officer Ray Dalton. "There are steep bluffs, big canyons. The wind is coming from the east, which makes it dangerous."

Towering clouds of smoke cast an orange-tinted pall over the seaside resort town of Santa Barbara, about 35 miles to the south.

Five hundred expert Indian fire fighters arrived on the lines through the night, airlifted from Arizona and New Mexico. Other fire fighters moved in from all over California by bus and plane.

Eight aircraft, which dropped fire retardant solution on the blaze Sunday were to be pressed into service again.

Fallen Leaders Turn Out at Soviet Election

Khrushchev Tells Newsmen He's Been Ill

MOSCOW (AP)—Two fallen leaders—Nikita Khrushchev and V.M. Molotov— were among the voters Sunday as the usual big turnout elected the unopposed candidates for the Soviet Parliament.

Khrushchev, 72, thinner and more subdued than in his last public appearance 15 months ago, smiled as he cast his ballot for the man who replaced him as premier, Alexei N. Kosygin.

"Yes, I've been ill," Khrushchev told newsmen, "but everyone gets ill now and then." The former premier and Communist party chief was hospitalized last summer for kidney trouble.

His wife added that he "is feeling very well now."

Khrushchev's appearance at a Moscow polling booth was clearly arranged by Communist officials to show the world that he is alive and healthy — unlike the victims of Stalin's purges.

Molotov, 76, former premier and foreign minister under Stalin, also surfaced from obscurity to vote at another Moscow polling station. Once known for his granite visage at international conferences, he was smiling as he left the station with his wife.

Khrushchev ousted him from power in 1957 but let him live a relatively free, comfortable life of retirement out of the public eye. Molotov told newsmen he was feeling "not bad" and spends his time "working and writing."

As in the past, more than 99 per cent of the 140 million registered voters over 18 were expected to cast ballots for the party-approved candidates. Both the election and the parliament itself are largely ceremonial, designed to show support for the Communist party's rule.

In his previous public appearance in March 1965, to vote in local Moscow elections, Khrushchev took off his hat and waved to an applauding crowd, joked with a clerk and responded to the warm reception with tears in his eyes.

Weekend Car Crashes Kill 11 in State

By THE ASSOCIATED PRESS

Eleven persons, including an elderly Iowa woman en route to Milwaukee following her son-in-law's funeral, died in highway accidents in Wisconsin during the weekend. The state's 1966 toll reached 377 compared with 388 on this date last year.

Mrs. Estella R. Johnson, 70, of Waterloo, Iowa, was killed Sunday when a car hit a bridge abutment on Highway 11 - 81 near the west city limits of Monroe. She was driving to Milwaukee with her daughter, Mrs. Donna J. Murray, 41, whose husband was buried Saturday at Waterloo. Mrs. Murray, who lives in Milwaukee, suffered a cut lip.

Three persons died Saturday night in a two-car crash on a four-lane expressway near West Bend.

The victims were Edwin Schultz, 43, Milwaukee; his brother, Charles, 31, also of Milwaukee, and Henry Leweling, 84, Union Grove.

Washington County authorities said both cars were northbound on four-lane U.S. Highway 41 when they evidently collided and crashed at the Highway 45 exchange nine miles south of West Bend.

The Schultz vehicle rammed a concrete pillar. The car in which Leweling was riding overturned.

The two brothers, both postal workers, were on a weekend fishing trip.

Floyd W. Moon Jr., 28, rural Campbellsport, was injured fatally Sunday when his motorcycle left Highway 67 in southeastern Fond du Lac County and struck a tree. His brother Adrian, a passenger, was hospitalized.

Mrs. Ethel E. Weger, 60, Madison, died Saturday night in a two-car crash at a Dane County crossroads southeast of Madison.

Leo Valle, 37, rural Beloit, was injured fatally Saturday night when his car left a road and crashed into a farm house about nine miles west of Beloit.

She's Married on 'The Rock' to Fill Childhood Dream

SAN FRANCISCO (AP) — Alcatraz, the isolated craggy rock in San Francisco Bay, had more persons on it Sunday than have been on it since the federal prison was closed three years ago.

More than 100 persons attended the wedding of Barbara Hart and John Catelli of San Jose. They were married on "The Rock," one of Barbara's childhood dreams.

Barbara is the daughter of Mr. and Mrs. John E. Hart. Her father was a guard at Alcatraz for 18 years. She grew up there. Her parents still live there. They are the caretakers of the island.

Computer Equipment Sought by NASA

CAPE KENNEDY, Fla. (AP) —The National Aeronautics and Space Administration is negotiating with General Electric Co. for some $5 million worth of additional computer equipment.

NASA said the equipment will permit two simultaneous tests to be run and will help consolidate administrative and scientific data to support the Apollo man to the moon program.

Ku Klux Klan

Judge Delays Trial of Shelton 'Til September

WASHINGTON (AP) —A federal judge delayed today the contempt of Congress trial of Ku Klux Klan leader Robert M. Shelton until Sept. 12.

Chief Justice Matthew McGuire of the U.S. District Court ordered the delay after Shelton's attorney, Lester V. Chalmers Jr., said it would take one to two weeks to try the case.

The government had estimated earlier the trial would last only one day.

Shelton, named by the House Committee on Un-American Activities as imperial wizard of the United Klans of America, would not speak to newsmen.

If convicted, he faces a fine of between $100 and $1,000 and a prison sentence of from one month to one year.

The Shelton trial is expected to serve as a test case for the trial of six other Klan leaders scheduled this fall. All were cited by the committee on Feb. 2 and indicted a day later.

The contempt charges were brought on grounds the Klan officials refused to supply records and other documents to the Un-American Activities Committee during its four-month look last fall and winter into the Klan's secrets.

Refuses Details

Shelton appeared before the Klan investigation subcommittee last Oct. 19 and 20. After he gave his name and place and year of birth— Tuscaloosa, Ala., June 1929—and said he had received a committee subpoena to testify Oct. 11, he refused about 100 times to answer questions.

In addition to questions relating to production of personal

Joel Habush, 25, Lay on a stretcher under a canopy Sunday while marrying Susan Levner, 21, in the chapel of the Veterans Administration Hospital in Milwaukee. Habush suffered a back injury Saturday when a second story porch collapsed at his home. Rabbi Louis Swichkow is at left. (AP Wirephoto)

U. S. Arms Requests Are Turned Down

STOCKHOLM, Sweden (AP)— Munitions trade sources say the Swedish government has turned down repeated United States requests to buy Swedish arms and ammunition for the use of American forces in Viet Nam.

Harvard Prof. John Galbraith, former U.S. ambassador to India, said Sunday in Providence, R.I.:

"Sweden. . .has thought so little of our (Viet Nam) policy that she has imposed an arms embargo—a quarantine — upon us."

There has been no official confirmation of the reports in Washington or Stockholm.

Swedish Trade Minister Gunnar Lange said May 25 his department had not turned down any U.S. request to buy arms.

Several days later, the Pentagon acknowledged that it had made "informal inquiries" about which types of TNT explosives were available in Sweden. It was learned that Swedish manufacturers had refused to sell explosives to the U.S.

The Pentagon also said it "does not at present purchase or intend to purchase arms or ammunition from Sweden."

Official Swedish policy forbids arms sales to any nation involved or about to be involved in foreign or domestic conflicts. The embargo currently applies to Communist and Arab nations. Israel, Spain, Portugal and South Africa, trade sources say.

Church Founded by Frank Lloyd Wright's Father Marks Century

RICHLAND CENTER (AP) -- The centennial of a church founded by the father of architect Frank Lloyd Wright was celebrated Saturday and Sunday.

The ceremonies observed the 100th anniversary of the founding of the First Baptist Church of Richland Center by the Rev. William Wright in 1866. His son was born here in 1869.

Other ceremonies last week at nearby Spring Green, where the architect lived and taught, unveiled a new postage stamp dedicated to Wright, who died in 1959.

Businessman Improved After Spat With Sinatra

BEVERLY HILLS, Calif. (AP) — Frederick R. Weisman, wealthy, retired businessman injured during a cocktail lounge dispute involving singer Frank Sinatra, is showing marked improvement, say officials at Mt. Sinai Hospital.

"He is conscious and recognizes members of his family," said a hospital spokesman. "His condition still is serious but his progress is satisfactory."

Weisman, 54, former president of Hunt Foods, was knocked unconscious Wednesday in the Polo Lounge of the Beverly Hills Hotel.

Sinatra said Weisman punched him under the eye after accusing Sinatra and his party of making too much noise.

Sinatra said Weisman fell across a table and onto a floor. No one hit Weisman, the singer said.

Weisman underwent cranial surgery Thursday, a hospital spokesman said.

Cooler Weather Tonight in Valley

Fox Cities — Partly cloudy tonight and Tuesday. Cooler tonight. Low near 53 degrees. High Tuesday, near 73. Light westerly winds.

Appleton — Observations at 10 a.m. today for the preceding 24 hours. High temperature, 74. Low, 63. Wind out of the west at 5 miles per hour. Barometric pressure, 29.97 and steady. Relative humidity, 77. Dew point, 62. Cloudy skies. No precipitation.

Five-day Forecast: — Temperatures Tuesday through Saturday will average 8 to 12 degrees below normal. Colder latter part of the week. Precipitation will total one-quarter to one-half inch in showers about mid-week and possibly in south portion near end of the week.

Sun sets at 8:38 p.m., rises Tuesday at 5:09. Moon rises tomorrow at 2:38 a.m. The planet, Jupiter, now sets too soon after the sun to be easily seen. Late in July a bright "star" will rise just before the sun. It will be Jupiter, joining Mars and Venus in the morning sky.

The Threat of Rain Failed to dim the brilliance of the Lawrence University academic procession Sunday afternoon prior to commencement exercises Faculty marshals William Schuette left Lucia R Briggs, professor of English and F Theodore Cloak, professor of theatre and drama lead the faculty up the walk to Memorial Chapel between the lines of the graduating class

Alumni Return

235 Receive Bachelor Degrees at 117th Commencement at Lawrence

BY MARGUERITE SCHUMANN
Of Lawrence University

The carillon chimed a trumpet sounded and Lawrence University's 117th commencement passed into history on Sunday

Bachelor's degrees were awarded to 275 young people 14 men from The Institute of Paper Chemistry were awarded the master of science and 11 were given the highest degree in course the doctor of philosophy In addition eight honorary degrees were bestowed in exercises held in Memorial Chapel

The campus curried to perfection and at the height of its June green looked like the deerpark of a stately home in England Although the ceremonies are now prudently held inside the greensward proved a lovely background for the academic processions as they assembled and dispersed

Saturday Alumni Day — drew loyal sons and daughters of Lawrence from many corners of the United States for a weekend of retrospection and renewal

Class of 1901

They were out in force for the traditional picnic at Alexander Gymnasium and the prize for most senior Lawrence alumnus went to Miss Elizabeth Mott '01 celebrating the 65th anniversary of her graduation Pressing close behind however were three members of '02 and three more from '06

In the center of the room was a long tableful of Milwaukee Downer alumnae having their second June reunion on the campus most senior of their number was Mildred Hollman Smith '12 who the next day received the Alumna of the Year award

The 50 year class had an unprecedented group of f — n the number was augmented by spouses however and the 25 year class marched into the picture chanting banging on percussion instruments and cocked hats on every head A clown on a bicycle led the parade in the path he has described himself as the gumball king of Milwaukee A group from Ripon College wrote a tune bearing a lady Phi Bet Kappa was making very unladylike noises and an embarrassed Lawrence freshman with a father in the reunion class slipped away from the whole undignified business

Dignified Moments

In their dignified moments however Lawrence alumni gave handsome account of their achievements during the course of the weekend Two graduates — Edwin R Bayley '40 vice president of National Educational Television and Dr Marjorie Oleen Chandler '11 from the Washington office of the Educational Testing Service gave out-and-out talks on the national enterprises in which they play a part

On Sunday Lawrence Alumni Distinguished Service Awards were given to John Dever '47 city manager of Decatur Ill and James H Straubel '37 executive director of the Air Force Association while Mildred Hollman Smith '12 received the Milwaukee Downer Alumna of the Year award for her work on civic beautification in Green Bay

Late Saturday afternoon when the skies began to lower and the Lawrence banner on the flagstaff began to snap in the stiffening breeze people drifted into Memorial Chapel to rest in the dusk and listen to the carillon In addition to concert pieces, there were some songs heavy with memory—"Our God, our help in ages past" sung at every Lawrence commencement nostalgic college songs unique to Lawrence and Gaudeamus Igitur which speaks of the student spirit everywhere Between the peal of the bells the stage stood quiet and empty banked with ferns and blossom One woman read the memorial labels on the stained glass windows another lingered in reverie outside touching the plaque on which Myra Goodwin Plantz's name was written "I knew her she said

More Memories

The persistence of memory was demonstrated many times during the weekend particularly the bond that exists between student and teacher at a small college Tribute was paid to two great teachers a bronze plaque was dedicated to Arthur C Denney Lawrence athletic director from 1923 to 1964 and a picture was presented in memory of Marjorie Logan Head of the Milwaukee Downer Art department from 1921 to 1952 At the commencement concert on Friday the orchestra alluded returning Prof Stephen F Darling of the chemistry department who played in the ensemble for 37 years

Perhaps the most graphic symbol of Lawrence throughout its 11 decades lay in Katherine Stevens a member of the golden reunion class Miss Stevens is the granddaughter of Joseph Wesley Hammond one of the legendary figures of the class of 1860 who planted the first ivy on Main Hall When Edwin Cooke first president of Lawrence was about to leave New England for the Wisconsin wilderness he recruited a number of his pupils at Maine Wesleyan Seminary to come along Hammond was one of those chosen When Hammond's mother heard of the venture she announced firmly I'm not sending my boy out to Wisconsin alone We will all go Which they did settling at Northpor

Altogether Miss Stevens has had 42 Lawrentian relatives among them a former professor of geology Dexter P Nicholson a former preceptress at Ormsby Hall Harriet Hammond Nicholson and Olive Copeland Lawrence's oldest alumna when he died at 101

While joy and nostalgia are mingled in approximately equal parts for the average senior there were strongly symbolic shouts of relief from underclassmen as they wound up the year's work During one pre commencement day a half dozen textbooks from the Freshman Studies course were observed partially buried with the pink geraniums in the Drew College corner planting tub Several hours later the pages from The Genetic Code were methodically distributed the length of the block At Ormsby Hall a departing freshman fashioned a chain of clothes hangers that stretched from her second floor window to the ground

The class of 1966 is the first group to go through Lawrence on the three term three course plan it is the first class to have computer guidance in its social life in a sense it was a fairly transient class a goodly number of them came late or left early

Off campus educational experiences were common for the group More than a dozen studied abroad during some period — in Italy England Spain Mexico Germany Austria and Costa Rica One supplemented study in Israel with work on a kibbutzim and moshavim (communal and collective farms) there were five scientists who have spent time at the Argonne National Laboratory two potential teachers who have experienced the problems of urban education in Chicago and a group who have done summer work at a wilderness field station The last three problems are all conducted by the 10 members of the Associated Colleges of the Midwest of which Lawrence is a member Still others of the class have taught in summer Freedom Schools

Future Plans

While the class is not quite as graduate school oriented as the 1965 group more than 40 per cent have expressed interest in advanced work and more than 40 have won fellowships and assistantships for graduate work 17 of them in national competitions or from federal sources There are efour Woodrow Wilson and one Fulbright award winners in the class

When the class of 1966 entered college about 45 per cent of them listed Lawrentians among their families consequently this graduation was a time for special remembrance of days past for the relatives who were busy snapping photos of the black gowned graduation lines

Four of the class had both of their parents graduate from Lawrence before them Lynn Ansorge Gillett Susan Howells Appleton Priscilla Larsen Green Bay and Christian Isely Deerfield Ill

June weddings are as traditional as June commencements the names of Lawrence couples appeared regularly in the news paper marriage license column during the week preceding and the mountains of trash that are regularly carted from college dormitories at the end of each year were enlivened by discarded gift wrapping papers in bridal motifs One optimistic pair estimating that commencement would be over by 4 30 p m scheduled their wedding rehearsal in Madison for exactly two hours later

Peace Corps

Two couples in the class planned June wedding to accommodate their training and assignment to the Peace Corps Kim Dammers Champaign Ill and Linda Stovall Chicago plan to go to Ethiopia while Peter Kline Wausau and Jane Sherman Weston Conn expect to be assigned to El Salvador A total of 11 of the class will go into Peace Corps training for Iran Chad Guyana Turkey and other countries as yet unassigned

Hawaii and particularly the newly founded Hawaii Loa College was very much in the spotlight during commencement weeken

Hawaii Loa's first family President and Mrs Chandler W Rowe daughters Sara and Cynthia Lawrence '63 and son Chandler Jr were on the campus in strength to see the elder Chan receive an honorary doctorate and the younger Chan to obtain his bachelor of arts magna cum laude for his honors paper Statistical Analysis of the Grain Sized Textural Parameters of Selected Beach Sand The sand was gathered from various Hawaiian beaches and according to rumbles from within the family it had cost a fortune to transport to Appleton for the honors project

There was a certain appropriateness in Dr Rowe becoming an honorary member of this year's class, four years ago when he was dean at Lawrence, it was he who welcomed '66 to the campus with a speech on "Japan Today," based on sabbatical leave research he had just completed

Faculty Awards

Hawaii Loa's first two faculty members also garnered honors at commencement Dr W Paul Gilbert, the commencement speaker received the master of arts ad eundum as he retires from the Philetus E Sawyer professorship of physics while his wife Dr Margaret Shea Gilbert, who holds the Alice J. Hulst professorship in life sciences, was given the Mrs H K Babcock Award, as the adult member of the Lawrence community who has exhibited 'generous cooperation with undergraduate enterprises When the award was established three years ago its first recipient was Dr Rowe

Six Hawaiians were in the graduating class the younger Rowe Melvin Ho John Ishikawa Richard Lim Mary Ann Masuda and Gary Tanouye — and a formidable number of leis arrived on the campus during the preceding days The fathers of Mary Ann Masuda and Richard Lim as well as both parents of Gary Tanouye made the trip from Hawaii to see their children graduate

Others in the class with exotic addresses were Michie Kobayashi Tokyo Japan a recent double prize winner in pipe organ contests Luke Ndinya from Kenya Ann Kesselring whose mother came from Malaysia for the ceremonies and Sydney Townsend Balboa Canal Zone whose parents attended

From 24 States

A total of 24 states plus the District of Columbia were represented in the graduating class and guests came to the campus from nearly all of them Among them were the Edgar F Kaisers of Lafayette Calif who have faithfully won every tank of gas prize given during Parents Weekends in the fall Their son Henry M Kaiser was graduated with honors for his thesis The Effect of Barriers on Role Satisfaction in the Five Man Work Group

Commencement was the target not only for visitors but for two of Lawrence's staff members who had been in Europe for three weeks searching for sites for Lawrence overseas centers Dr Charles Breunig who holds the D G Ormsby professorship in history and Business Manager Marwin O Wiolstad winged in Friday evening in time for the festivities While faculty wags have labelled the project Lawrence in Florence or 'Lawrence in Arabia it is rumored that neither of these locations were chosen A group of more than 35 Lawrence friends met the travelers at the airport brandishing signs in diverse tongues

Graduation honors at Lawrence may be earned either by the traditional cumulative grade point called honors in course or by writing and orally defending an independent honors thesis called departmental honors Because of the double system students names may appear in two categories

Standing Ovation

The standing ovation reserved for bachelor of arts summa cum laude graduates went to four for departmenal papers Beatrice Bigony Delaware Ohio David Glidden Batavia Ill Vance Kasten 1308 W Harris St and Jeanne Schneider Chicago Ill while Glidden and Jan Van Heurck 219 E Hancock St received highest honors in course

The magna cum laude honor was won by eight seniors for their departmental work and six for gradepoint Magna cum laude in departmental work was given to Neil Friedman Milwaukee Arthur Heiss Oshkosh Sharyn Jacob Grosse Pointe Woods Mich E Sanford Johnson Chicago Ill R Gordon Lutz Jr Princeton N J Richard Martin Milwaukee Chandler W Rowe Jr Honolulu Hawaii and Henry Rutz Oshkosh

Magna cum laude on the basis of gradepoint was earned by Elizabeth Berg Evanston Ill William Johnson Iron Mountain Mich Vance Kasten Appleton Richard Nickel Grand Rapids Mich Ingrid Tschoike Milwaukee and Barbara Wetherell Prairie Village Kan

Cum laude went to 24 for honors in course and eight honor papers There were three area students in the cum laude group Thomas Anger Oshkosh Lynne Ansorge Gillett and Fawn Pechman Kaukauna

Student Honors

Four received the bachelor of music with honors in course — cum laude went to Barbara Dancey Waukesha Michie Kobayashi Tokyo Japan and Eileen Neau Kenosha while Nan Orthmann Antigo was named for summa cum laude

Distinction in performance went to Edward Hoffman Park Ridge Ill Miss Kobayashi and Edward Rath Jr Milwaukee with highest distinction in performance being awarded to Miss Orthmann

Commissioned second lieutenants in the United States Air Force Reserve were Chandler Rowe Jr Honolulu Hawaii who was named a Distinguished Military Graduate Alan Blomgren, Virginia Minn James Heng Minneapolis Minn Edward Hoffman Park Ridge Ill and Charles Jamieson Wayzata Minn The commencement program also acknowledged the commissioning of Thomas Brady Chicago Ill William Hobbins DePere Gunther Hoos Fond du Lac and David Lawrence Shawnee Mission Kan during the course of the academic year when they finished their work at Lawrence Two more men are due for commissioning in July Ronald Bird Fond du Lac and Philip Metzger Prairie Village Kan

During the commencement ceremony the Uhrig award for excellent teaching was made to Dr E Graham Waring professor of religion who holds the Beach Garton endowed chair

David Glidden Batavia Ill was named for the Lewis prize oldest undergraduate honor at Lawrence as the senior of most excellent record a designation which is comparable to valedictorian

James H. Straubel, Fairfax Station, Va., left, John E Dever, Decatur, Ill, and Mrs Ralph C Smith, Green Bay admire the Lawrence Alumni Distinguished Service medal received by the two men during Lawrence University's commencement exercises Sunday Mrs Smith received the Milwaukee Downer Alumna of the Year Award The three were cited for their outstanding public service and for their distinguished work in their own particular fields of endeavor

Lawrence Presents 3 Alumni Awards

University Honors Green Bay Woman, Executive, City Manager

Lawrence University honored three of its distinguished alumni during the 117th commencement exercises Sunday afternoon in Memorial Chapel

Mrs Ralph C Smith, secretary of the Mayor's Committee for a Cleaner and More Beautiful Green Bay received the Milwaukee Downer Alumna of the Year award She was presented by Mrs Edward Sperl Louisville Ky president of the Milwaukee Downer Alumnae Association James H Straubel Fairfax Station Va executive director of the Air Force Association and the Aerospace Education Foundation and John E Dever city manager of Decatur Ill received the Lawrence Alumni Distinguished Service award The two men were presented for the award by Frederic O Leech a Lawrence trustee

This is the first time since the merger in 1964 of Lawrence and Milwaukee Downer Colleges which formed Lawrence University that the two alumni association awards have been presented together during commencement exercises The recipients are chosen on the basis of outstanding public service and distinguished work in their own fields

A 1919 graduate of Milwaukee Downer Mrs Smith has campaigned for city improvement in Green Bay as secretary of the Mayor's Committee Her effort helped Green Bay win the All American City award given by the National Municipal League of New York and Look Magazine in April 1963 She has also received the Keep America Beautiful award and the Fair Play award for city improvement

Her citation read

You have answered Lincoln's challenge to meet the responsibility of home position citizenship and society and to realize clearly the claims upon educated womanhood As a volunteer worker for civic progress you have brought honor to your community and its citizens Your wisdom your resourcefulness and your dedication long have shown others the example for enlightened service By every measure you have given fully of yourself for the benefit of others

Because of these qualities I am honored to present to you the Milwaukee Downer College Alumna of the Year Award

A former reporter and feature writer on The Post Crescent the Green Bay Press Gazette and the Milwaukee Journal Straubel has twice been cited by the Aviation Space Writers Association for excellence in promoting public relations in aviation The 1937 graduate of Lawrence received the Legion of Merit award for his contribution in establishing and editing the Air Force Magazine He won the Air Force's Exceptional service Award in 1959 and the Paul T Johns Trophy — awarded by the Arnold Air Society the professional organization of the Air Force Reserve Officer Training Corps — for his efforts in promoting aerospace education as executive director of the Air Force Association and the Aerospace Education Foundation

His citation read

You rejoined at Lawrence a splendid record as student athlete and campus leader This high level of performance continued during your military service and it is demonstrated now as you carry out the many responsibilities as the executive director of the Air Force Association and the Aerospace Education Foundation It is your task to combine scientific knowledge with a social conscience to bridge the gap between humanists and scientists civilian and military personnel In the best tradition of the liberal arts you provide the leadership to inform our citizenry of today's national defense requirements and our responsibilities for the future

With honor sir I present to you the Distinguished Service Award

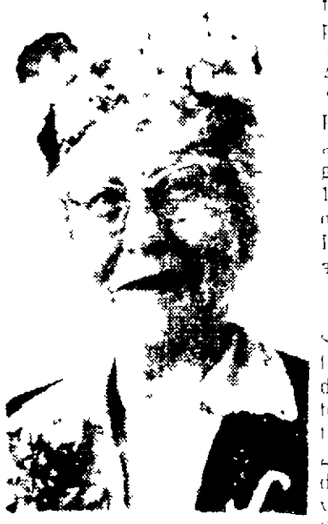
Receives Awards

Dever a 1947 graduate of Lawrence served as assistant city manager of Eau Claire and as city manager of Two Rivers before moving to Decatur in 1959 The Two Rivers Junior Chamber of Commerce elected him the Outstanding Man of the Year in 1954 In recognition of the successful improvement programs he has initiated and administered he received the American Society for Public Administration Distinguished Public Service award in 1962 and the Decatur Kiwanis Distinguished Public Service award in 1964 He is credited with much of the effort that brought Decatur the All American City award in 1960

His citation read

You have distinguished yourself as City Manager of Decatur Illinois Your peers have described you as a superb technician with the inspiration to give worthy community goals and to realize them Your dedication has brought honor to your city and your work merits the national acclaim it has received

In recognition of the leadership you have given to the communities you have served and the integrity and high professional competence you have demonstrated as a public administrator I am privileged to present to you the Lawrence Alumni Distinguished Service Award



Katherine Stevens, Chicago a member of the 50 year reunion class has the longest Lawrence lineage of any campus commencement visitor Her grandfather graduated in 1860 and 42 other relatives have attended the institution

Six Lawrence Students received their bachelor's degree summa cum laude — with highest honors — at the 117th commencement exercises on Sunday From left are Jeanne Schneider Chicago, Ill., Beatrice Bigony, Delaware, Ohio, Nan Orthmann Antigo Vance Kasten Appleton and David Glidden Batavia Ill A sixth winner of the honor is Jan Van Heurck, Appleton who was not present at commencement

Lawrence University Confers Honors on Faculty, Citizens

5 Retiring Professors Cited; Sen. Nelson Saluted for Service

Academic hoods lined with blue and white, the colors of Lawrence University, were given to eight persons at the institution's 117th commencement exercises Sunday.

Three degrees were honorary; five others carried the designation "ad eundum" — at the end of service to the institution.

Recipients of honorary awards were Sen. Gaylord A. Nelson (Wis.), the doctor of laws degree; Chandler W. Rowe, president of Hawaii Loa College and formerly dean at Lawrence, the doctor of science degree; John Stevens, industrial consultant and chairman of the Greater Lawrence Program which raised $4 million to match a $2 million Ford Foundation grant, a master of arts, honoris causa.

Retiring Faculty Honored

A master's degree ad eundum was conferred on three Lawrence and two Institute of Paper Chemistry staff members upon their retirement. They include Stephen F. Darling, who holds the Robert McMillan professorship of chemistry; W. Paul Gilbert, the Philetus E. Sawyer professor of physics; Olga A. Smith, associate professor of biology, all of the Lawrence staff, who received the master of arts; Roland E. Kremers, head of the cambial chemistry research group, and Louis E. Wise, senior research associate, both of the Institute of Paper Chemistry, who received the master of science.

Nelson's citation, delivered by President Curtis W. Tarr read:

"Alexander Pope described Mr. Addison as 'statesman, yet friend to truth!' Those who understand political life in a democracy realize the conflicting pressures placed upon elected officials. Gaylord Nelson, we admire you for your forthright statements of belief, your clear analysis of the problems of this state and this nation, your independence in weighing the evidence before arriving at a conclusion, and your imaginative leadership in finding new insight to replace tired assumptions. As the distinguished governor of this state, and now as senator in the nation's capitol, you have shown a keen and balanced intellect that merits the respect of teachers and scholars."

Prof. James W. Ming of the conservatory of music presented Rowe for his honor, which carried the following citation:

Cites Contributions

"Chandler Rowe, we have known you as teacher, dean, and now president, always as friend. From the early days of your professional career you have shown a careful balance of concern between idea and people. Your work in anthropology produced original work important to the understanding of cultures of North America and the Pacific islands. This scholarship made your classroom a vital place ventilated with fresh ideas from new frontiers of inquiry.

"These experiences in the field and on the campus have given you the understanding that here distinguished your administration. The past augurs greater success in the future to you through service in the unqiue college you are now creating."

George Banta Jr., long-time Lawrence trustee, brought John Stevens forward to hear this citation:

Opens New Dimensions

"John Stevens, you are a leader of leaders. As the chairman of the Greater Lawrence Program you have taken us comfortably beyond our first bold expectation; in doing so you have represented quietly the strength of Lawrence, the vitality of a liberal education, and the importance of a commitment to its endurance. As a trustee of Lawrence University you have contributed significantly to the remarkable progress of a dedicated and unusual group of colleagues who have given inspiration to this institution. In business you helped to bring new dimensions to the system of free enterprise through your awareness of the tie between enterprise and community service. We continue to rely heavily upon your strength and understanding."

Darling was introduced by Prof. E. Theodore Cloak, head of the theatre and drama department. His citation said:

"As a young man you came to Lawrence College to continue a life of teaching and scholarly investigation. For 37 years you have demonstrated how research and teaching may complement each other in the life of a dedicated man. It was partly because of your hard work and imaginative scientific investigation that The Institute of Paper Chemistry got its start. Your affiliation there has helped to form the bond between these sister institutions, and we hope that your future work there will draw us even closer."

Prof. Andrew C. Berry, who holds the Henry Colman chair in mathematics, introduced Gilbert for his award. Tarr cited him:

Dedication Recognized

"Much here is yours that will live when your nurture is gone. You brought to Lawrence a dedication to both the arts and the sciences in a liberal education. You have demonstrated that liberal learning gives perspective to the scientist, just as the awareness of science is essential to broad understanding of the human problems of our age. Your colleagues have recognized you as one of Lawrence University's great teachers. Countless students remember you and reflect fully the dimension of your dedication to them and to the love of learning."

Miss Smith was presented by Prof. Anne Jones, who holds the Bergstrom chair in the humanities. Tarr said of Miss Smith:

"You have lived to express many of the ideals for which Lawrence University was founded. As an alumna you have demonstrated forcefully that a liberal education destroys the barriers to broad interest, while it encourages refinement of a special area of intellectual concentration. As a scientist you have established a reputation as an artist as well; although you have dedicated yourself primarily to teaching, you also have won acclaim as a superlative electron microscopist. As your years of work at The Institute of Paper Chemistry continue, we anticipate the enduring close association we will have with you and your work."

Kremers was introduced by Arild J. Miller, assistant dean and director of admissions at The Institute of Paper Chemistry, for this tribute:

Pioneer in Research

"It is neither unique nor common to forsake the industrial career for the academic classroom and research laboratory, but few have achieved the success in both endeavors which has been yours. Industry's loss was our gain when you joined the faculty of The Institute of Paper Chemistry a decade and a half ago.

"To pioneer in a new field of research, as you have done, is admirable. To relate your studies to the broader spectrum and to the conceptual aspects of science, and to inspire students to follow in your pathway, is the mark of the dedicated teacher."

Wise received his degree in absentia. Tarr read the following citation:

"To have achieved the world renown which you enjoy in your chosen field would more than satisfy most men, but it has not been enough for you. Rather, you have found your greatest fulfillment in your concern for others and particularly for your students. Philosopher, poet, and humanist, you offer impressive contradiction of the sometimes-held opinion that the scientist is a specialist of narrow viewpoint.

"Your contribution and your influence, during your 25 years on the faculty of The Institute of Paper Chemistry, have done much to shape the pattern of that institution."

Two Honorary Doctorate degrees and an honorary master's degree were awarded during Lawrence University's 117th commencement exercises Sunday afternoon. The three recipients were Chandler W. Rowe, president of Hawaii Loa College, left, who received the doctor of science degree; the Hon. Gaylord Nelson, United States Senator from Wisconsin, doctor of laws, and John Stevens, an Appleton businessman and consultant, the master of arts degree.

Steiger Says Democrats Hurt Dairy Farmers

GOP Candidate Hits Administration On Cheese Quotas

PLYMOUTH — Assemblyman William A. Steiger, Republican candidate for congress in the Sixth District, charged today that the Democratic party, represented by his opponent, Rep. John Race (D-Fond du Lac), has "pulled the rug out from under Wisconsin dairy farmers."

Steiger, meeting with farmers at the cheese festival here, said that the Democrats in Washington have "opened the floodgates" to foreign cheese by increasing the Cheddar Cheese import quota in the current fiscal year.

"The administration's increase is equivalent to 9,270,000 pounds of milk which would otherwise have been purchased from dairy farmers in the Sixth District and the rest of the nation," Steiger said.

One of the major uses of Wisconsin milk is for cheddar cheese production. The state makes between 40 and 50 per cent of the nation's total cheese. Steiger also cited recent Democrat decisions to substitute oleomargarine for butter in the armed forces. "The boys fighting the war in Viet Nam are being denied butter because of the war on the farmer," Steiger declared, terming it "a war being fought by this administration on American soil."

Kentucky to Give Birth Control Pills

FRANKFORT, Ky. (AP) — Free birth control pills must be given to many medically needy persons under 65 beginning July 1 under an expanded medical aid program.

The State Advisory Council on Medical Assistance has endorsed the principle of family planning under the program.

It's Showtime!

Jurist's Estate Over $200,000

Russell E. Hanson Will to be Probated, Widow Only Heir

FOND DU LAC — The late Circuit Judge Russell E. Hanson, a native of Scandinavia in Waupaca County, left an estate in excess of $200,000.

His will is being probated in Fond du Lac County Court.

Judge Hanson, who suffered a fatal heart attack Feb. 5 at the age of 62, presided over the 18th Judicial District for 13 years and was starting a new term at the time of his death.

In his will, dated Oct. 12, 1936, Judge Hanson bequeathed the total estate to his widow, Stella, and indicated she would make provision for the couple's children.

Mrs. Hanson, the former Stella Bestul of Scandinavia, was named executor of the will.

Listed for heirship were the Hanson children: Mrs. Mary H. Crownhart, Madison; Karen H. Clayton, Ottawa, Can.; and Mrs. Sigrid H. Jensen, 672 Chestnut St., Neenah.

Also two minor grandchildren, Robert and John Hanson of Everett, sons of the late Dr. James R. Hanson.

Dr. Hanson, a son, was killed in a skiing accident at Everett, Wash., in February of 1964 at the age of 31.

Prior to becoming a judge, Judge Hanson was associated in law practice and was an officer and general counsel for the Giddings and Lewis Machine Tool Co.

Today in History

By THE ASSOCIATED PRESS

Today is Monday, June 13, the 164th day of 1966. There are 201 days left in the year.

Today's highlight in history:

On this date in 1933, Congress passed the National Industrial Recovery Act, which has as its main purpose a self-regulation of industry. Labor and consumer interests were to be represented in the formation of so-called industrial codes.

On this date

In 1502, Christopher Columbus discovered the Island of Martinique.

In 1862, the French defeated the Mexicans at Orizaba.

In 1940, Paris was declared an open city.

Ten years ago — The Labor party of Dutch Premier Willem Drees led the field in the parliamentary elections, increasing its majority in the lower chamber of Parliament by four.

Five years ago — Italian Premier Amintore Fanfani ended a two-day official visit to Washington during which he discussed with President Kennedy and other high U.S. officials some of the problems confronting NATO.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H®*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Do you get more than just pay in your pay envelope?

New booklet helps you understand the value of your benefit program... shows how to make the best use of it.

Are you well informed or more or less "in the dark" about the fringe benefits your company offers? Do you know their full extent, what you're entitled to and what this means to you and your family? Have you any idea of the money value of the "extras" you receive? Since most American workers could use a "refresher course" on this important financial subject, New York Life has prepared a booklet called: "The Importance of Your Company Benefits."

Obviously, benefits vary a great deal, but you can use this informative booklet as a guide to learning more about your company's program. You'll be better equipped to understand the deductions on your paycheck... what you pay for and what your company provides... where you stand on retirement benefits.

If you follow this booklet's advice, you'll check into hospitalization and disability benefits and know just what financial help you can count on in the event of emergency. You may even discover you have fringe benefits you didn't know about!

Makes valuable reading! Although companies may do their best to keep employees posted, you'll find "The Importance of Your Company Benefits" can be most helpful. It's the newest in New York Life's *Family Financial Planning* series—and it's yours free. Just clip the coupon or ask your New York Life Agent. He's a good man to know!

Ephraim Fyr Bal Fest Set for This Weekend

Ancient Scandinavian Custom Heralds Summer's Arrival at Door County City

A flaming welcome to summer and summertime guests is part of the third annual Fyr Bal Festival planned in the resort village of Ephraim Door County June 18 June 17 at Ephraim The spectacular event will be when a string of bonfires will be lighted around the edge of Eagle Harbor bonfires — or Fyr Balle — from which the festival takes its name herald the arrival of summer in ancient Scandinavian custom, borrowed for modern times by this primarily Scandinavian community

Guests in Ephraim will be able to view the spectacular ring of fire on shore or from the water Special harbor cruises are planned for that evening

Other activities during the Festival will include the arrival and introduction of the Viking Chieftain a parade art auction roving pie wagon special programs for young people and typical Scandinavian and Door County meals

Last year's chieftain was the village physician Dr William Sneeberger who has served the community since 1921 Ballots are cast by the villagers for the candidate they feel in some unique way has contributed to the life and progress of the village of Ephraim

Identity of the chieftain remains a secret until his arrival by boat the evening of his coronation

Washington Women Wage War on Shorts

By KELLY SMITH

WASHINGTON (AP) — Latest refrain from women on Capitol Hill "Ban the shorts"

Wives and congresswomen want leggy tourists to wear more clothes while visiting Congress

"The fatter the woman the shorter the shorts," complains Rep Frances P Bolton, R-Ohio

Shorts are fine for sports or a backyard barbeque," says Rep Charlotte T. Reid, R-Ill.

but somehow I question whether we should add the halls of Congress to the short circuit

The Capitol represents a serious symbol of our American heritage not a casual amusement park," Mrs Reid said We should see it in proper perspective"

Mrs. Ford Outspoken

Nobody should enter the Capitol in shorts," says Mrs Gerald R Ford, wife of the House Republican leader from Michigan "That includes men with bony, hairy legs and women with large round ones"

Shorts are fine for tots" agrees Mrs Garner E Shriver wife of a Kansas representative but I don't think they're quite appropriate for adults on tour"

The shorts exposure is an annual concern, but efforts to make a rule banning them from the Capitol have so far been unsuccessful

Thousands of tourists visit the Capitol in summer, when humid heat argues strongly for comfortable clothing

Congressmen are reluctant to irritate constituents, they say, over such a relatively minor world problem as summer shorts

Dress-Up Movement

Their wives disagree The dress up movement received a new boost recently when Mrs Hubert H Humphrey wife of the vice president, invited Democratic and Republican women to her home to discuss "tourist beautification"

We all go home after a meeting says Mrs Ford corner our husbands and say, Now this is the way it's got to be

It's called lobbying through the wives Generally she says it's effective

Mrs Ford says her husband's first reaction is typical 'The Capitol building belongs to the people and you can't tell the people how to dress'

Mrs Ford says that's a defeatist attitude She intends to change it

Many times' says Rep Florence P Dwyer R-N J, while sitting on the floor of the House chamber with both men and women colleagues, we've discussed this as we saw people coming into the gallery in shorts

I've long felt strongly that the Capitol is the hub of the world and the showplace of the nation," Mrs Dwyer said "I feel that when you're passing laws, people ought not to be wandering around in this sort of attire'

Mrs John W Byrnes, wife of a Wisconsin representative, asks, "What can tourists do on a hot day?"

Mrs Ford's answer: Wear shifts They're cooler, anyway. Men can wear trousers

And those new short skirts two to five inches above the knees?

"Right now," says Mrs Ford, "we just want to ban the shorts"

Meeting Notes

The Wesleyan Service Guild of the First Methodist Church will have a picnic meeting at 6 30 p m Tuesday on the church lawn Hostesses will be Miss Esther Pollard, chairman Miss Keith Ann Nelson, Miss Lois Smith and Mrs Arden Ueeck Mrs Robert Rusch will lead devotions Officers will be installed

Your Problems

Reader Pleads for Prevention of Accidental Child-Poisonings

BY ANN LANDERS

DEAR ANN LANDERS Today was one of the most heartbreaking days of my life —and I am well past 50 years of age I attended the funeral of an adorable little boy just four years old He lived next door to us and I have never known a friendlier brighter or more affectionate child He died because someone was careless It was his mother Can you imagine how she feels?

Landers

It was a very innocent looking bottle after all aspirins aren't poison or so his mother thought And it isn't as if they taste very good But the youngster climbed up on a chair in the bathroom and helped himself He was supposed to be taking his nap so his mother didn't check him for over an hour

When she found him on the bathroom floor she thought he had fallen and struck his head By the time she got him to the hospital it was too late The doctor said he had eaten about 20 aspirin tablets

Please Ann Landers print this letter Everyone knows that iodine and bleaches and gasoline and kerosene can kill children But a great many people are ignorant about aspirin Please please use your tremendous influence to alert the public to this danger Thank you —Heartbroken Neighbor

Dear Neighbor Here is your letter and now I would like to add a few words of my own

Not only medicines but cleaning fluids, furniture polish, ammonia, drain cleaners, insecticides, paint thinners, hair dyes, nail polish remover, and countless other items can kill a child. The best rule is this: Keep all such articles locked up and out of reach of your children. Over 400,000 American youngsters will be poisoned this year Will yours be among them?

* * *

DEAR ANN LANDERS What can I do about a mother who tricked me into getting a short haircut? I'm going to tell you exactly what happened and I want your advice

My folks came home from a trip When my mother saw me she flipped I knew she would make me get a haircut right away, but I thought I had her talked into letting me wear my hair a little longer than usual All I wanted was the sides trimmed and the back evened up

Well we went to the barber shop and my mother started to talk to the barber in Jewish I thought she was asking him about his family or something personal so I didn't pay any attention What she was really telling him was to cut my hair off very short!

How can a kid fight this sort of thing'—Skinned Rat

Dear Skinned: You'd better learn Jewish or switch to an Italian barber.

* * *

Are you at war with your parents? Do they have too much to say in your life? Send for Ann Landers' booklet "Bugged By Parents? How To Get More Freedom" Send 50 cents in coin with your request and a long stamped, self addressed envelope

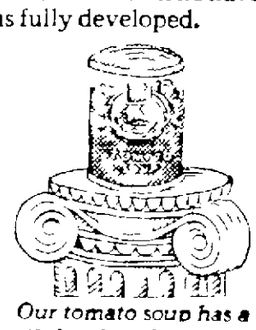
who cares
if canned soup is one day old or ten?

Freshly-made tomato soup is good, of course But to a gourmet, it tastes better after it has been allowed to mellow for a few days.

Takes 10 days for the flavors to blend and blossom

So our Ann Page tomato soup is kept in the plant for ten days...until the rich, characteristic flavor is fully developed.



Our tomato soup has a well-developed character!

Matter of fact, the only "underdeveloped" thing about our soup is the price.

we care

After the Diplomas, a Night of Dancing for AHS Seniors

Members of the Sponsoring Phoenician Hi-Y, dressed in gondoliers' casual work outfits, took tickets and welcomed graduates and their dates. Above, David Casselman and Penny Krampien are greeted by Kieth Lodholz and Gary Schuster. Below, Paul Ziemer does the honors at the punch bowl for Pam Stach and Steve Handrich. It was a long day for graduates, who attended an awards assembly in the morning, received their diplomas in the evening, and then danced at Riverview Country Club and the Elks Club.

Their diplomas were securely tucked away, proof of accomplishment when it's time for college or job seeking. But that was tomorrow, and Appleton High School students Thursday evening were mostly concerned with celebrating. They had graduated.

From the ceremony in the Appleton High gym, graduates rushed home to don party frocks or white jackets, to pin corsages and boutonnieres in place, to wait for or pick up dates, and to go on to Riverview Country Club for the traditional prom.

Venetian Theme

This year's party sponsor, setting up a "Romance in Venice" theme, was Phoenician Junior Hi-Y Club. Working out plans and decorations for the dance were Paul Ziemer, president; Steve Seifert, vice president; Stan Van Boxtel, secretary; Don Dafoe, treasurer; Keith Lodholz, chaplain, and Dennis Ballard, Fred Ehardt, Dennis Hack, Dick Hiler, Kent Johnson, John Lhost, Wayne Lutz and Gary Schuster.

Decorations included a gondola set in front of the band stand, so that it appeared the musicians were playing from the boat. Windows looked like ancient colored glass around the ballroom floor.

Chaperons at the party were Messers. and Mmes. Harold Adams, Mark Castellanet, George Retson, Donald Taylor, Robert Tucker, James Warrick and Orlyn Zieman and Dr. and Mrs. William Dafoe.

Anthony Hi-Y, a sophomore club, had charge of clean-up and will share dance proceeds. Club officers are Stan Karras, Steve Lamers, Bob Meyer, Steve Hartzheim, Tom Hoel and Roger French.

After the dance, the Elks Club again sponsored a breakfast and after-dance dance. Here, boundless in energy, graduates continued into the morning hours.

Long Gowns and White Dinner jackets took the place of graduation robes after a record class of 593 received diplomas at Appleton High School. A venetian setting formed the background for dancers, who began to arrive just before 11 a.m. (Post-Crescent Photos)

Robert Rothe and Rae Ellen Solberg chatted over glasses of punch at Riverview Country Club after graduation ceremonies at Appleton High School Thursday evening. The dance is traditionally sponsored by the Junior Hi-Y Club, with an assist from the sophomore group. At right, still going strong in the early morning hours, graduates and their dates kept up the pace at an after-prom party at the Elks Club.

J. C. Maynard Weds Miss Wichmann

Miss Ann Marie Wichmann became the bride of John C. Maynard at 11 a.m. Saturday at Sacred Heart Catholic Church. The Rev. Alfred Lison, Green Bay, performed the ceremony.

Mr. and Mrs. Robert E. Wichmann, Greenville, are the parents of the bride. The bridegroom is the son of Mr. and Mrs. John H. Maynard, Chicago, Ill.

Miss Barbara Weihmiller, Pittsburg, Pa., attended as maid of honor and Mrs. John Wichmann, Cheyenne, Wyo., a sister-in-law of the bride, was matron of honor. Bridesmaids were Miss Pamela DeRoche, Miss Susan Kimbell, Miss Gretchen Oestreich and Miss Carol Lamon.

The Bridegroom's brother, George S. Maynard, Noank, Conn., served as best man. Head usher was Harry R. Begley Jr. Ushers were Allan Russell, Richard Kimbell, John Wichmann and Michael Wichmann.

A 1 p.m. reception took place at Alex's Supper Club.

The newlyweds will honeymoon at Virginia Beach, Va.

Mrs. Maynard is a senior at Indiana University, Bloomington. Her husband was graduated from Miami University, Oxford, Ohio, and is serving in the Marine Corps at Quantico, Va. In August, Lt. Maynard will start flight training in Pensacola, Fla.

Mrs. John Maynard

Promises Said in Ceremony

NEILLSVILLE — Garald Emerich, Appleton, claimed Miss Helen Ruth Kurasz as his bride at 2:30 p.m. June 4 at St. John Lutheran Church. The Rev. Norman Lindeoff officiated.

Mr. and Mrs. Joseph Kurasz are the parents of the bride. The bridegroom is the son of Mr. and Mrs. Ray Emerich, 913 E. Marquette St., Appleton.

Miss Susan Kurasz, Rockford, Ill., a sister of the bride, was maid of honor. Bridesmaids were Miss Arlene Emerich and Miss Kathleen Lau.

Serving as best man was Dennis Mueller, Appleton. Stanley Kurasz and James Bruyette were groomsmen.

A reception took place at St. John Lutheran School.

The newlyweds honeymooned in northern Wisconsin and live in Tigerton, where the bridegroom is a mathematics teacher at Tigerton High School. He is a graduate of Wisconsin State University - Stevens Point and a member of Sigma Tau Gamma fraternity. Mr. Emerich is a senior at WSU-Stevens Point and is a member of Sigma Zeta.

Fall Wedding Planned by Engaged Pair

The engagement of Miss Winifred Bloedorn to Walter Andersen, 536 N. Durkee St., has been announced by her mother. She is the daughter of Mrs. Herbert Bloedorn, route 2, Hilbert, and the late Mr. Bloedorn. Her fiance's parents are Mr. and Mrs. Walter Andersen, Sun Prairie.

Miss Bloedorn is employed by the Wisconsin Department of Taxation. Her fiance is with the Appleton Fire Department.

A fall wedding is planned.

LWV Announces Board of Directors

Mrs. Arch Hoffman, president of the Appleton League of Women Voters, has announced the new board.

Others on the board of directors include Mrs. Douglas Johnson, first vice president; Mrs. Jon Ghiselin, second vice president; Mrs. Daniel Crowley, secretary; Mrs. Walter Wieckert, treasurer; Mrs. David Halloran, voter service, and Mrs. Jerold Winzenz, membership.

Also elected to the board are Mrs. Jack Weiner, bulletin; Mrs. John Kurtyka, publications; Mrs. Arthur Kaplan, finance; Mrs. Harold Schneider, legislative; Mrs. Orv Koepke, news; Mrs. Edwin Olson, national current agenda items and foreign policy; Mrs. Joseph Dercks, state conservation study, and Mrs. Verner Haag, local health study.

Non-partisan Policy

The League board adopted its policy on non-partisanship for board members for the current year. In keeping with this policy, Mrs. Haag resigned a party post of precinct committeewoman.

Only board members are expected to abide by this policy while holding that position, although the organization as a whole is non-partisan to insure its strength and effectiveness in the community.

A board member may be an inactive member of a political party only and is expected not to attend party fund-raising events, although she may be a spectator at public political meetings. She also may not work actively for a specific candidate in either a partisan or non-partisan election.

Resignation of a board member is expected if she or a member of her immediate family decides to run for political office. No League member is eligible for a board position for at least three months after she or a member of her immediate family has participated in a partisan activity.

Miss Retlick Engaged to Wed

The engagement of Miss Mary Anne Retlick, 927 E. Eldorado St., to Michael E. Boldt has been announced by her parents, Mr. and Mrs. George Retlick, Marinette. The bridegroom-elect is the son of Mrs. Melvin Boldt, 723 N. Locust St., and the late Mr. Boldt.

Miss Retlick is employed at the Tuttle Press Co. Her fiance works for Consolidated Papers Inc.

The wedding is planned for Aug. 13.

Winneconne Class Plans Reunion

WINNECONNE — The Winneconne High School Class of 1951 is having a reunion Saturday evening at the Country Aire Club, Appleton.

Cocktails will be served at 7 p.m. and dinner at 8 p.m. Dancing will follow.

Judith Spranger

Couple Sets Nuptial Date In Summer

WITTENBERG — Mr. and Mrs. John Spranger, Eland, have announced the engagement of their daughter, Judith Ann, to Douglie Pliskie, route 1, Mosinee.

Miss Spranger is employed at the Citizens State Bank, Wittenberg. Her fiance works at the Mosinee Paper Mill, Mosinee.

The wedding is set for Aug. 13.

Dr. Marjorie Chandler Speaks on Admission

College Admission Tests to The Advantage of Students

Educational testing in college admissions was discussed by Dr. Marjorie Olsen Chandler at the Lawrence University Alumni College Saturday morning. The series of three lectures, in which Dr. Chandler took part, were open to the public.

College admission 100 years ago was determined exclusively by testing and by the individual college, the speaker pointed out. No schools required the same preparation for the exam. She noted that the Lawrence University exam was given at 9 a.m. the day before the first day of classes.

In 1870, the University of Michigan sent a faculty committee to high schools to see if it was fit to accept the students without an exam. This is the first record of accrediting high schools. It was found, however, that the degree of uniformity was not successful.

Entrance Exams

A Dr. Butler, president of Columbia University, stepped in with a solution in 1900 when he proposed a uniform college entrance exam. The purpose of the exam was stated not to determine who should be admitted to college, but rather to issue certificates of results. The colleges were left to set their own particular standards of admission based on the test results.

The College Entrance Examination Board gave its first tests in 1901. Approximately 1000 students participated.

"Before World War II, the college had requirements based on the accredited high school and entrance examination. The only students refused were the extremely poor risks," Dr. Chandler said.

After World War II, the college were flooded with students, many returning or beginning under the G.I. Bill. "This is when psychological testing became an integral part of the process," the speaker noted. She stated the reasons for selection admission as one, the number of applicants far exceeded the room available at the schools; two, it was a strategic maneuver to attract better students, and three, to keep out the hopelessly unfit.

What Students to Admit?

The result was a hard task for the admission committee of each college. It needed strong reason for admitting students, rather than keeping them out.

Dr. Chandler said, however, that most schools are of the nonselective category. But this is only at the time of admission. The majority of entering students don't graduate.

"World War II marked the turning point," the speaker commented. Tests became the common denominator and came to be the element that tipped the scales in favor of the student.

In a clinical sense, tests are capable of finding the bright loafer with low grades and the dull clod with high grades, Dr. Chandler noted.

Today, the College Board, a landmark in college admissions, is a voluntary non-profit organization. Testing is its main function.

Lawrence University is one of 900 colleges requiring these tests. Less than one-third of all nigh school seniors take the tests.

Dr. Chandler was graduated from Lawrence University in 1944 where she was elected to Phi Beta Kappa. She is a native of Oshkosh and has taught at Lawrence and Wisconsin State University-Oshkosh. She received her M.A. and Ph.D. from the University of Minnesota in psychology.

She is with the Educational Testing Service in Washington, D.C.

The lectures, held Saturday morning at Youngchild Hall of Science, were open to the public.

Canada Setting for Honeymoon

MENASHA — Miss Kathleen Ann Drover became the bride of Martin Kenneth VanRyzin in a 1 p.m. ceremony Saturday at St. Patrick Catholic Church. The Rev. Lambert Scanlan officiated.

The bride is the daughter of Mr. and Mrs. William J. Drover, 636 First St. Parents of the bridegroom are Mrs. Kenneth Van Ryzin, 1403 S. Madison St., Appleton, and the late Mr. Van Ryzin.

Miss Eileen Drover, the bride's sister, attended as maid of honor. Miss Nancy Bohm was bridesmaid.

Duties of the best man were performed by the bridegroom's cousin, Russell Vanderlois, Appleton. Groomsman was Thomas Vanderlois. Guests were seated by James Gaffney and Jeffery Smith.

The couple greeted guests at a reception at the VFW Hall, Appleton.

The bride is employed by American Can Co. Her husband is associated with the Van Ryzin Machine Co., Appleton.

Following a wedding trip to Mackinac Island and Canada, they will live at 2100 S. Oneida St., Appleton.

Ceremony Performed

OSHKOSH — John Francis Kosmer claimed Miss Janet Kaye Miller as his bride at an 11 a.m. nuptial mass Saturday at St. John Catholic Church. The Rev. Thomas Mayefske officiated at the double ring ceremony.

Pallin Photo

Mrs. J. F. Kosmer

The bride is the daughter of Mrs. Florence Frank, 452 W. Seventh Ave., and the daughter of Harry O. Miller, 1676A Oregon St. Parents of the bridegroom are Mr. and Mrs. Sylvester Kosmer, 1314 Witzel Ave.

Miss Ann Marie Bauman attended as maid of honor. Miss Shirley Schaefer and Mrs. Stephen Kosmer were bridesmaids, while Cindy Rand acted as flower girl.

Best man's duties were performed by James Damerow. Assisting as groomsmen were Peter Kosmer and Stephen Kosmer. Richard Sheppard served as ring bearer.

Guests were ushered by Jack Helmuth and Lawrence Grueschow.

A reception was held at the Eiks Club.

After a wedding trip to East St. Louis, Mo., the couple will reside at 1206A Ohio St.

The bride is employed at Standard Kollsman Industries Inc. Her husband is employed at Rockwell-Standard Corp.

Industrial Migration Creates Frequent-Moving Executives

BY SALLY RYAN
Associated Press Writer

NEW YORK (AP)— The man who is going places in business today is going places geographically, too.

Twenty years of economic expansion have set off an industrial migration, the saga of the corporate gypsy-men like Lamont M. Cruse, 30, assistant to the president of Burlington Hosiery Co. in New York City. Cruse, a native of Harriman, Tenn., has moved eight times in nine years.

Over half of the nation's population moved between 1955 and 1960, and the rate has been increasing.

Many moves are set off when dad is transferred.

New Plant Locations

"Lots of companies are expanding along with the economy, so there are more plants located at places where people never considered moving before," Cruse said.

"It's becoming the thing of the future," he said. "Rootless executives. Younger men are much more mobile than ever, and probably will continue that way for a long time to come."

Western Electric Co. Inc., which has 157,600 employes, estimates it will transfer 1,800 of them this year — 300 to 500 more than normal — to man its new regional centers.

"People get in the pattern of transfers," said Clifton C. Field Jr. of Western Electric. "Many people are permanent transients, and there will be more and more. With companies decentralizing, transfers are inevitable."

Reluctant To Move

Field said that generally there was more resistance to transfers from older employes who never have moved. Virtually no one wants to move when he has children in high school, Field said.

General Telephone & Electronics Corp., which employs 122,000, transferred 58 key management employes last year.

"As a rule, upward-oriented people are anxious to move, looking for the opportunity rather than resisting it," said Harris Reinhardt, manager of employe and college relations for Sylvania Electric Products Inc., a division of General Telephone.

"There's always a little more money, prestige — the incentives we hold out," he said.

Usually the companies say an employe can turn down any proposed move. The unstated alternative in the past, however, often has been the company shelf.

But some companies report that, with the growing labor shortage, the man now may have another chance.

"It's not an area where it is very good to force anyone very hard," said Reinhardt.

Besides the lure of a promotion and a bigger salary, the companies usually absorb the cost of the move.

The American Management Association surveyed 800 firms and found they spent about $1,500 to $2,000 on each transfer.

Western Electric estimates its transfers cost an average of $6,000 — a total of nearly $11 million this year. That figure includes taking over an employe's old house and helping him find a new one, transportation, packing and moving, lodging, meals plus other items.

New England Popular

"The easiest place to fill is New England," Reinhardt said.

"We have lots of plants in small towns, and there are a multitude who don't want to come to New York.

"People figure going to New York is a fate worse than death — worse than being sentenced to Alcatraz," he said.

Western Electric says it is easier to fill its posts in San Francisco and Denver than in New York and Chicago.

But Donald E. Voto, who runs a Chicago company which searches for executives, says men on the move prefre Chicago, New York or Los Angeles. These are the professional executives, switching from company to company.

40 to 8 Auxiliary Tells Schedule For Convention

The Society of Ladies Grande Cabane de Wisconsin will hold its third annual convention Aug. 4 through 7 in Appleton when the regular 40 et 8 holds its grande promenade. Headquarters and registration center will be the Conway Motor Hotel.

Mrs. Odelle Hanson, Silver Lake, grande presidente de Wisconsin, will have charge of the event.

A luncheon will be served at noon Aug. 6 for past state presidents. Guest speakers will be national president Mrs. Edna Marshall, Waukegan, Ill., and national secretary, Mrs. Helen Jolliff, Indianapolis, Ind.

Convention and committee meetings will correspond to the 40 et 8 meetings. The Auxiliary will participate in annual memorial services, banquet and parade slated for the afternoon and evening of Aug. 6.

Nominees for the office of grande presidente de Wisconsin are Mrs. Ruth Gruber, Milwaukee; Mrs. Mary Buschke, Beaver Dam, and Mrs. Genevieve Elleu, Racine. Mrs. Isable Wochinski, New London, grande cheminot of the eighth district, has charge of arrangments.

Church Circles Tells Plans For Meetings

Circles of the Women's Mission Society of the First Baptist Church will meet Tuesday.

Circle Lois has set its meeting for 1:30 p.m. at the home of Mrs. Fannie Kramer, 1525 W. College Ave. Mrs. Herman Weinberger is leader. Circle Martha will have a picnic supper at 6 p.m. at Linwood Park. Mrs. Elton Leppke is leader.

The home of Mrs. Florence Fiske, 219 E. Murray Ave., will be the setting for Circle Lydia's meeting. Mrs. Fred Navarrete is leader. Circle Mary will meet at 8 p.m. at the home of Mrs. Al Brown, 1239 E. Pacific St. Mrs. Curtis Knoke is leader.

Promises Repeated

NEENAH — Miss Karen O'Brien became the bride of Dale W. Howe in a 7:30 p.m. Saturday ceremony in the chapel of the First Presbyterian Church. The Rev. John Bouquet officiated at the double ring nuptial rite.

The bride is the daughter of Mr. and Mrs. Richard O'Brien, 631 Tayco St., Menasha. Parents of the bridegroom are Mr. and Mrs. Dale E. Howe, 815 Caroline St.

The bridegroom's sister, Mrs. Lee Grabski, Durham, N.C., attended as matron of honor. Miss Deborah Wunderlich was bridesmaid.

Duties of the best man were performed by David Sell. Sam Clark was groomsman. Guests were seated by Douglas Anderson and Lee Grabski.

The couple greeted guests at a reception at Ridgeway Country Club.

The bride attended the University of Wisconsin Fox Valley Center, Menasha, and is employed by the George Banta Co., Menasha. Her husband is a senior at Wisconsin State University-Oshkosh. He is employed by the Kimberly-Clark Corp.

Following a wedding trip to northern Wisconsin, the couple will live at 604 Monroe St.

St. John's '46 Graduates Tell Reunion Plans

KAUKAUNA — The St. John High School class of 1946 will hold a 20th anniversary reunion Saturday at Knights of Columbus Hall. About 40 couples are expected. Alumni have been asked to make reservations before Thursday.

A cocktail hour at 5:30 p.m. will precede the dinner at 6:30 p.m. Alumni plan to bring family snapshots and old and new snapshots of classmates for the bulletin board.

A welcoming speech, reading of letters from classmates and a short business meeting electing the committee for the 25th reunion will take place before the dance from 9 p.m. to 1 a.m.

Committee members supervising the 20th reunion are Anthony Wyngaard, Darboy; Richard Vander Wyst, Clarence Smits and Mrs. Robert Kavanaugh, all of Little Chute; and Mrs. Jerome Heiting and Mrs. Harold J. Welhouse, both of Kaukauna.

Couple to Honeymoon In North

KAUKAUNA — The Rev. Gerald Berken officiated at the 1 p.m. Saturday wedding of Miss Carol Mae Ross and Vernon Diedrick at Holy Cross Catholic Church.

Mr. and Mrs. Wesley Ross, route 2, Shiocton, are the parents of the bride. The bridegroom is the son of Mr. and Mrs. Ray Diedrick, route 1, Kaukauna.

A sister of the bridegroom, Mrs. Dave Anderson, was matron of honor. Bridesmaids were Mrs. Robert Ross and Mrs. Lawrence LeMere.

Clyde Baumgart, a cousin of the bridegroom, served as best man. Robert Ross and Daniel Diedrick were groomsmen. Jerald Ross and Raymond Diedrick ushered.

A reception took place at Romy's New Nitingale, Black Creek.

Mrs. Diedrick is employed at Zwicker Knitting Mills, Appleton. Her husband is employed at Thilmany Pulp and Paper Co.

The newlyweds will honeymoon in northern Wisconsin and will reside at route 1, Kaukauna.

Area Women in Construction May Organize

The possibility of organizing a Fox Cities Chapter of the National Association of Women in Construction will be considered at a noon luncheon Saturday at Skall's Colonial Wonder Bar. To be included are Appleton, Oshkosh, Neenah-Menasha, Kimberly and Kaukauna.

The national group is composed of women actively employed in various phases of the construction industry. Objectives are uniting for the mutual benefit of women in the industry, encouraging cooperation and better understanding among them, and promoting fellowship and good will among members.

Members of the Milwaukee Chapter will be at the luncheon to explain the organization, it's benefits and its programs. To be discussed are the NAWIC Founders Scholarship Fund, Founders Day observances, WIC week, at which women in the industry carry out special programs, Regional Forums, at which new industry developments are discussed, and the national convention.

Women interested in attending may contact Mrs. Stanley Harp, P. O. Box 415, Appleton.

Mrs. J. L. Romenesko Marriage Vows Said

LITTLE CHUTE — Miss Susan Jane Peeters and James Lloyd Romenesko exchanged wedding promises at 11 a.m. Saturday at St. John Catholic Church. The Rev. Ambrose Peeters officiated at the wedding of the daughter of Mr. and Mrs. James Peeters, 919 N. Madison St., and the son of Mr. and Mrs. Leonard Romenesko, 116 S. Lincoln St., Kimberly.

Miss Barbara Peeters, the bride's sister, was maid of honor. Bridesmaids were Miss Kathleen Van Gompel and Miss Alice Romenesko.

Acting as best man was a brother of the bride, Kenneth Peeters. Harold Hietpas and Robert Sanderfoot were groomsmen. Ushering duties were shared by Clifford Peeters and Carl Romenesko.

A reception was held at the Little Chute Village Hall.

Mrs. Romenesko is employed at Zwicker Knitting Mills. Her husband is with Kimberly-Clark Corp., Kimberly.

Red Feather Beneficiaries Submit Budgets

Fund Requests To be Aired by Appleton UCS Unit

Agencies now being supported through the Appleton United Red Feather Campaign are submitting their budgets this week for inclusion in the 1966 United Fund raising drive. The 11 participating agencies will meet, beginning tonight, with the United Community Services (UCS) budget committee, according to John E. Wollwage, chairman. Meetings will be in the conference room of the Visiting Nurse Association.

Budgets to be reviewed tonight are Lutheran Social Services, Visiting Nurse Association, Catholic Activities Council and Valley Council Boy Scouts of America. Wednesday night's meeting will cover the UCS office, Children's Service, Salvation Army and Appleton Apostolate.

Friday night the Fox River Area Girl Scout Council, Golden Age Club and YMCA will present their budgets. USO and other agencies which have requested inclusion will be reviewed sometime before the next UCS board meeting to be held June 23.

Budget Committee

This year for the first time, budget committee members have been assigned as UCS consultants to the member agencies to work out specific problems with the agencies before they meet with the entire budget committee. Members of the budget committee are Wollwage, Robert Bachman, Vincent Derscheid, Mrs. Joseph Foley, James Hebbe, Melvern Hemmen, Max Hensel, Don Jabas, Mrs. Jake Mathews, John D. Mueller, Marlyn Olson, Gilbert Relien, Mrs. LeRoy Stohlman, Richard VanSistine and Graham Werner.

All agency budgets are submitted to the UCS office before the budget hearings begin, Wollwage said. Copies are given to each budget committee member, and each item is discussed by committee members and the representative board and staff of each Red Feather Agency. Recommendations on the budgets are then made by the budget committee to the UCS board of directors.

Paul Hesse, (Above) Raced across the finish line of the Fox Cities Soap Box Derby Sunday afternoon and into national competition at Akron, Ohio, in August. He defeated Tom Sommers for the crown. Being a champion carries some delightful "responsibilities." Miss Appleton, Barbara Silwanowicz, left, and Jaycee Derby Chairman Frank Mueller, right, look on as Derby Queen Patty Peotter bestows a regal kiss upon the young winner. (Post-Crescent Photos)

On to Akron Contest

Paul Hesse Streaks Way To Fox Cities Derby Crown

BY HENRY SIMON
Post-Crescent Staff Writer

The traffic light was red, but Paul Hesse paid it no heed as he raced through the intersection Sunday afternoon to win the Fox Cities Soap Box Derby championship.

He streaked on past the signal at N. Superior Street and W. College Avenue, crossing the finish line about a car-length ahead of opponent Tom Sommers.

The win for the son of Mr. and Mrs. Harold E. Hesse, 2627 Heather Ave., was the first time in the past three years of derby racing that a "first-year man" has captured the championship.

With the victory Sunday over 102 other soap box derby drivers, young Paul won the right to represent the area at the national derby championships in Akron, Ohio, Aug. 4.

Expense Paid Trip

He and his parents will enjoy an all-expense paid week at the "nationals."

Paul has already won a $500 savings bond, a trophy, and a jacket, and will receive a watch and a letter from President Lyndon Johnson at the Akron race, plus the chance to compete for $30,000 worth of college scholarships.

It was a day Paul will long remember, but for quite a while Sunday it appeared as if the day might be a wet one.

Local carpenters and laborers started building the track ramp on W. College Avenue at 5 p.m. Saturday, and by the time they were through at about 4 a.m. Sunday, the workers had been plagued by pouring rain and stinging hail.

But they labored between the weather's outbursts to prepare what Derby Chairman Frank Mueller termed "the best ramp we've ever had."

Time trials started at 7 a.m. and were completed by 9:45 a.m.

Then competition began in earnest, with each boy going down the track at least twice during the day. The threatening skies continued the Jaycees that racing should be completed as soon as possible.

This led to racing during the lunch hour, and thus the derby concluded about 3:30 p.m., despite the fact that there were 103 entrants, compared with 68 last year.

5,000 View Race

Approximately 5,000 persons viewed the numerous races at one time or another during the day, according to a Jaycee estimate.

Threatening skies probably kept the crowd down.

Local officials and celebrities also took their turn at tearing down the ramp in special "Oilcan Derby" races.

The most exciting of these was between the two reigning beauties of the day, Miss Appleton, Barbara Silwanowicz, and Soap Box Derby Queen Patty Peotter.

The girls upheld the reputa-

Sold Car, Kept Money; Man Gets Prison Term

Douglas Frakes, 30, Milwaukee, was sentenced to two years in the State Prison at Waupun after he was found guilty in Outagamie County Court Branch 2 of the theft of $1,750.

Frakes pleaded no contest and was found guilty by Judge Gustave J. Keller.

His sentence is to run concurrent with an 18 month sentence he received recently from Winnebago County.

Dist. Atty. Nick F. Schaefer explained that Frakes sold a car for a Neenah man and did not give him the $1,750 check he received from an Appleton auto firm. The offense occurred Sept. 21, Schaefer said.

Man Faces Battery Count in Oshkosh

OSHKOSH — Bond of $1,000 was set for David G. Kelly, 40, Sarasota, Fla., who pleaded guilty before County Judge James Sarres this morning to assault and battery of a woman early today. The case was adjourned to 10 a.m. next Monday.

According to Oshkosh police, Kelly was involved in a fight with a Milwaukee woman in the parking lot of the Pioneer Motel Marina about 3:20 a.m. today. The woman was hospitalized with undetermined injuries.

Outagamie Files Suit Blocking UW Site Action

MADISON — Outagamie County filed suit in the Circuit Court in Madison today to prevent establishment of a new third and fourth year University of Wisconsin campus in Green Bay.

The county asked that a judgment be entered to declare the selection of the site on the east shore of Green Bay null and void. Stewart Honeck, Milwaukee attorney, engaged to aid A. W. Ponath, county corporation counsel in seeking the injunction to prevent further expenditures on the Green Bay location, said he would ask the state building commission to delay further Green Bay campus plans until the court acts.

C of C Committee Pushes $5.5 Million Oneida Bridge

Seven Injured In 2 Appleton Traffic Mishaps

5 Hospitalized When Two Cars Collide At Intersection

Seven injuries and extensive property damage resulted from two accidents in Appleton Sunday.

Five persons were hurt at 9:40 a.m. in a two-car accident at W. Parkway and N. Appleton Streets. Drivers involved were Lulu D. Merkle, 215 W. Michigan St., and Robert H. Greene, 45, 2515 N. Drew St.

The Appleton woman received minor injuries, while Greene received a broken collar bone. He was taken to Appleton Memorial Hospital in Larry's Ambulance.

Also taken to the hospital by ambulance were passengers in the Greene car, Gerald Kuzenski, 15, 728 Bell Ave., and Donald Kuzenski, 14, both of 728 Bell Ave., both with cuts about the arms.

Ruth Duwel, 215 W. Michigan St., a passenger in the Merkle car, received minor scratches and bruises, according to Appleton police.

Damage to Both Cars

Police said the Merkle car was southbound on Appleton Street and the Greene vehicle was eastbound on Parkway. The Greene car was pushed into a utility pole. The entire front of the Merkle car and the right and left sides of the Greene vehicle were damaged.

Sheryl Yunk, 19, 302 N. Badger Ave., received wrist and hand injuries, and Kathleen Toonen, 2722 N. Richmond St., received a right leg injury when the car in which they were riding was struck by another car at Oneida Street and Wisconsin Avenue about 1 a.m. Sunday.

The car they were in was driven by Robert J. Toonen, 19, also of 2722 N. Richmond St. Police said the car driven by Frederic O. Murray, 21, Erie, Pa., went through a flashing red light while southbound on Oneida and ran into the right side of the Toonen car which was westbound on Wisconsin.

Lightning struck this tree, peeled off part of its bark and split it in half about 2 a.m. Sunday. The damaged tree stands in the yard of M. M. Lietz, 619 S. Telulah Ave., Appleton. (Post-Crescent Photo)

Pharmacy Hit By Burglars

Report $597 Taken From Store On College Avenue

The third major theft of money in nine days occurred Sunday afternoon when it was discovered that $597 was missing following a burglary at Appleton Pharmacy, 508 W. College Ave.

Appleton detectives said the loss was discovered by one of the owners when he opened the store to fill a prescription about 4:25 p.m.

The store had been open until about 1:30 p.m. Sunday, police learned. Entry was gained through a rear door which was forced with the use of a flat tool.

Police still are investigating two thefts in Appleton June 3. A total of $385 was taken from Doering's Super Valu, 231 Walter Ave., after entry was gained by forcing a rear door, and about $150 was taken from Dag's Drive-In, 1309 E. Wisconsin Ave.

Wenzel Haessly, 94, Kaukauna Shoemaker For 78 Years, Dies

KAUKAUNA — Wenzel H. Haessly, 94, 313 Kaukauna St., a shoemaker for 78 years, died at 6 p.m. Sunday after a short illness.

A native of Campbellsport, Haessly came here in 1898 and was employed at the Fechter Clothing and Shoe Store until 1918 when he took over the firm and operated it until 1936.

He was a member of the Catholic Order of Foresters and Holy Name Society of Holy Cross Church. Survivors are his widow, two daughters, five sons, a sister, eight grandchildren and 12 great-grandchildren.

Funeral services will be at 11 a.m. Wednesday at Holy Cross Church. Friends may call at the Fargo Funeral Home after 2 p.m. Tuesday.

Faints in Church

Appleton firemen took Adam Demerath, 77, 404 W. Foster St., from Sacred Heart Church to his home about 7:20 a.m. Sunday after the man suffered a only way to do it is drag them given oxygen.

Project 85 Unit Sets Timetable For Proposed Span; Gives It 2nd Priority in Appleton Plan

A suggested timetable for planning and completing a $5.5 million high level bridge over the Fox River at Oneida Street was submitted to city officials today by the Project 85 Committee.

The committee, an arm of the Appleton Area Chamber of Commerce, pointed out the huge span would add a much needed connector link with the central city and southside. It was the No. 2 priority project listed by St. Louis consultants preparing the comprehensive plan, the committee stated.

Reconstruction of College Avenue — the work to start in the spring of 1967 — was given top priority by the consultants.

The letter to the city, signed by Harold Adams, Project 85 Committee chairman, said, "...After discussion at our last meeting, it was agreed that a letter should be addressed to you suggesting that an engineering study be started so as to estimate the effect the bridge may have upon adjacent property owners, the cost of the project and its financing, and other ramifications of a large project of this kind."

The committee, after conducting a study of the proposed major capital outlay, said the earlier the bridge is constructed, the less severe will be traffic problems associated with it.

Adams said the committee, made up of businessmen and property owners, believes:

- There is a definite need for a high level bridge at the proposed Oneida Street location across the river and industrial flats in the vicinity and west of the present Oneida Street river crossing.

Before Civic Center

—Construction should take place after the reconstruction of College Avenue and before development of the civic center, the latter also in the comprehensive plan.

—The project should be financed by general obligation bonds.

—Preliminary engineering studies should begin this year and be completed by June of 1967.

—Detailed design and preparation of construction drawings should be accomplished during 1967 or 1968.

—Bids should be obtained in 1968, construction start in 1969 and the bridge completed in 1971.

Outline Approaches

On the basis of preliminary work done by the St. Louis consultants, the approach to the proposed bridge from the south would begin near the Orange-Oneida Street intersection.

An interchange is proposed on the north bank of the Fox River to connect the bridge with Sixth Street and East Water Street in

Turn to Page 3, Col. 3

Woman Injured in One-Car Accident

LITTLE CHUTE — Mrs. June Kerrigan, 33, 1076 Buchanan St., Kaukauna, suffered a bruised hip when the car she was driving east on County Trunk OO about 7:30 p.m. Saturday hit loose gravel and skidded about 500 feet into a ditch.

Damage to the vehicle was estimated at about $550. Mrs. Kerrigan was taken to her home by her husband and advised to see the family doctor.

Smoke, Flames Drive 8 From Appleton Home

Morning Blaze Touched Off When Children Tip Gasoline Can; Damage Is Extensive

Fire that started when children tipped over a gasoline container in the basement, caused extensive smoke and some flame damage about 9 a.m. today to a frame home at 214 N. State St.

Routed by the fire were Austin Tucker and his two children who lived upstairs in the two-story building, and the downstairs occupants, Mrs. Judy Rusch and her four children ages 3 through 7.

Appleton firemen, who remained at the scene about an hour and a half, found flames coming from a basement window when they arrived. The entire basement was filled with dense smoke, making it difficult for firemen to get at the flames.

In addition, burning wires caused electrical flashing, adding to fire fighting difficulties.

Ignited by Pilot Light

Department officials said fumes from the spilled gasoline were ignited by a furnace pilot light. Flames spread to floor joists and a sub-floor. A considerable amount of wiring also burned.

Smoke damage occurred throughout the house, firemen said. The flames were confined to the basement area. The house is owned by Ralph Wettengel, 121 Main St., Menasha.

Considerable damage also resulted when lightning struck the Herbert Springstroh home, 1334 W. Pine St., about 7 p.m. Saturday.

Fire in Attic

Firemen said fire broke out in the attic, but explained there was smoke and water damage to second floor bedrooms and a bathroom and a kitchen on the first floor.

Materials stored in the attic burned as did sheeting and rafters. Firemen were at the home about two yours.

At 1 a.m. Sunday, firemen were called to the 800 block of E. Hancock Street where lightning struck a utility pole owned by the Wisconsin-Michigan Power Co. Although there was no fire, the pole was split, it was learned.

Grease ignited in an oven at the Duane Peterson home, 221 E. Marquette St., about 12:25 p.m. Sunday. The fire was out when firemen arrived. Damage was minor.

Firemen Battled a Smoky Blaze about 9 a.m. today at 214 N. State St. The fire, which broke out in the basement, started after children tipped over a container partially filled with gasoline. Firemen used smoke masks in fighting the blaze. (Post-Crescent Photo)

Hope for Federal Funds by Sept. 1

City May Finance Annexation Study

Another step was taken today for the city of Appleton to adopt an aggressive annexation policy on the basis of a study to be made eventually by a St. Louis consulting firm.

The city plan commission recommended this morning that if federal funds are not available to help pay a portion of the proposed study, the city assume all costs as of Sept. 1.

Previously, the city submitted an application for a $2,250 grant but was informed by federal officials funds were expended for the fiscal year and further consideration could be expected after July.

Mayor George Buckley told the commission the city should proceed with the study without delay, taking the money from the contingent fund, if necessary. He said it would be unlikely the city would be billed for the study until 1967 and by then it could be included in the budget.

Mounting pressure from aldermen and other city officials, as well as the general public, for Appleton to become more vigorous in its annexation outlook was evident at the commission meeting.

Ald. Orville Strutz (17th), who presided, declared, "It really hurts when you see these industries locating all around Appleton. The time has come for us to do everything we can to take some of these areas into the city."

Strutz noted the city filed for its $2,250 annexation grant on Oct. 6 and first received word from the Department of Resource Development on April 1 that the application had been processed and no funds were available until after July 1.

Maurice Lewis, a citizen member on the commission, said he felt "People are getting nervous about this annexation situation".

City Losing Taxes?

"The question is being raised whether Appleton is losing tax base by not being aggressive enough on its annexation stand," Lewis said. "The $4,500 may be a mighty small item to pay out when you consider what we are trying to accomplish."

City Planner Walter Rasmussen said he had no idea how long it would take federal officials to act on the city's request after July 1.

"I think the question we should answer today is whether to proceed now with the annexation survey or wait until we get the federal aid, if we do," Lewis said.

He made a motion that Appleton proceed to hire Harland Bartholomew and Associates of St. Louis to start the study after Sept. 1, or earlier if the federal grant is okayed.

Comprehensive Plan

Previously the city received close to $100,000 for having its comprehensive plan prepared under the Federal 701 program.

Ald. George Schwarzbauer (10th) said he felt Appleton was in need for faster annexation action, pointing to what he described as "another island" east of the new high school.

Rasmussen reminded that state statutes put cities at a disadvantage in forcing annexations.

"In some areas where people don't want to be annexed, the only way to do it isdrag them in with another area that does," Rasmussen said.

Bucks Annexation

He said the Wisconsin Towns' Association was constantly bucking annexation legislation, "even though some of the areas outside central cities don't have normal level existing services."

"I think one of our best tools right now is to encourage people to annex to Appleton, pointing out the advantages the city has to offer," Rasmussen said.

A preliminary report adopted by the common council has set Appleton's goals on expanding into the towns of Grand Chute, Menasha, Buchanan and Harrison.

Whole-scale annexations would encompass the area north and west of U. S. 41 and south and east of the proposed regional expressway.

Liberally Educated Show Agile Mind, Role of Continuity

Lawrence Faculty Speakers Advise 'Strive for Integrity'

Lawrence University s graduating class Sunday heard faculty speakers Dr W Paul Gilbert and Dr E Graham waring Jr assert a fundamental role for the liberal arts in man s response to change and the process of maturing

In an afternoon commencement address in Memorial Chapel Dr Gilbert told seniors that change with continuity is the warp and woof of our lives and that a [illegible] perspective [illegible] mind and willingness for commitment are marks of the liberally educated man The liberal view he said can keep us from forgetting the role of continuity or of confusing it with stability in a world which has become preoccupied with change

Dr Waring in a morning baccalaureate sermon told the class that we are ourselves and become ourselves within a continuing community which strives for wisdom and integrity and mutual helpfulness He said we must be grateful to the contemporary and ancient worlds for the opportunities they offer toward enlightenment while at the same time we search for mature freedom through moral maturity

Eve of Retirement

Dr Gilbert s address came on the eve of his retirement from the faculty after 28 years of teaching service

He said that as the new graduate goes to his self appointed task he will be under constant pressure from three cults the cults of creativity innovation and self renewal

Creativity he said has become more than a word it has become an incantation which people think of as a kind of psychic wonder drug powerful and presumably painless But the liberally educated may well remember that some innovators are inclined to forget that true creativity can never be assured of popularity and our affection is generally reserved for innovators long dead he said

Preoccupation With Change

In our preoccupation with change he continued we have lost perspective so that we are endangered by forgetting the role of continuity or of confusing it with stability Rather to perceive the enduring values within the flux of events is the challenge of change, he said

There is moreover a need for self renewal in this time when society is far less likely to allow you to hide your talents and to be more critical of how well you run your affairs Dr Gilbert noted Mummification he said will happen to you only if you cultivate non self renewal stubbornly

The importance of change lies in its effect upon the quality of the individual human life he said But there has been a disconcerting change in the quality of the experience in which something has been lost something that has to do with the individual human life whose fundamental patterns mental and spiritual cannot be changed so rapidly he said

The liberal education coupled with a commitment in depth and with energy conviction can form mold give meaning continuity and stability to the individual life he concluded

Dr Waring said that to be aware that most of what we are [illegible] because of others marks a significant stage in self knowledge And to hold that awareness with gratitude is to live with a sensitive openness of heart and mind and spirit which alone can bring creative and mature manhood

Gratitude in this sense he said is a distinctive mark both of the educated man and of the man of faith

Freedom Negated

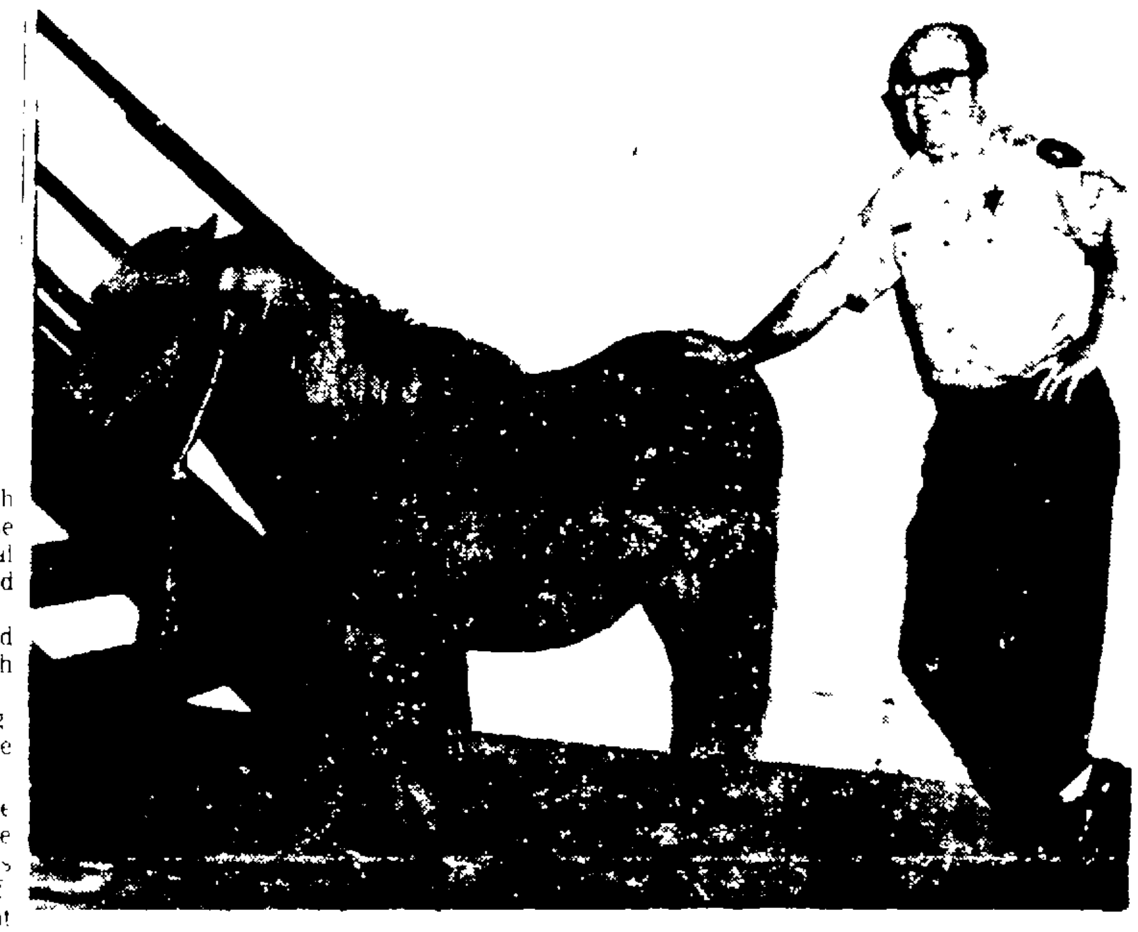
Freedom which is symbolic in the events of college graduation is too often made into a negation he said There too often emerges that strangest of all stereotypes the concentional all stereotypes the conventional Such negation becomes an imposture of freedom robbing it of the significance it has in the mature man he said

In the Judeo-Christian tradition Dr Waring said the service of God has been seen as the way of genuine freedom The centering of loyalty and devotion upon God frees man from the false absolutisms which again and again claim his anxious attention

The educated man he continued as the man of faith needs that peculiar kind of freedom which is freedom from his present self for only as I know my weaknesses can I become free from them

Such a freedom devoid of self defeating constant anxious introspection and coupled with total commitment will lead to genuine maturity he said

Together with our common indebtedness in depth and yet our true freedom from one another it makes possible that sort of liberating non-manipulating love which is the highest fulfillment of mature manhood he concluded



Appleton Police Sgt Edgar Leisering contemplates the next move as he leans against this Shetland pony that led two patrolmen on a chase near Fox Valley Lutheran High School early today The chase began at Bennett and Frances Streets and ended near the water tower at Oneida and McArthur Streets The animal was hitched to the back of a squad car and taken to the police garage where its owner Sylvester Muthig 940 Weiland Ave claimed it about noon (Post-Crescent Photo)

Action Renewed in Annexation Hassle

Town Attorney Finishes Up Brief in Writ of Certiorari

MENASHA — The first action in nearly two months is expected within a week in the complicated legal entanglement between the Town and City of Menasha over annexation and zoning

Everett Stecker attorney for the township said he expects to file a brief within the next five days with the state Supreme Court in the town s appeal of a ruling by Winnebago County Judge James V Sitter April 1

Judge Sitter quashed a writ of certiorari case filed by the town against the city an effort to force the city to approve a plat submitted by the town for land formerly owned by Carl Schwarzbauer The judge said the writ was misdirected to the city clerk when it should have been directed to the common council

Stecker has maintained that statutes provide for naming the city clerk in such an action and said the clerk was named in the writ s first paragraph

Stecker said today he has been working on his brief and once it is submitted to the Supreme Court he expects a relatively prompt hearing before the court He said the court clerk has notified him the case is on the calendar with a specific date to be set when the brief is filed

The case is among the lesser of four that are pending between the city and town In all three city town cases the next move is up to the town but so far the township has for various reasons not taken the initiative

Old Post Office Now U. S. Surplus

OSHKOSH — The present Neenah post office building has been declared to be surplus government property and will be disposed of after the new post office is completed sometime in 1967

The notice was contained in a bulletin from Dominic Tesauro regional administrator of the General Services Administration (GSA)

Public agencies (such as the city) can obtain title to the property under a variety of uses include a public park recreational area historic monument educational purposes protection of health and public purposes generally

A co ordinated plan of use must be submitted and approved before an agency can obtain title A deadline of July 1 has been set for the filing of intent to develop such a plan A reasonable time will then be allowed for the plan s development

Carver Appointed Assistant D.A.

OSHKOSH — William Carver 28 1261 Merritt Ave Oshkosh was appointed assistant district attorney today by District Atty Thomas Fink

Carver succeeds Wayne Chancy assistant for the last three years who resigned to devote all of his time to private law practice He s associated with former District Attorney Jack Steinhilber and Fintan Flanagan

Carver is a graduate of the University of Wisconsin Law School and has been in private practice in Oshkosh for the past year He is married and has two children

Carver was an unsuccessful candidate for the Oshkosh common council last spring

Federally Financed Summer Classes Begin

MENASHA — The school bell rang this morning for three special summer school classes and 115 boys and girls and public and non public schools began their summer studies in enrichment programs under the Elementary and Secondary Education Act (ESEA)

This is another thrust of recently passed federal aid to education in Wisconsin

The three summer programs which begin today will cost $9,975 bringing the total federal funds used in Menasha this year to $52 800 Three projects in remedial reading grades three through 10 began under Title I of ESEA on April 11 and ran through the remainder of the second semester

Market Off And Running

Friday's Rally Carries Over Into New Week

NEW YORK (AP) The stock market remained well ahead early this afternoon although profit taking pared some of the best early gains

Stocks were off and away in a vigorous resumption of Friday s rally and expanded their gains until late morning when traders began to nail down some short term profits

When the list was at its best steels motors chemicals drugs nonferrous metals and rubbers as well as the high flying defense and science issues were rising

Profits were taken later in some of the leading steels aerospace stocks and selected issues

Friday s rally and the gain on last week s trading was an encouraging thing

The Associated Press average of 60 stocks at noon was up 1 4 at 322 9 with industrials up 3 0 rails up 5 and utilities up 3

The Dow Jones industrial average at noon was up 5 52 at 897 27 At the end of the first hour it was up 7 08

American Telephone opened on 16 000 shares and General Motors on 10 000 shares both at higher prices As trading wore on each stock displayed a gain approaching a full point

Nutone dipped ¼ to 27¼ on a block of 20 000 shares

Prices advanced in active trading on the American Stock Exchange

Overflow a Misunderstanding

Circus Tent Smaller Than Expected

NEENAH — A misunderstanding between circus officials and the Neenah businessmen who were in charge of the sale of tickets was blamed for the overflow crowds and the disappointed ticket holders who didn t get to see the Al G Kelly and Miller Bros Circus performances Saturday

Chamber of Commerce officials pointed out this morning that they were led to believe by an advance circus publicity man that the circus tent could seat 3 600 The actual seating capacity was around 2 500

The Neenah police department received about 200 calls Saturday from disappointed adults with already purchased tickets who were turned away because of the huge crowds

Complaints

Other complaints were registered at newspapers and radio stations as well as a dozen or more calls at the Chamber offices this morning Mayor Carl L Loehning also received a call at his home

[illegible] was no way of knowing what the tent would hold Vern Duerrwachter general chairman for the circus promotion said

The committee didn t intend to oversell the performance Duerrwachter said the group had calculated its advance sale of tickets on a seating capacity of 3 600 for each performance Many persons waited until Friday evening or Saturday morning to buy their tickets When the committee noted the circus might be oversold at 11 a m Saturday the circus was contacted he said and agreed to put on an extra performance at 4 30 p m

Less than 6 000 tickets were sold at Neenah businesses by 10 a m Friday Some 24 hours later when the advance ticket sales closed the total had risen to 7 925 including 4 575 children and 3 350 adults Circus officials then agreed to put on another performance Duerrwachter said

Ticket Sales

Some 161 adult and 302 children tickets were sold on the circus grounds prior to the 2 30 p m performance when chamber officials decided to put a halt to ticket sales

Of the total 8 338 tickets sold some 850 refunds were given to disappointed circus goers

The circus had agreed to another performance at 10 p m but inclement weather cancelled those plans The last performance [illegible] p m was also played to [illegible]

Most of the ticket holders wanted to attend the 2 30 p m performance and about 1 000 were turned away when the tent rapidly filled No tickets were sold for any particular show and many didn t care to stand in the [illegible]

Circus officials said the advance ticket sales were the greatest they had seen in recent years One oldtimer noted the crowds were the largest in his 55 years in the circus business

Everyone who bought tickets went to see the performances Duerrwachter said It was the greatest promotion ever in Neenah he stated

The proceeds from the circus which was sponsored by the Neenah downtown retail division of the Chamber of Commerce will go toward the purchase of new Christmas decorations for the downtown area

Coated Paper Promotes Two To New Jobs

Schumacker to Head Plant, Heronemus to Get Assistant Post

Two appointments to major positions have been announced by officials of Appleton Coated Paper Co.

Richard C. Heronemus was named assistant director of industrial relations and Dale H.

Heronemus Schumacker

Schumacker has been appointed manager of the firm's solvent coating plant.

The appointments were announced by William A. Siekman, director of industrial relations, and Lloyd M. Swaim, director of operations.

Schumacker, former assistant solvent coating manager, has been with Appleton Coated since Dec. 1, 1965. He came to the firm after 10 years with American Can Co. He is a 1955 chemical engineering graduate of the University of Wisconsin.

As a UW graduate, Heronemus has been with the firm since 1957. He was named assistant to the mill manager in 1960, and personnel manager in 1963.

2 Neenah Men Receive Patent For Pulp Screen

Ralph V. Braun and Byron R. Terry, both of Neenah, have been granted a patent for a device entitled a "vertical centrifugal screen for pulp stock."

The apparatus is to be used for removing undesirable coarse material from the pulp fiber used for making paper.

All previous screening devices removed approximately 5 per cent of coarse materials, while the screen devised by the two men reportedly removes about 25 per cent of the total stock fed to the screen without plugging or damage.

The patent has been assigned to Kimberly-Clark Corp.

Kaukauna Police Investigate Theft

KAUKAUNA — Police are investigating the theft sometime Sunday afternoon of between $50 and $100 from Melchert's Service Station, 601 Lawe St.

The loss was discovered by the owner, Edward Melchert, about 6:05 p.m. Sunday when he was checking the receipts in the cash register.

Rural DePere Drivers in Crash Near Oneida

Clyde C. Cottrell, 38, and Harvey Skenandore, 21, both of route 2, West DePere, received minor injuries when the vehicles they were driving collided headon on Second Ridge Road near Sacred Heart Seminary in the Town of Oneida about 10:30 p.m. Saturday.

Outagamie County traffic police said that Cottrell, who was driving a pickup truck, received injuries to the nose and right arm while Skenandore received a forehead laceration.

Cottrell was southbound when his truck was struck by the northbound Skenandore car which crossed into the southbound lane, police said.

Damage to the two vehicles was estimated at $725.

Paul Hesse Wins Derby Championship

CONTINUED FROM PAGE 1

tion of women drivers. Patty continued the dubious tradition established by Susie Vermeern, queen of last year's derby, when she collided with Miss Appleton.

More Spectacular

The only trouble was that Patty's performance was a bit more spectacular.

She disobeyed the "No Left Turn" sign at the N. Superior Street intersection by swerving into the lane of her older companion, colliding with Barbara's car and forcing her off the track.

No injuries occurred, however, although Derby Chairman Mueller admitted to having a few butterflies in his stomach at the time.

DERBY DABBLINGS:

The crews of the Public Works Department were back at work during the night repainting street markings on College Avenue, but during Derby Day many sights and sounds etched themselves on the memories of spectators.

There were little girls perched on their fathers' shoulders, with probably one of the best seats in the house . . . The sounds of "thunder" caused by the racers traveling over the pavement, which was not too smooth in places . . .

Young lads playing in puddles on the sides of the street, left from the previous night's rain . . . Spinning wheels of cars on blocks being readied for the next race, in accord with the belief that this loosens the wheels and makes them turn more easily . . .

Fathers discussing the legality of various lubricants for wheels at the derby dinner . . . and Champion Paul Hesse, thinking before the final race, "I hope I can do well enough to give him a good battle."

C of C Group Asks Study for Oneida Bridge

CONTINUED FROM PAGE 1

addition to the connection of the present one-way Appleton and Oneida Streets.

The north terminus of the bridge and its interchange will be an integral part of the development between Water and E. Lawrence Streets.

It was disclosed the present traffic load over the Oneida Street bridge serving the "industrial flats" is 11,000 vehicles per day, and by 1985 that count is expected to be 36,000 vehicles.

"Even with a more conservative estimate of increase, it is apparent that in only a few years, traffic on this crossing will be hopelessly jammed," the report said. The lift bridge and railroad switching also were listed as traffic aggravators.

The present South Oneida Street bridge should remain to serve local traffic requirements, the report added.

Little Chance of Aid

It said there appeared to be "little chance" the bridge project that because of the city's bond requirements as it implements the citywide plan, bridge construction cannot begin before 1969.

The special subcommittee which prepared the report was chairmaned by J. S. Wells and included J. K. Babbitt, Eugene Blystone, H. P. Dixon, John M. Hayes and E. R. Koerschner.

It stressed the proposed civic center (1970s) would occupy the area bounded by Lawrence, Water, Walnut and Oneida Streets and contain a four-level underground parking garage for 2,000 vehicles.

This facility alone would be impractical without improved traffic flow to and from this facility," the committee noted.

In addition, it emphasized, the proposed municipal auditorium and convention center, city hall, post office, library and other public buildings and facilities also will have a substantial impact on vehicle traffic in the area.

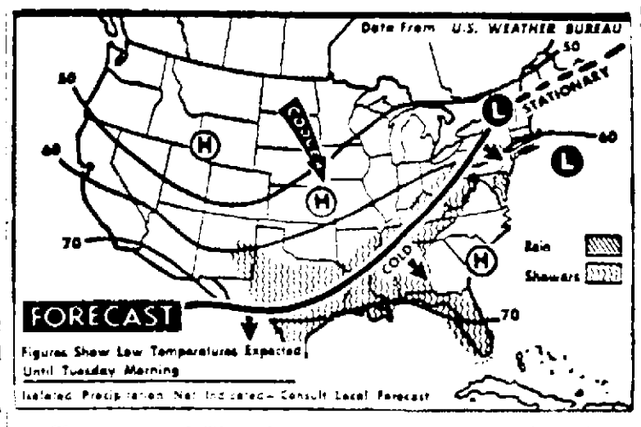
The committee's report goes to the common council Wednesday night.

Appleton Man Faces Four Traffic Counts; Bond Set at $255

Bonds totaling $255 were ordered this morning for Truman A. Montonati, 23, 1112½ W Eighth St., who pleaded innocent of operating an unregistered vehicle, improper use of license plates, failure to transfer title, and operating a motor vehicle after his driver's license was revoked.

Outagamie County Judge Gustave J. Keller set trial for July 1.

Montonati was arrested by Appleton police early today in the 100 block of W. Lawrence Street.



Showers and Thundershowers are expected tonight from the eastern Great Lakes south-westward into the southern Plains and into Florida. It will be cooler in the Midwest with little change elsewhere in the country. (AP Wirephoto Map)

Vital Statistics

Briefs Ordered In Trial of Appleton Man

Briefs were ordered filed this morning following completion of the trial of Eugene W. Iris, 41, 531 N. Garfield St., in Outagamie County Court Branch 2.

Iris is charged with issuing a worthless $206 check March 24 at Sam Malofsky Motors in Appleton. The check reportedly was issued in payment for a car that Iris purchased from Malofsky.

Iris had pleaded innocent of the charge during a court appearance May 31.

Judge Gustave J. Keller ordered the case continued to June 23 after requesting Iris' attorney and Asst. Dist. Atty. Richard Hamilton to file briefs. A verdict will be made after briefs are studied.

Home of Vacationing Appleton Couple Ransacked by Vandals

Vandals ransacked several rooms after they entered the Albert Giles home, 613 S. Lee St., over the weekend.

A neighbor discovered the break-in about 5 p.m. Sunday. Police said entry was gained after a rear door glass was smashed. Authorities said they have to wait until the Giles family returns from vacation before it can be determined if anything is missing.

An estimate of damage also will be made at that time, police said.

Main Motor Burns Out

Swim Season Opening Delayed at Erb Park

The main motor in the engine room burned out at the Erb Park pool over the weekend, forcing postponement of the opening of the swimming season there today.

However, city recreation department officials said the damage was being repaired and the season should start Wednesday morning.

In the meantime, the registering of youngsters who will be participating in swimming courses this summer continued on schedule.

The 26-year-old Erb Park pool has been a municipal "problem child" in recent years, and in 1960, city officials were thinking of replacing the structure but changed their minds.

Electricians were working on the damaged motor today. It was decided to make repairs to the main engine rather than wire the entire equipment building — a project which would be expensive and take additional time.

The Erb Pool was filled with water a week ago to get it ready for today's opening. But on Saturday night the lights and other equipment failed when the main motor became overheated.

Services Set For M. C. Seims, AHS Teacher

Industrial Arts Instructor, Former Football Coach Dies

Funeral services for Myrlon C. Seims, 62, of 1935 N. Division St., an industrial arts teacher at Appleton High School for 36 years who died at 10 p. m. Saturday, will be at 3 p.m. Tuesday at the Wichmann Funeral Home.

Seims, who was a field man for the city assessor's office for the past 20 years, also was the head football and basketball coach at AHS for many years.

Prior to teching at AHS, he taught and coached in Hudson, Wis. and Dwight, Ill.

New London Native

Born Sept. 19, 1903, in New London, he was a graduate of what was then Oshkosh State College and did graduate work at the University of Wisconsin.

Seims was a member of the Appleton, Northeastern and the National Education associations, the Appleton Men Teachers Association, the Northeastern Industrial Arts Association and the First Congregational Church.

Survivors are his wife, one daughter, and three grandchildren.

Friends may call at the funeral home from 4 to 9 p.m. today. Burial will be in Highland Memorial Park.

A memorial fund has been established.

Wolf Planners Appoint 2 New Staff Members

Commission Hires Resource Director, Assistant Planner

The Wolf River Basin Regional Planning Commission has hired a director of natural resources and an assistant planner, according to Gordon A. Bubolz, chairman.

Boyd I. Kinzley, a graduate engineer with a master's degree in soil science, has been appointed director of natural resources.

James Erdmann, 742 Carver Lane, Menasha, is the new assistant planner.

Kinzley is now working with the Pennsylvania Soil and Water Conservation Commission, supervising the work of 22 soil and water conservation districts, and assisting them in developing annual and long-range work programs.

Honor Graduate

He was graduated from Michigan State University with honors in 1961, and received his master's degree in 1962.

Kinzley is married and has two children. He served in the U.S. Army for two years. He is a member of the Soil Conservation Society of America and the American Society of Agronomy.

Erdmann was graduated this spring from the University of Wisconsin with a major in geography with emphasis on cartography, map making. He has done summer work for the past two years for a private firm in Plymouth, Wis.

Westmoreland Lauds Glory, Guts of Weary Paratroopers

Medal of Honor Recommended For Carpenter for Fight in Hills

By RICK MERRON

DAK TO, South Viet Nam (AP) — "You have shown stamina, courage and just plain guts." Gen William C Westmoreland told the battle-weary paratroopers. "For every casualty you suffered you inflicted more than 10 on the enemy."

As the commander of U S forces in Viet Nam pinned a Silver Star Sunday on West Point's "lonesome end" Capt William C Carpenter, a battery of 155mm howitzers opened up on the Communists in the hills

In five days of fighting in the treacherous, sweltering jungles of South Viet Nam's central highlands, the men of the U S 101st Airborne Division's 1st Brigade took all the Communists could give and gave back more and better

Westmoreland came into the hill country Sunday, as the fighting continued against the entrenched North Vietnamese, to pay tribute to the "Screaming Eagles" of the 101st

Speaking to the troops as they rested on jeeps, ammunition boxes or other makeshift platforms, Westmoreland told them:

Enemy Second Rate

"This is difficult warfare here in Viet Nam. We must master it and prove to the enemy that he is second rate. You have done just that."

The men roared their motto "Always the Best." Westmoreland shouted back: "You took the words right out of my mouth."

Westmoreland pinned the Silver Star on Carpenter as an interim medal for the 29-year-old captain's heroism in calling a napalm strike on top of his company's position Only this dangerous move saved Carpenter and his men from being wiped out by a North Vietnamese force three times their number.

Carpenter, a hero on the gridiron six years ago, has been recommended for the Medal of Honor, the nation's highest award for gallantry in action, for his heroism on the battlefield

Army Regulars

Westmoreland told the survivors of Carpenter's unit, C Company of the 502nd Battalion, that they had been up against North Vietnamese regulars and that more may be cross the border in Laos

He said the North Vietnamese regiment threw two battalions—perhaps 700 men—into the battle against the U.S airborne men in apparent hope of repeating some of the Communist successes in the highlands last year

"The 101st was sent up here to fight that regiment and stop it," Westmoreland said

In the five days, the North Vietnamese lost an estimated 393 men. Individual American units took moderate or heavy casualties but over-all U S losses in Operation Hawthorne were described as light

Saved by Strike

"We had been ordered into position on the hill when all hell broke loose," said the topkick of Carpenter's company, 1st Sgt Walter J. Sabalauski, 55, of Palm Bay, Fla "The air strike right on top of us was the only thing that saved us."

Sabalauski's hand was burned by the napalm.

The battle began Thursday afternoon when the Communists caught Carpenter's company of paratroops in concentrated fire from the front and on both flanks. They hung on nine hours until a second company battled its way in.

Order End To Pollution Of Bad Axe

MADISON (AP) — Communities, food processing plants and other businesses were ordered by the state today to end alleged pollution of the Bad Axe drainage basin and the Wisconsin side of the Mississippi River in the area below La Crosse to Prairie du Chien.

The orders were issued by the Committee on Water Pollution and followed hearings in Viroqua May 26, 1965

Dates for making corrective changes ranged from Nov. 1, 1966 to Nov. 1, 1968

The cities of Prairie du Chien and Viroqua and the village of Coon Valley were the communities named

Other recipients of order were the Vernon County hospital and home in Viroqua; the Genoa Cooperative Creamery Co. in Genoa, Wisconsin Farmco Service Cooperative in Prairie du Chien; Erickson Transport Co. of Coon Valley; the Chaseburg Cooperative Creamery Co. in Chaseburg, and the 3M Co. in Prairie du Chien.

The Three Sons of Capt. William C. Carpenter, Army's erstwhile "lonesome end," who became a hero in Viet Nam, play on the floor of Mrs. Carpenter's parents home Sunday in Central Valley, N. Y., with an Associated Press photo showing their daddy congratulated by Viet Nam commander Gen. William C. Westmoreland after receiving a provisional Silver Star for bravery in action. France, Britain End 3 Month Credit Agreement

BASEL, Switzerland (AP) — France has concluded a three-month credit agreement with Britain aimed at supporting the pound sterling and protecting it against international speculation, the Bank for International Settlements reported today

The bank also announced that it will renew the $980-million credit granted to Britain last September for an indefinite period, renewable every three months by mutual assent.

France is the only European nation which declined to participate in the original credit.

During the past few weeks there has been a run on sterling which reportedly has cost the Bank of England at least $300 million to protect the pound.

Hungarian Delegation Visits East Germany

BUDAPEST, Hungary (AP) — A Hungarian Communist party and government delegation headed by party chief Janos Kadar and Premier Gyula Kallai left today for an official visit to East Germany

East Germany is scheduled to increase economic cooperation with Hungary under the new "economic mechanism reform" ideas aiming at higher efficiency, modernization and wider incentives.

Jury Being Picked to Decide Sanity of Oswald's Slayer

DALLAS, Tex. (AP)—The question of whether Jack Ruby was sane or insane when he killed Lee Harvey Oswald is to be decided by a district court jury this week.

The sanity hearing—first requested and then opposed by defense attorneys—gets under way today with the selection of a jury

Ruby's lawyers, claiming their client's constitutional rights would be violated by having to present witnesses who might be called for a possible second murder trial, are expected to ask for a postponement Judge Louis T Holland indicated at a pretrial hearing Friday that he would not grant any delays.

Ruby, 55, former strip joint operator, is under the death penalty for killing Oswald, named by the Warren Commission as the assassin of President John F Kennedy The slaying in the basement of the Dallas police station occurred before a nationwide television audience Nov. 24, 1963

After they were unsuccessful in forestalling the sanity hearing, two groups of lawyers, each representing Ruby, said they would not call their client to the stand nor would they present witnesses or evidence to support their earlier contentions he is insane

One group is headed by Phil Burleson of Dallas, currently representing Ruby. The other is headed by Joe Tonahlll of Jasper, named by the Texas Court of Criminal Appeals to represent Ruby in the sanity hearing. Judge Holland said Friday he would recognize both groups

The Court of Criminal Appeals ordered the sanity hearing May 18, saying it would not consider an appeal of his conviction until his mental condition had been determined.

Medgar Evers Remembered

Meredith Marchers Start Soliciting Voter Registration in Cotton Fields

By BILL CRIDER

ENID, Miss. (AP) Teams of Negroes fan out from the Meredith march into cotton plantations today to push voter registration among Negro workers in the fields.

"I'm sure we will meet with some opposition in view of the publicity on the Meredith march," said Charles Horwitz, a white staff worker for the Mississippi Freedom Democratic party. "But we will go anyway."

He said he expects opposition to be minor.

The main body of marchers will be on U S. 51 again with a goal of making 20 miles to Grenada by nightfall, the largest jump to date

Homes Open

March leaders are facing increasing difficulty in getting campsites. At Grenada, homes of Negroes will be open to the procession

To cut the distance from the Enid campsite where the marchers stayed in two tents Sunday night — and to give veteran hikers a rest — a group of newcomers walked six miles Sunday to near Oakland and were returned to Enid by trucks Today's march began where the vanguard left off.

Dr. Martin Luther King Jr., who rejoined the procession briefly, said they should be in Jackson — the state capital and their goal — by June 26. Their number "will rival the Alabama pilgrimage from Selma to Montgomery last year," King predicted. The Selma march climaxed with 25,000 poring into Montgomery.

Attend Funeral

After walking for a few hours, King went by car to Marks for the funeral of Armstead Phipps, who died on the march Thursday of a heart attack

Civil rights groups around the country held meetings and symbolic marches Sunday in support of the Meredith march and to commemorate the third anniversary of the death of Medgar W. Evers. Evers, a state official of the National Association for the Advancement of Colored People, was shot by a sniper in the driveway of his home in Jackson.

The demonstrations generally were small, quiet, and without incidents.

"He was tempted to say when times were bad that maybe we ought to act in some more direct way," Roy Wilkins, executive director of the National Association for the Advancement of Colored People, told 1,000 Negroes at Jackson "But he knew that was not the way. Don't misunderstand, I want you to fight every step of the way for what is due you Only remember, when we win — and we will — we and the white people must live together"

Some Disagreement

Mild dissension among civil rights leaders on some aspects of the Meredith march flared again

James H Meredith, 33, who started the walk from Memphis, Tenn., June 5 said in New York his biggest concern was that everyone understand its purpose. He said he told two civil rights leaders he did not want it "turned into a publicity stunt or fund-raising contest among civil rights organizations"

Meredith was wounded on the second day by two blasts of birdshot. Aubrey James Norvell, the 40-year-old Memphis white man charged with the shooting, has a hearing Tuesday on a petition to be freed until the trial.

Congress Expects Super Busy Week

Cruelty to Animals, Budget Ceiling Among Considerations

WASHINGTON (AP) — If Congress follows the course charted by its leaders, this could be one of its busiest weeks of the year.

Scheduled for action in both branches is an assortment of legislation dealing with a wide range of subjects including prevention of cruelty to animals and the expenditure of billions of dollars.

As usual the program for the start of the week is light.

The House considers today bills to boost the amount of bonds that may be issued by the Tennessee Valley Authority and to broaden the Foreign Service Building Act. The Senate schedule calls for action on several private bills

Cotton Tax

Later in the week, with no definite timetable worked out, the Senate may act on House-passed bills boosting the national debt ceiling; appropriating funds to finance the Agriculture, Labor and Health, Education and Welfare departments; making it a federal crime to mistreat animals used for research purposes, and levying "a buck a bale" tax on cotton to finance research programs if growers approve.

The Senate Foreign Relations Committee hopes to whip into shape the annual foreign aid authorization bill, while its Agriculture Committee may start work on a two-year, $6.6 billion Food for Freedom measure passed last week by the house.

Defense Procurement

The House expects to spend all day Tuesday debating and voting on a $17 8-billion defense procurement measure passed by the Senate with a smaller price tag. The bill has been on the House calendar more than two weeks and its consideration already has been postponed twice.

The balance of the House week will be spent considering bills extending the 1951 Renegotiation Act and the 1950 Defense Production Act and amending the foreign investors tax law.

House committee action will focus on the foreign aid bill, the North Atlantic Treaty Organization, automobile safety, a new civil rights program and President Johnson's new antipoverty proposals.

Guardsman Praised After Mishap

MAUSTON (AP) — A young officer from Waukesha was praised as a hero after a troop truck carrying 14 national guardsmen overturned and burned on a busy superhighway Saturday.

Second Lt. Francis Arndorfer, 21, helped pull his men from the flaming wreckage of the vehicle before collapsing himself. He was hospitalized here in good condition with neck and back injuries.

Eleven other infantrymen were treated for less serious burns, cuts and bruises after the crash on Interstate 90-94 at an interchange overpass at the east edge of Mauston.

Arndorfer was riding in the cab with the driver when the truck struck a guard rail and upset. Military authorities said a tire blowout triggered the crash. The vehicle slid on its side and sparks apparently caused leaking gasoline to ignite, an investigating officer said.

The young lieutenant raced to the rear of the vehicle. "He was seriously injured, but organized the rescue operation and got all his men out of the truck before it burned up," Lt. Col. Erwin A. Pichotte of Milwaukee said.

Pichotte, adjutant general of Wisconsin's 32nd Infantry Division, called Arndorfer "quite a hero"

The guardsmen, from the Oconomowoc area west of Waukesha, were en route to Camp McCoy 40 miles northwest of here for the start of two weeks of Wisconsin National Guard summer maneuvers.

1,000 Delegates Attend Club Week

MADISON (AP) — More than 1,000 Wisconsin 4-H Club delegates are expected to arrive on the University of Wisconsin campus Tuesday for the 46th annual State 4-H Club Week, the College of Agriculture reported today.

Seminar discussions will cover 26 subjects.

Each Player Makes Up Design For a Border Around Player

BY CAPPY DICK

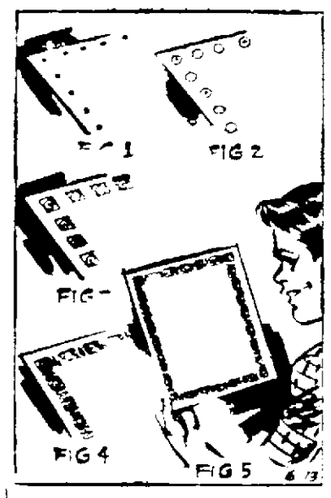
I call today's fun project for boys and girls Purple-size Border. It's for a group of players.

A sheet of paper and a pencil are handed to the first player to start making a border around the edge of the paper. This mark of his choice. As suggested in Figure 2, he elects to draw a circle around each of the dots. Then he passes the paper to the third player and, taking the pencil, this player draws squares around the circles. Figure 3. He passes the paper to the fourth and last player who takes the pencil and connects the squares with wavy lines as in Figure 4.

The boys in the picture are holding the completed border. It will be an unusual frame for an old-fashioned picture to paste on the paper. Mount it on cardboard, supply an easel-type support for the back and place the framed picture on your desk.

TUESDAY: How to display locks of hair as keepsakes.

(Copyright 1966



Each player takes turn

player may use any mark he chooses. In the case of Figure 1, he decided to make a row of dots around the paper.

He passes the paper to the player at his right. This player takes the pencil and adds any

Look and Learn

BY A. C. GORDON

1. In what country is each of these cities: (a) Toulouse, (b) Tripoli, (c) Mecca, (d) Valparaiso, (e) Corinth, (f) Tampico?

2. What is the greatest beer-drinking country in the world?

3. How long is the marriage lasting today in the U. S.?

4. What is the most popular name for newspapers?

5. How does the amount of food required by an active man compare with that required by an active woman?

Answers

1. (a) France, (b) Libya, (c) Saudi Arabia, (d) Chile, (e) Greece, (f) Mexico.

2. Belgium with an official count of about 34 gallons of beer per person per year.

3. A married couple today can expect to live together for 43 years.

4. NEWS is the name or part of the name of the most newspapers.

5. The man requires about 50 per cent more food.

Lesson in English

BY W. J. GORDON

Words often misused. Do not say: A period of six months have elapsed. Say: has elapsed. Period is the singular subject.

Often mispronounced. Celibate: unmarried person. Pronounce: sell'i-bait, accent first syllable.

Synonyms. Propitious, auspicious, benignant, clement, friendly, gracious, kind, merciful.

Word study. Use a word three times and it is yours. Let us increase our vocabulary by mastering one word each day. Today's word: stigma, mark of infamy or disgrace. Children should not carry the stigma of a father's misdeeds.

Indians Keep Slim Lead Over Orioles, Beat Senators, 6-3

Robinsons Pace Baltimore Victory; Twins Squeak by White Sox, 2-1

By MIKE RATHET
Associated Press Sports Writer

The heat's on in the American League—but the Baltimore Orioles hope to get some relief. With Frank Robinson added to the Orioles' already potent attack, Baltimore was expected in many quarters to breeze to the AL pennant. But a pitching staff that has managed only 13 complete games in 46 starts has left the Orioles in a three-way struggle with Cleveland and Detroit.

Frank and Brooks Robinson continued their slugging in an 8-1 romp over Boston Sunday before the Orioles announced what they hope will be a solution to the pitching problem, acquiring relief ace Eddie Fisher from the Chicago White Sox in exchange for infielder Jerry Adair.

Appeared in 82 Games

Fisher, who appeared in 82 games last season while compiling a 15-7 record with a 2.40 earned run average, could start or he could free one of the current bullpen specialists such as young Eddie Watt.

Meanwhile, the Robinson boys continue to emphasize that the club has enough power. Brooks drove in two runs against the Red Sox for a league-leading total of 48 and Frank connected for his 15th homer and took over first place in that department.

Still front-running Cleveland remained 11 percentage points in front of the Orioles by downing Washington 6-3. Third-place Detroit slipped two back off a split with New York, winning the opener 7-5 before the Yankees took the nightcap 12-10.

Elsewhere, Minnesota climbed into fourth place and hit the .500 mark with a 2-1 victory over the White Sox and Kansas City defeated California 4-1.

The Orioles made it six victo-

Adair Traded To White Sox For Ed Fisher

Jerry Thought He Would be After Criticism of Bauer

By GORDON BEARD

BALTIMORE (AP) — The Baltimore Orioles obtained a relief pitcher, and Jerry Adair was given mental relief.

"What a relief," Adair sighed Sunday after being informed he had been traded to the Chicago White Sox for relief specialist Eddie Fisher.

The Orioles also sent outfielder-first baseman John Riddle from their Rochester farm club

Fisher Adair

to Chicago's farm at Indianapolis, and Baltimore will get another minor league player in return.

"I thought after what happened in spring training, and what I've said since, that it was just a matter of time before I was traded," Adair said.

He referred to public statements he made criticizing Manager Hank Bauer after the Oriole skipper turned over Adair's second base job to rookie Dave Johnson at the start of the season. He said he was bitter and wanted to be traded.

"I don't feel bitter now," Adair said Sunday. "I'm the happiest guy in town . . . unless Davey feels better."

"I can't believe the club didn't want me," Adair said. "It's just that they need pitching, and I'm the only one they could afford to give up."

The Orioles already had 11 pitchers, but the starters have been inconsistent and reliever Dick Hall hasn't pitched for a week because of a sore arm.

"We now have a fluid staff with two or three pitchers who can either start or relieve," said Harry Dalton, the Orioles' director of player personnel. "Fisher could start or he could free one of our current relievers for a starting role."

Adair set four major league fielding records the past two seasons, including 89 consecutive errorless games. He made only five errors and fielded .994 in 1964. Last season, he batted .259 and knocked in 66 runs.

Fisher won 15 games in relief last year. The knuckleballer has only a 1-3 record this season, but he has five saves and a 2.38 earned run average.

Marlene Hagge Defends Title

Milwaukee Jaycee Open to Attract 34 Pro Golfers

MILWAUKEE (AP) — Defending champion Marlene Hagge leads a field of 34 women professional golfers into the annual Milwaukee Jaycee Open beginning Thursday. The 72-hole event ends Sunday.

But Betsy Rawls, one of the top golfers on the ladies' tour, has notified tournament officials she won't be able to compete.

Betsy became ill during the Louisville Open and decided to take two weeks off the tour.

Mrs. Hagge, 31, posted a 287 in winning the 1965 Jaycee meet held at the North Shore Country Club. The tournament has been shifted this year to the Tuckaway Country Club.

Kathy Whitworth, the top money winner among lady golf professionals last year, is expected to provide Mrs. Hagge with stiff competition.

Other contenders are Rudy Torluemke, who finished second a year ago; Clifford Ann Creed, Carol Mann and Marilynn Smith.

Miss Mann finished third in earnings last year behind Miss Whitworth and Mrs. Hagge.

Play begins with pro-am foursomes Wednesday. Competition for the $12,500 purse begins Thursday.

Danny Cater, Kansas City A's leftfielder, tumbles over California Angel pitcher Lew Burdette when the latter attempted to block the first base line while fielding a dribbler by Cater in the seventh inning. Burdette made the tag on Cater for the putout, but the A's won, 4-1. (AP Wirephoto)

Chop 6 Strokes Off Par

John Hayes, Son Tom Tip Jabas-Strutz Team To Win Best-Ball Title

ANTIGO — The father-son team of John and Tom Hayes captured the Northeastern Wisconsin Golf Association's annual best-ball tournament over the Bass Lake Country Club Sunday afternoon.

The Hayes-Hayes duo defeated fellow Butte des Morts clubmates Don Jabas and Don Strutz, 3-2, for the championship. John, former state amateur champion, and Tom were 5-under par on the front side against Jabas-Strutz and finished 6 under regulation for the 16 holes.

Jabas-Strutz defeated Shorewood's Mel Skaleski-Jim Poulsen, 1-up, in the semi-finals, while Hayes-Hayes ousted Ridgeway's Tom Hadley-Russ Lakey, 2-up.

For the Jabas-Strutz team, it marked the fourth runnerup finish in the best-ball tourney. The BDM combo has also won the title three times. Jabas and Strutz were runnerup to Wausau's Chuck Weinkauf-John Toepel in the 1965 meet.

Cedar Rapids '9' Awarded Forfeit

CLINTON, Iowa (AP) — The Midwest Baseball League's Clinton team got word today that it had lost—by forfeit—A June 2 game which was on the books as a 3-2 victory for Cedar Rapids.

An argument developed during the game over a strike call, and Umpire Pete Dreiss ejected Clinton Manager Frank Oceak from the game. When Oceak failed to leave the field within one minute as Dreiss ordered, the umpire declared Cedar Rapids the victor through forfeit.

This Year, They Have Whammy on White Sox

Twins Change Sox in Run for AL Title

By JOE MOOSHIL

CHICAGO (AP) — The Minnesota Twins, one might say, have decided to change Sox in their attempt to repeat as champions of the American League.

Last year when the Twins cruised to the pennant they kayoed the Boston Red Sox 17 times in 18 games.

Currently the struggling Twins have the whammy on the Chicago White Sox whom they have defeated eight times in as many meetings.

A current three-game sweep capped by Sunday's 2-1 victory advanced Minnesota's winning streak to four games and hoisted the Twins back into the first division, giving them a .500 record at 26-26.

"Maybe we can make our move now," said Manager Sam Mele. "We've been struggling but I'm beginning to see signs which led us to the pennant last year."

Mele is pointing to two factors for his present optimism which happened to be slugger Harmon Killebrew and utility infielder Cesar Tovar.

Killebrew did little in helping the Twins wreck the White Sox once again but Mele feels he started the whole thing when he hit a pair of home runs against Kansas City Thursday in a game in which the Twins slammed five homers in one inning to get them started on their streak.

"Killebrew's a leader in his own quiet way," said Mele. "He doesn't say much but the other players look up to him to get the team rolling and he always seems to do the job.

"Now Tovar did something today which reminded me of last year," said Mele. "He won a game for us with Versallies (Zoilo) on the bench. Remember, last yaar there were times we played without Killebrew, Allison (Bob) and Pascual (Camilo) but still won the pennant. There was always someone to pick up the slack."

Tovar, filling in at shortstop for the injured Versalles who has a pulled back muscle, raced home from first with what proved to be the winning run in the eighth inning on a single by Tony Oliva when Sox right fielder Floyd Robinson hesitated with his throw.

"I don't know why we've played so well against Chicago this year," said Mele. "We certainly haven't overpowered them like we did Boston last year.

"When we won 17 from Boston we'd make a mistake or have a bad inning and then we'd come back with a bigger inning.

"But against the White Sox we just seem to be playing our best. We make the right throw, the right decision and get the key hit when it counts.

LC-K Downs Fond du Lac In Slugfest

Stays Unbeaten, Neumeier, Gerrits Lead Offensive

The Little Chute-Kimberly baseball team outslugged Fond du Lac, 12-7, Sunday to stay unbeaten in the Fox River Valley Baseball League.

LC-K (3-0) took a half game lead over Menasha's Macs (2-0), whose game at Kaukauna was postponed because of wet grounds. Fond du Lac now has an 0-3 record.

Backed by a 14-hit attack, Larry Huebner pitched the victory for the Papermakers. He struck out 11 and walked two and though he was reached for 16 hits, he was tough when he had to be.

LC-K broke a 2-2 tie in the second inning with a 5-run, 6-hit outburst that put the host team ahead to stay. In the big inning against loser Dave Reamer, Lee Neumeier tripled, Jeff VanderVelden singled, Huebner doubled, Roger Gerrits singled, Jim VandeWettering singled and Lee Westphal doubled.

Neumeier collected three triples, while Gerrits slammed a home run and two singles to pace the offensive. Haberkorn had four singles in five tries for the visitors.

Reamer, who worked the first six frames, fanned six and walked three.

Wert's Successive Game Streak Ends

DETROIT (AP) — Don Wert, Detroit's third baseman, messed Sunday's doubleheader with the New York Yankees, ending his streak of playing in 261 consecutive games.

Wert entered a hospital Sunday for observation. The early diagnosis was that he had chest congestion.

Marichal's 4-Hitter Stops Dodgers, 3-2; Mets Defeat Reds

Mathews Socks Pair of Homers But Braves Lose to Pittsburgh, 11-8

By DICK COUCH
Associated Press Sports Writer

Don Drysdale and Sandy Koufax, who traveled the high road as an entry a few months ago, are going in opposite directions today.

Juan Marichal is keeping Koufax company on the expressway while Drysale is chasing Sammy Ellis down a one-way side street.

Marichal outpitched Drysdale Sunday as San Francisco edged Los Angeles 3-2 and pushed within four percentage points of the National League leading Dodgers.

The Giants' ace lossed a four-hitter for his 11th victory of the season, tying the Dodgers' Koufax for the major league lead. Drysdale, knocked out in the sixth inning, suffered his third straight setback and is 4-7 for the year.

First 10-Game Loser

Meanwhile, Ellis, a 22-game winner for Cincinnati last season, became this year's first 10-game loser when he yielded an 11th inning run that gave the New York Mets a 3-2 victory over the Reds.

Drysdale and Koufax, who won 23 and 26 games, respectively, in 1965, staged a tandem holdout siege during spring training that netted them contracts totaling $245,000.

Koufax, who reportedly received $130,000, is off to the best getaway of his career—with an 11-1 record and 1.40 earned run average—but Drysdale is struggling.

The big right-hander has completed only three of 14 starts. His ERA is 4.36—highest on the Dodger staff—and he's been rocked for 11 home runs.

Snaps Losing Streak

Marichal, who also held out this spring after a 22-13 finish in 1965, signing for an estimated $70,000 a few days before Koufax and Drysdale came to terms with the Dodgers, snapped a two-game losing streak with his victory Sunday.

He survived two LA home runs while boosting his current record to 11-2 and extending his lifetime hex over the Dodgers at Candlestick Park to 12-0.

Ellis, who has thrown 15 home run balls this season, tops in the league, lost his fifth straight when New York's Jerry Grote broke a 2-2 deadlock with a two-out, run-scoring single in the 11th. Ellis, 22-10 in 1965, is 2-10 this year.

Pittsburgh outscored Atlanta 11-8, Philadelphia topped St. Louis 5-3 and Houston spanked Chicago 8-4 in other NL action.

Ellis walked Ed Bressoud with one out in the 11th and issued an intentional pass to Ron Swoboda after a grounder

Jesus Alou Sent to PCL; Dietz Recalled

SAN FRANCISCO (AP) — Catcher-outfielder Dick Dietz has been brought up from Phoenix to play for the San Francisco Giants, while Giants outfielder Jesus Alou has been demoted to the Pacific Coast League club, it was announced Sunday.

Melton Belts 4 Hits, Jones Collects 3

CLINTON, Ia. — With an assist from the rain at Burlington, the Fox Cities Foxes boosted their Midwest League to two games over the runnerup Bees by breezing to a 8-4 triumph over Clinton's Pilots here Sunday night.

The Foxes rapped out 15 hits en route to their fourth straight triumph, while righthander Steve Kokor was reached for

Melton Jones

only three safeties in the first six innings. Kokor, who now boasts a 6-1 record, gave eight hits altogether, while striking out nine and walking five.

The Foxes, with Gerry Nyman (0-2) on the mound, and Clinton, with Bob Bonanno (1-1), will clash again here tonight. Burlington and Cedar Rapids will try for a doubleheader tonight on the Bees' home acres, but rain is forecast for the entire state of Iowa today.

Bill Melton and veteran "Deacon" Jones led the Foxes' 15-hit barrage. Melton slammed a pair of doubles and two singles, while Jones contributed two doubles and a single.

Chase Swan

The Foxes chased starter Rick Swan in the first inning with a 4-run uprising. Al Kristowski opened with a walk and Jim Maness singled. Jones singled in Kristowski and Melton doubled down the left field line, scoring Maness. Jones crossed the plate on Jay Petersen's sacrifice fly and Ron Lolich's single to center scored Melton, Jim Jedelsky singled to prompt Swan's exit.

Rick Jackson retired the first two men he faced in the first inning and sailed along fairly well until the fourth Bob Von Eps opened with a single and took second on Kokor's sacrifice. Maness was hit by a pitch and Jones doubled in Von Eps. Melton's single to center pushed across Maness for a 6-0 lead.

Doubles by Kristowski and Jones in the sixth inning

Mets Win 3 of 4

Robinson's Absence Pleases Reds' Foes

By MURRAY CHASS

NEW YORK (AP) — Frank Robinson's absence makes the hearts of Cincinnati's opponents grow fonder but it's not doing the Reds any good

In fact nothing is doing the Reds any good

The National League's pre season pennant favorites dropped an 11 inning 3 2 decision to the New York Mets Sunday and now have lost 13 of their last 17 games including three of four to the Mets this weekend

The Reds who scored only [illegible] are lodged in eighth place 9½ games from the top and only 1½ games in front of the Mets

The Mets are typical of the rest of the league in that they are enthusiastic about the winter trade that sent Robinson to the Baltimore Orioles in the American League

Could Use Hitting

Sure the situation probably would come up where we could use his hitting said Vada Pinson Robinson's roommate several years You look back and say if we'd only had a little more hitting or pitching

but that's not the source of all our problems We're not hitting We're not driving runners We've been beating ourselves and we've been getting beat

Frank is out and we can't depend on something in the past The front office decided to take the chance and they gambled This is the only way you get something We gave up Robinson but we got a lot

Robinson hit .340 with a league leading 49 homers and 122 batted in for Baltimore

The Reds don't have anyone batting better than .290 and Deron Johnson who's big season last year possibly convinced the Reds front office that Robinson was expendable is not hitting much

Hit 52 Homers

Johnson hit 52 homers and drove in 130 runs last year but now he has only 15 homers and 42 RBI while batting a meager .216

Of the players the Reds received from the Orioles Dick Simpson is batting .193 Milt Pappas has a 4 5 record with a 4.07 earned run average and Jack Baldschun has 14 with a 3.66 ERA

Manager Wes Westrum said

"Another reason I don't like to see Robinson come up because I know too much about his past and what he can do He's going to miss his bat and his everyday play

Mickey Wright Wins Bluegrass Crown by 10

LOUISVILLE Ky (AP) — Mickey Wright is going to Canada to make a television film And the other members of the Ladies Professional Golf Association don't mind at all

For the all around Texan practically left a shambles of the Blue Grass Invitational Golf Tournament winning it by 10 strokes going away

A one under par 71 Sunday gave Miss Wright a 216 total and $1 500 top money She was below par on all three rounds at the Hunting Creek Country Club course highlighted by a four under 68 on the second round

The Blue Grass second place money of $1 100 went to Sandra Haynie and defending champion Kathy Whitworth Each had 220

Miss Haynie's 69 was the best round of Sunday She was five under after 16 holes but bogeyed the last two Her scores by rounds were 76 75 69 Miss Whitworth had 76 70 74

Miss Wright had five birdies Sunday She too bogeyed the last two holes

Louise Wesson Louisville a five time Kentucky State champion was in contention with a 81 on the final round and a total of 240 Two time champion Brenda High Gaugler with an 81 Sunday

Denver Manager Suspended 10 Days, Fined $150

SEATTLE Wash (AP) — Cal Ermer manager of the Denver Bears of the Pacific Coast League has been suspended 10 days and fined $150 Dewey Soriano president of the PCL said Sunday

Bo Osborne a player for the Denver club was fined $50 and suspended three days

The two were involved in an argument with Umpire Andy Olsen in a game in Denver Saturday night after Olsen ruled a Hawaii runner safe at the plate in the 11th inning

The report said Ermer and Osborne bumped Olsen

Rumor Angers Tex Schramm

Calls Report He'll Succeed Rozelle 'Absolutely False'

DALLAS (AP) — Tex Schramm president of the Dallas cowboys was angered Sunday when he read a report that he was to succeed Pete Rozelle as commissioner of the National Football League had the merger of the NFL and American Football League not gone through

The report is absolutely totally false and too ridiculous for me to comment on further said Schramm

The report was carried by the Dallas Times Herald which said Schramm chief negotiator for the NFL in perfecting the merger was to be elevated to the commissioner's seat pointing out that Rozelle had not gotten an expected extension of his contract at the last league meeting

When Schramm was general manager of the Los Angeles Rams he hired Rozelle as his publicity chief And when Schramm went to CBS Rozelle moved up to general manager When Commissioner Bert Bell died Rozelle was given his place

Rodgers Wins Buick Open on Consistent Play

Credits Pendulum Putter for Victory; Pott, Zarley Second

By BERNIE KENNEDY

GRAND BLANC, Mich. (AP) — An unusually long putter and an unorthodox grip may have prompted a few snickers from the fans, but Phil Rodgers is, "I think I might marry the putter," Rodgers said after his triumph. His 72-hole total of 284 was the highest winning score here since Bill Collins shot it in taking the 1962 tourney.

$20,000 richer and leading the PGA money list today because of it.

Rogers shot four birdies and had only one bugey in two rounds Sunday as he took a two-stroke victory in the ninth annual $100,000 Buick Open Golf Tournament.

His rounds were 70-73-71-70—284.

The check which matched the one he collected for winning the Doral Open earlier this year, upped his winnings to $57,574.64.

It would take a lot more than that to convince Rodgers to junk either the 39½ inch putter or his pendulum swing.

Nine Straight Pars

Rodgers' steady play he finished with nine straight pars—proved the difference as third round leader Johnny Pott and Kermit Zarley were more erratic and settled for a tie for second place at 286.

It was the third second-place finish here for Pott.

Another stroke back were Fred Marti and Tony Lema. Lema charged into a first-place tie with Zarley during the final round but faltered in his quest for a third straight Buick Open title.

Rodgers, a portly 5 foot-8, 170-pounder, admitted he was tired after the double round but said the fact that he was in contention made him forget about the pains in his legs. Leg cramps forced him to withdraw from the Memphis Open a week ago.

Helps Keep Momentum

"I'll say one thing for playing 36 holes in one day," Rodgers offered. "If you are going well, it helps you keep up your momentum."

The double round was made necessary after the first round was rained out Thursday.

Rodgers qualified for this week's U.S. Open in San Francisco in a sectional qualifier at a Detroit area course Tuesday.

"I shot 66-77 there. "If I would have had to play one more round, I probably would have shot an 88," Rodgers quipped.

Rodgers, who shoves the handle of his putter against his stomach and spreads his hands apart before taking his stroke, had 12 birdies and eight bogeys in his four rounds.

Cleveland Signs Draftee, Assigns Him to Dubuque

CLEVELAND (AP) — The Cleveland Indians have signed third-baseman William R. Davis, one of 41 players the Tribe picked in the baseball draft.

The 20-year-old Davis, who attends Pembroke College in North Carolina, was drafted by Pawtucket but will report to Dubuque in the Class A Midwest League, according to Hank Peters, farm director.

Weekend Fights

By the Associated Press

BARCELONA, Spain—Teddy Mehu, 147, Ghana, outpointed Jose Ferrando, 147½, Spain, 9.

BUENOS AIRES—Mile Calhoun, 165, Jamaica, and Juan Carlos Rivero, 147, Argentina, drew, 10.

ASUNCION, Paraguay—Waldemero Pino, 114, Brazil, outpointed Velentin Galeano, 116, Paraguay, 12. Pino retained South American bantamweight title.

Grelle Wants To Return Mile Record to U. S.

Believes Either He Or Ryun Could Snap Mark in AAU Trials

SAN DIEGO Calif AP Distance runner Jim Grelle believes that it is time the world record in the mile be returned to America and he has a couple of fellows in time he thinks can do it

One is the fabulous Kansan youngster Jim Ryun and the other is Grelle himself

The two aged 19 and 24 may clash in the approaching National AAU Championship

I think Ryun and I will have a great race in the national said Grelle He s great and I d be glad to see the world record back in this country I think I can do it

The last American to hold the record was another famed Kansan Glenn Cunningham back in 1934 Since then a succession of Swedes and Britishers have owned it and now it belongs to Michel Jazy of France at 3 53 6

Grelle and three others including an 18 year old high school lad broke four minutes in the mile Saturday night in the San Diego Invitational track meet

His 3 55 4 equalled his all time best and was the 20th time the Portland Ore flash has run under four minutes

The Appleton Rifle and Pistol Club sponsored its annual 600 HI Power rifle matches over the weekend Shown in firing position from left are LaCrosse s Frank Fauver, Milwaukee s Ron Hinz Elmhurst s Tom McMenamin Wisconsin Rapids Don Coan and Fond du Lac s Lloyd Buch The range officer is Neenah s Glen Derber (Post Crescent Photo)

Timed in 20 for '220' Curve

Tommy Smith Sets Record

By THE ASSOCIATED PRESS Kansas Tommy Smith took the head for the half mile of 1 44 9 Fri NCAA Championships at Bloomlines away from Jim Ryun in day ran a modest 4 02 8 mile in ington Ind this weekend ran track and field over the week the U S Track and Field Fed the 220 on a straightway last end eration national meet at Terre month in 19 5 a pending world Haute Ind record

Smith of San Jose State Col Veteran Jim Grelle of Portlege set a world record of 20 land Ore and 18 year old Tim seconds flat for the 220 yard Danielson of Chula Vista Calif dash around a curve at the Sac High School shared honors at amento Invitational champion the San Diego invitational meet ships Saturday night Grelle voted the Athlete of

Ryun of the University of the Night won the mile in 3 55 4 the 20th time he has been 1964 under four minutes Danielson finished fourth in 3 59 4 becoming the second high schooler to break four minutes Ryun was the first

Between Grelle and Danielson were Neill Duggans of Hancock Junior College at Santa Maria Calif second in 3 56 1 and Dave Bailey of Toronto third in 3 59 1 Bailey s time broke the Canadian record of 4 01 1 held by Ergas Leps

Ron Clarke of Australia after an arduous journey from Down Under finished second to George Young in the 5 000 meters at San Diego Young won in 13 40 2 Clarke was timed in 13 40 5

Across the Atlantic ocean Jazy set a French record at Anzin France by winning the 2 000 meters Sunday in 5 01 4 compared to the world record of 5 01 2 held by Josef Odlozil of Czechoslovakia

Baltimore's Snyder Responds In Reserve Role With Hot Bat

By GORDON BEARD

BALTIMORE (AP) Russ Snyder an Oriole runs on a timetable almost as accurate as the one used by swallows flying back to Capistrano

The 31 year old veteran comes out of spring training every season as the No 4 or reserve outfielder on the Baltimore roster

But about this time of year Snyder replaces a slumping or injured teammate and goes on a hot hitting streak He winds up playing as many or more games than the other outfielders and the cycle begins anew

Snyder rode the bench this year as Manager Hank Bauer installed Paul Blair a second year player in center field But now it s Blair with a 227 average on the sidelines

In the past 29 games Snyder has hit at a 356 pace with 35 hits in 98 times at bat He has driven in 10 runs in the last 11 games and hit two home runs equaling his output for the past two seasons

Nobody Notices

That s the way it is with Russ Bauer said Nobody notices him until he beat their brains out

On Sunday for instance the headlines went to other players as Baltimore whipped Boston 6 5 Frank Robinson hit his 15th homer Brooks Robinson knocked in two runs to increase his American League runs batted in total to 48 and triples by Curt Blefary and Dave Johnson accounted for two more runs

But it was Snyder who started two of the first three rallies with typical Snyder hits One went past third baseman George Thomas who was playing close in case the speedy Snyder bunted The other bounced off the glove of second baseman George Smith in the hole

It used to bother me when I didn t start but it doesn t any more Snyder said I just try to keep my legs in shape and my weight down and be ready when I get in

Russ is the type of player who doesn t cause trouble when he not in the line up coach Billy Hunter said It s important to a club to have guys who are not dissatisfied sitting on the bench But when he s called on he s always ready

Outfielder Curt Belfary said Russ more or less took me under his wing when I came up last year He keeps me in line when I do something wrong and his spirit is so high it s an asset to the club

Indians and Orioles Win

Continued From Page 5

ries in their last seven games behind the Robinsons and the five hit pitching of Steve Barber Barber going all the way for his fifth victory in seven decisions posted his third complete game Jim Palmer has four complete games and the rest of the staff has four

Brooks who is hitting 297 drove in a run with a first inning single and another with a fifth inning sacrifice fly Frank who leads the league with 45 runs scored stroked a single besides his homer and lifted his average to 340 only two points behind league leading Tony Oliva of the Twins

The Indians trailed the Senators 2 1 going into the seventh but struck for three runs and their fourth straight victory Joe Azcue drove in two of the runs with a single that skipped by center fielder Fred Valentine and Chico Salmon capped the rally with another run producing single his third hit of the game

The Yankees and Tigers split 50 hits in their twin bill Gates Brown s three run homer and a two-run eighth inning built on Ray Oyler s triple and a single by pitcher Dennis McLain got the job done for Detroit in the opener Five homers including three run shots by Elston Howard and Lou Clinton turned the tables for the Yankees in the nightcap

Robinson Blunders

Floyd Robinson s blunder in the eighth inning sent the White Sox down to their eighth defeat in as many games with the Twins Robinson failed to throw home quickly on Tony Oliva s single and Cesar Tovar scored from first base with what proved to be the deciding run

Rollie Sheldon and Jack Aker collaborated on a four hitter in the A s victory over the Angels Phil Roof knocked in two Kansas City runs, Ed Charles and Mike Hershberger one each

Petty Scores Fifth Victory

Wins Fireball 300 Despite Unnecessary Stop in Pits

ASHEVILLE N C (AP) — Richard Petty made an unscheduled pit stop because of what he termed ignorance but still won his fifth stock car race of the year and $1 500 Sunday

David Pearson two laps ahead with five laps to go made an unscheduled stop because he thought he did not have fuel enough to finish It cost him the race and the $500

For Pearson cut a tire on something in the pit road and the tire went flat with two laps to go Petty sped past him on the final lap to win the Fireball 300 lap race at Asheville Weaverville Speedway

Petty who equalled his track record of 66 455 miles per hour in winning the pole position took the race at an average of 81 42 a NASCAR record for a half mile track and 300 laps

But I thought I d blown the race when I came into the pits with what I thought was one bad tire and maybe two and found out they were okay said Petty who drove his 1966 Plymouth long track racer

He ducked into the pits while leading on lap 182 to check tires and came out two laps behind Pearson Pearson in a 1966 Dodge Charger increased his lead to 3½ laps when Petty made his third stop this one scheduled with 66 laps to go

Former Prep Star Killed in Midget Racer

MILWAUKEE (AP) — A former Madison area high school athlete has become Wisconsin s first midget auto racing fatality since August 1963

Dave Whitehorse 23 was fatally injured Friday night at Hales Corners Speedway He died Saturday at a hospital without regaining consciousness

Whitehorse part Indian played football and basketball and ran track at Monona Grove High School from 1955 to 1957 Later he transferred to Madison East where he played football and basketball

A University of Wisconsin graduate Whitehorse resided in Waukesha and was a salesman

He had been driving midget cars for five years

Officials said his car collided with another during a 10 lap heat Friday night, hit a wall and overturned

His death was the first on state midget racing circuits since Al Fredenberg of Madison was killed at Sun Prairie Aug 4 1963

I said,
"Show me a filter cigarette that really delivers taste and I'll eat my hat!"

Andretti Wins Langhorne 100

Leads Entire Race; Sets World Record In Qualifying Trials

LANGHORNE Pa (AP) Mario Andretti of Nazareth Pa burning up the track in record time in a rear engine Ford won the 30th running of Langhorne Speedway s 100-mile national championship race for Indianapolis cars Sunday

Andretti the 1965 national driving champion broke his own world s record in the qualifying trials by driving the one mile run in 29 36 seconds or 122 615 miles per hour His old record set in Phoenix Ariz this year was 122 075 miles per hour

Andretti hoisted to the front of the 22 cars at the start and led all the way although he was pushed by Jim McElbreath of Arlington Tex

The winner was timed in one hour 47 78 seconds or an average of 98 690 m p h over the 100 mile course

McElbreath going after his third straight win at Langhorne had to finish the race under caution because of an oil slick He wound up second He also drove a rear engine Ford

Joe Leonard of San Jose Calif also in a rear engine Ford finished third

Foxes Win to Increase Lead

Continued From Page 5

accounted for the Foxes seventh run but Clinton finally hit the scoreboard in the seventh three times on just two singles a walk and fielder s choice in which all hands were safe

The Foxes added another score in the ninth on Von Epsdouble a wild pitch and Kokor s sacrifice fly to center Three singles by Juan Reyes Jack Clark and Don Money accounted for Clinton s final run in the ninth

Wrestling Champ Gives John-John Bear Hug

HONOLULU (AP) — John John son of the late President John F Kennedy, went to a Sumo wrestling tournament Sunday and was given a bear hug by the 350 pound grand champion

John Jr , escorted by two Secret Service men sat through the matches and then went to the dressing rooms He met grand champion Taiho who picked up the boy in his arms

In Japan it is considered a blessing for good health when a Sumo wrestler picks up a child Jacqueline Kennedy who is vacationing for a month in Hawaii with her children did not attend

Sturgeon Bay Wins Over Wrightstown

WRIGHTSTOWN A 7 run seventh broke up a close 12 I game between Sturgeon Bay and Wrightstown here Sunday and carried the Bay squad to a 9 2 win in the Northern Division of the Fox River Valley Legion League

The victors used four hits including a bases loaded triple by Dick Haines two walks and an error in breaking open the game in the seventh frame

John Berns went the distance for Sturgeon Bay He fanned 12 and issued four walks

The mound duties for Wrightstown were shared by Tom Duertz and Dave Smithwick Deurtz had a strikeout and three walks before being lifted in the seventh after allowing 11 hits and nine runs Smithwick finished with four strikeouts and the same number of walks

Three Wrightstown players collected hits Kabat and Smithwick each had a pair of double while Bob Schmidt collected a couple of singles

Doug Pahlman hit safely three time for the victors

AN ORDINANCE REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS PRIVATE SEWAGE DISPOSAL THE INSTALLATION AND CONNECTION OF BUILDING SEWERS AND THE DISCHARGE OF WATERS AND WASTES INTO THE PUBLIC SEWER SYSTEM AND PROVIDING PENALTIES FOR VIOLATIONS THEREOF IN THE TOWN OF GRAND CHUTE COUNTY OF OUTAGAMIE STATE OF WISCONSIN
BE IT ORDAINED AND ENACTED by the Town Board of the Town of Grand Chute Outagamie County Wisconsin as follows

ARTICLE I
DEFINITIONS
Unless the context specifically indicates otherwise the meaning of terms used in this ordinance shall be as follows
Section 101 Sewage Work A work shall mean any facility for collecting pumping treating and disposing of sewage
Section 102 Superintendent shall mean the Superintendent of the Sewage Disposal Plant of the Town of Grand Chute or his authorized assistant agent or representative
Section 103 Sewer shall mean a pipe or conduit for carrying sewage
Section 104 Public sewer shall mean a sewer in which all owners of abutting properties have equal rights and is controlled by public authority
Section 105 Private sewer shall mean a sewer which is owned by a person and controlled by private authority
Section 106 Combined sewer shall mean a sewer receiving both surface runoff and sewage
Section 107 Sanitary Sewer shall mean a sewer which carries sewage and to which storm surface and ground waters are not intentionally admitted
Section 108 Storm sewer or Storm Drain shall mean a sewer which carries storm and surface waters and drainage but excludes sewage and polluted industrial wastes
Section 109 Sewage Treatment Plant shall mean any arrangement of devices and structures used for treating sewage
Section 110 Industrial Wastes shall mean the liquid wastes from industrial processes as distinct from sanitary sewage
Section 111 Garbage shall mean solid wastes from the preparation cooking and dispensing of food and from the handling storage and sale of produce
Section 112 Properly shredded Garbage shall mean garbage that has been shredded to such degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers with no particle greater than one half inch in any dimension
Section 113 Building Sewer shall mean a sewer which carries only sewage and roof and surface waters from the building plumbing to the public sanitary sewer
Section 114 Building Drainage Sewer shall mean a sewer which carries storm drainage surface water foundation drainage and roof drainage but excludes sewage and industrial wastes from the building plumbing to a public storm sewer or natural outlet
Section 115 BOD (denoting Biochemical Oxygen Demand) shall mean the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five days at 20 degrees C expressed in parts per million by weight
Section 116 pH shall mean the logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution
Section 117 Total Suspended Solids shall mean solids that either float on the surface of or are in suspension in water sewage or other liquids and which are removable by laboratory filtering
Section 118 Natural Outlet shall mean any outlet into a watercourse pond ditch lake or other body of surface or ground water
Section 119 Watercourse shall mean a channel in which a flow of water occurs either continuously or intermittently
Section 120 Person shall mean any individual firm company association society corporation or group
Section 121 Shall is mandatory May is permissive

ARTICLE II
USE OF PUBLIC SEWERS REQUIRED
Section 201 It shall be unlawful for any person to place deposit or permit to be deposited in any unsanitary manner upon public or private property within the Town of Grand Chute or in any area under the jurisdiction of said Town any human or animal excrement garbage or other objectionable waste
Section 202 It shall be unlawful to discharge to any natural outlet within the Town of Grand Chute or in any area under the jurisdiction of said Town any sanitary sewage industrial wastes or other polluted waters except where suitable treatment has been provided in accordance with subsequent provisions of this ordinance
Section 203 It shall be unlawful to construct or maintain any privy privy vault septic tank cesspool or other facility intended or used for the disposal of sewage except as provided hereinafter in Article III
Section 204 It shall be unlawful to connect any sewer to a public sanitary sewer which receives roof drainage foundation drainage surface water and ground water
Section 205 It shall be unlawful to construct combining sewers or other facilities intended to receive both storm water and sewage
Section 206 The owner of all houses buildings or properties used for human occupancy employment recreation or other purposes situated within the Town and abutting on any street alley or right of way in which there is now located or may in the future be located a public sanitary sewer of the Town is hereby required at his expense to install suitable toilet facilities therein and to connect such facilities directly with the proper public sewer in accordance with the provisions of this ordinance within sixty days after date of official notice to do so provided that said public sanitary sewer is within one hundred feet of the property line
Any premises connected with the public sanitary sewer must be connected with the Town s sewer system before any part of the premises is occupied
The paragraph immediately above does not apply to any building or part of the property which is more than one hundred feet from the nearest public sewer which has been abandoned and filled with suitable material

ARTICLE III
PRIVATE SEWAGE DISPOSAL
Section 301 Where a public sanitary sewer is not available under the provisions of Article II Section 204 the building sewer shall be connected to a private sewage disposal system complying with the provisions of this article
Section 302 The type capacities location and layout of a private sewage disposal system shall comply with all recommendations of the Department of Public Health of the State of Wisconsin and shall comply with all the laws of the State of Wisconsin and the Town of Grand Chute and of Outagamie County Regulations and zoning ordinances governing the area in question
Section 303 At such time as a public sanitary sewer becomes available to a property served by a private sewage disposal system as provided in Article II Section 204 a direct connection shall be made to the public sewer in compliance with this ordinance and any septic tanks cesspools and similar private sewage disposal facilities shall be abandoned and filled with suitable material
Section 304 The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times at no expense to the Town
Section 305 No statement contained in this Article shall be construed to interfere with any additional requirements that may be imposed by the Health Officer or Building Inspector of the Town of Grand Chute all

ARTICLE IV
BUILDING SEWERS AND CONNECTIONS
Section 401 No unauthorized person may uncover make any connections with or opening into use alter or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Superintendent
Section 402 There shall be two classes of building sewer permits (a) for residential and commercial service and (b) for service to establishments producing industrial wastes In either case the owner or his agent shall make application on a special form furnished by the Town The permit application shall be supplemented by any plans specifications or other information considered pertinent in the judgment of the Superintendent A permit and inspection fee of Five Dollars ($5 00) for a residential or commercial building sewer permit and Fifteen Dollars ($15 00) for an industrial building sewer permit shall be paid to the Town at the time the application is filed
Section 403 All costs and expense incident to the installation and connection of the building sewer shall be borne by the owner The owner shall indemnify the Town from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer
Section 404 A separate and independent building sewer shall be provided for every building except that where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley court yard or driveway the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer but the Town does not and will not assume any obligation or responsibility for damage caused by or resulting from any such single connection
Old building sewers may be used in connection with new buildings only when they are found on examination and test by the Superintendent to meet all requirements of this ordinance
Section 405 The size slope alignment and materials of construction of a building sanitary sewer and the methods to be used in excavating placing of the pipe filling backfilling testing and backfilling the trench shall all conform to the requirements of the building and plumbing code or other applicable rules and regulations of the Town In the absence of code provisions or in amplification thereof the materials and procedure set forth in appropriate specifications of the A S T M and W P C F Manual of Practice No 9 shall apply
Section 406 The connection of the building sanitary sewer into the public sewer shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the Town or the procedures set forth in appropriate specifications of the A S T M and W P C F Manual of Practice No 9 All such connections shall be made gastight and watertight Any deviation from the prescribed procedures and materials must be approved by the Superintendent before installation
Section 407 The applicant for the building sewer permit shall notify the Superintendent when the building sewer is ready for inspection and connection to the public sewer The connection shall be made under the supervision of the Superintendent or his representative
Section 408 Whenever possible the building sewer shall be brought into the building at an elevation below the basement floor In all buildings in which any building drain is too low to permit gravity flow to the public sewer sanitary sewage carried by such building drain shall be lifted by an approved means and discharged to the building sewer
Section 409 All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to protect the public from hazard Streets sidewalks parkways and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the Town

ARTICLE V
USE OF THE PUBLIC SEWERS
Section 501 No person shall discharge or cause to be discharged any storm water surface water ground water roof runoff subsurface drainage cooling water or unpolluted industrial process waters to any sanitary sewer
Section 502 Storm water and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers or to a natural outlet approved by the Superintendent
Section 503 Except as hereinafter provided no person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewer
(a) Any liquid or vapor having a temperature higher than 150 degrees F
(b) Any waters or wastes which may contain more than 100 parts per million by weight of fat oil or grease
(c) Any gasoline benzene naphtha fuel oil or other flammable or explosive liquid solid or gas
(d) Any garbage that has not been properly shredded
(e) Any ashes cinders sand mud lime slag grass metal glass rags feathers tar plastics wood paunch manure or any other solid or viscous substance capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewage works
(f) Any waters or wastes having a pH lower than 5 5 or higher than or having any other corrosive property capable of causing damage or hazard to structures equipment and personnel of the sewage works
(g) Any cyanides phenols or wastes containing a taste or odor producing substance in such quantity as to interfere with any sewage treatment process or to constitute a hazard to humans or animals or create any hazard in the receiving waters of the sewage treatment plant
(h) Any waters or wastes containing radioactive isotopes of such half life or concentration as may exceed limits established by the Superintendent in compliance with applicable state or federal regulations
(i) Any waters or wastes having a pH in excess of 9 5
(j) Any noxious or malodorous gas or substance capable of creating a public nuisance
Section 504 Grease oil and sand interceptors shall be provided when in the opinion of the Superintendent they are necessary for the proper handling of liquid wastes containing grease in excessive amounts or any flammable wastes sand and other harmful ingredients except that interceptors shall not be required for private living quarters or dwelling units All interceptors shall be of a type and capacity approved by the Superintendent and shall be located as to be readily and easily accessible for cleaning and inspection
Grease and oil interceptors shall be constructed of impervious materials capable of withstanding abrupt and extreme changes in temperature They shall be of substantial construction watertight and equipped with easily removable covers which when bolted in place shall be gastight and watertight
Section 505 Where installed all grease oil and sand interceptors shall be maintained by the owner at his expense in continuously efficient operation at all times
Section 506 The admission into the public sewers of any waters or wastes having a 5 day Biochemical Oxygen Demand greater than 300 parts per million by weight or containing more than 350 parts per million by weight of suspended solids or containing any quantity of substances having the characteristics described in section 503 or having an average daily flow greater than 2 per cent of the average daily sewage flow of the Town shall be subject to the review and approval of the Superintendent Where necessary in the opinion of the Superintendent the owner shall provide at his expense such preliminary treatment as may be necessary to reduce the Biochemical Oxygen Demand to 300 parts per million and the suspended solids to 350 parts per million by weight or reduce objectionable characteristics or constituents to within the maximum limits provided for in section 503 or control the quantities and rates of discharge of such waters or wastes Plans specifications and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted to the Superintendent and no construction of such facilities shall be commenced until approval obtained in writing
Section 507 Where pretreatment facilities are provided for any waters or wastes they shall be maintained continuously in satisfactory and effective operation by the owner at his expense
Section 508 When required by the Superintendent the owner of any property served by a building sewer carrying industrial wastes or any other flow shall install a suitable control manhole in the building sanitary sewer to facilitate observation sampling and measurement of the wastes Such manhole when required shall be accessibly and safely located and shall be constructed in accordance with plans approved by the Superintendent The manhole shall be installed by the owner at his expense and shall be maintained by him so as to be safe and accessible at all times
Section 509 All measurements tests and analyses of the characteristics of waters and wastes to which reference is made in this ordinance shall be determined in accordance with the latest edition of Standard Methods for the Examination of Water and Sewage and shall be determined at the control manhole provided for in Section 508 or upon suitable samples taken at said control manhole In the event that no special manhole has been required the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life limb and property The particular analyses involved will determine whether a 24 hour composite of all outfalls of a premises is appropriate or whether a grab sample or samples should be taken Normally but not always BOD and suspended solids analyses are obtained from 24 hour composites of all outfalls whereas pH is determined from periodic grab samples
Section 510 No person shall discharge or cause to be discharged any unpolluted waters such as storm water groundwater roof runoff subsurface drainage or cooling water to any sanitary sewer except by special permission of the Superintendent

ARTICLE VI
PROTECTION FROM DAMAGE
Section 601 No unauthorized person shall maliciously willfully or negligently break damage destroy uncover deface or tamper with any structure appurtenance or equipment which is a part of the sewage works Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct

ARTICLE VII
POWERS AND AUTHORITY OF INSPECTORS
The Superintendent and other duly authorized employees of the Town bearing proper credentials and identification shall be permitted to enter all properties for the purpose of inspection observation measurement sampling and testing in accordance with the provisions of this ordinance The Superintendent or his representatives shall have no authority to inquire into any processes including metallurgical chemical oil refining ceramic paper or other industries beyond that point having a direct bearing on the kind and source of discharge to the sewers or waterways or facilities for waste treatment
While performing the necessary work on private properties referred to in Section 601 the Superintendent or duly authorized employees of the Town shall observe all safety rules applicable to the premises established by the owner and the owner shall be held harmless for injury or death to the Town employees and the Town shall indemnify the owner against loss or damage to its property by Town employees and against liability claims and demands for personal injury or property damage asserted against the owner and growing out of the gauging and sampling operation except as such may be caused by negligence or failure of the owner to maintain safe conditions as required in Section 510
The Superintendent and other duly authorized employees of the Town bearing proper credentials and identification shall be permitted to enter all private properties through which the Town holds a duly negotiated easement for the purposes of but not limited to inspection observation measurement sampling repair and maintenance of any portion of the public sewer system lying within such easement All entry and subsequent work if any on such easement shall be done in accordance with the terms of the duly negotiated easement pertaining to the private property involved

ARTICLE VIII
PENALTIES
Any person found to be violating any provision of this ordinance except Section 601 shall be served by the Town with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof The offender shall within the period of time stated in such notice permanently cease all violations
Section 802 Any person who shall continue any violation beyond the time limit provided for in Section 801 shall be guilty of a misdemeanor and on conviction of any violation shall be subject to a penalty of not less than $10 00 nor more than $200 00 for each violation together with the cost of prosecution and in default of payment of such forfeiture and costs shall be imprisoned in the County Jail until such forfeiture and costs are paid but not exceeding thirty days
Section 803 Any person violating any of the provisions of this ordinance shall become liable to the Town for any expense loss or damage occasioned the Town by reason of such violation

ARTICLE IX
VALIDITY
Section 901 All ordinances or parts of ordinances in conflict herewith are hereby repealed
Section 902 The invalidity of any section clause sentence or provision of this ordinance shall not affect the validity of any part of this ordinance which can be given effect without such invalid part or parts

ARTICLE X
ORDINANCE IN FORCE
Section 1001 This ordinance shall be in full force and effect from and after its passage and approval recording and publication as provided by law
The foregoing ordinance was adopted by the Town Board of the Town of Grand Chute Outagamie County Wisconsin on the 2nd day of June 1966

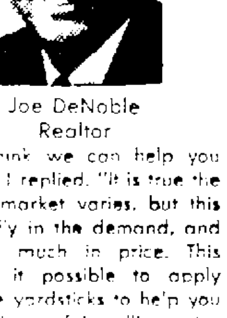
Realty Views

"May I ask you a question," said Mrs. Breyson, "since we are thinking of selling our home. In view of the ups and downs of the house market, how do we go about setting a price?"



Joe DeNoble
Realtor

"I think we can help you there," I replied. "It is true the house market varies, but this is chiefly in the demand, and not so much in price. This makes it possible to apply reliable yardsticks to help you determine a fair selling price for your home."

"I see," Mrs. Breyson said. "In other words, it is possible to set a fair price which we can expect to get."

"Yes," I said, "within realistic time limits."

"We can afford to be patient," Mrs. Breyson replied. "We have plenty of time to make a move. Could you arrange to inspect our house some evening when my husband is home?"

"Certainly," I answered.

"Good," Mrs. Breyson said. "I like your helpful attitude. You'll hear from me soon."

May we put our "helpful attitude" to work for you? We can sell your house too!

Khrushchev's Appearance First in Year

Great Policy Change Noted in Fact That He's Still Alive

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — A chunky, bald man, showing his 72 years, drove up to a Moscow voting place in a chauffeur-driven car with his wife and a bodyguard, cast his ballot, and left without cheers or catcalls.

Sunday was the first time Nikita Khrushchev, living on a pension now, had appeared in public since he voted last year. He is as close to being anonymous as the present Soviet leaders can make him.

Being forced to live out his life in obscurity, since the new bosses bounced him as the No. 1 man in October 1964, may seem harsh. But almost certainly it is more than Stalin would have permitted.

Testimony of Change

That he can go on living at all after losing in the Soviet power struggle is as good testimony as any to the change he wrought in the Soviet Union and, as a result, in the world.

Thus his present obscurity is only temporary, even though it lasts his lifetime. But his exact place in history is not at all certain since it will depend upon what eventually happens to communism.

He was not an innovator in the field of tangibles, like Stalin who drove and dragged the Soviet Union into the atomic and space age and, at frightful cost in lives and luxury, gave it industry.

Khrushchev's contribution, over the 10 years in which he dominated most of communism, was in the field of the spirit, which may seem an odd word to associate with a man so earthy, tempestuous and unpredictable.

Stalin was totally dedicated to the triumph of the Communist state, no matter the cost to the people in it. Khrushchev rendered such Red fanaticism ludicrous and obscene when he revealed Stalin as a monster and murderer.

Life More Important

Khrushchev didn't lessen the importance of the state. But he made life and people more important than Stalin could have imagined or tolerated by relaxing the cold war inside and outside of the Soviet Union.

Inside, the people, harassed less by the secret police, could breathe a little freer, could express a little discontent, even though timidly, while the state paid more attention to their needs and their comforts.

Outside, there were thunderclaps. Red China broke with the Kremlin. Unrest bubbled through the satellites and is not ended. There was an uprising in Poland. The revolt in Hungary was too much for Khrushchev, who crushed it. Communist parties in the non-Communist world were affected and Reds everywhere examined their old attitudes or adopted new ones.

Khrushchev sometimes bumbled, sometimes stumbled, sometimes took wild chances and lost on them, as when he put missiles in Cuba. Yet through it all he melted the cold war a great deal, tried to get along better with the West, signed the limited nuclear test ban treaty and lived to see his successors follow much of his policy.

If he had been Stalin he would have been prepared when his friends, or enemies, turned on him and threw him out. He would have crushed them.

They accused him of mishandling the dispute with China, of mismanaging the Soviet economy, of bungling the Cuban crisis and even of supporting a "cult of personality."

He probably was a poor manager but at his particular moment in Soviet history he gave his people something that would have been inevitable sooner or later after the bleak and homicidal years of Stalin.

He gave them a strong change of spirit which his successors inherited. The Russian people are better off than they ever were, the split with China is deeper, and the cold war is still muted.

Polls Showing LBJ Losing Public Support

Disenchantment on Viet Nam, Handling Of Labor Growing

WASHINGTON (AP) President Johnson tried to play it cool while critics of the Viet Nam war raised the temperature and now opinion polls indicate a dwindling confidence in the way he handles his job.

There are other reasons for what seems to be a growing disenchantment.

But the poll results must be disturbing to a man who likes to feel he has broad public support for his actions before he acts. Consensus, he calls it. He had it in 1965, a calmer time than this.

In that first year after his election Congress, overwhelmingly controlled by his Democrats, listened to him dutifully and responded with the most productive legislature year in history.

War Involvement

He isn't having the same sleighride now. In the meantime two things above all happened.

The United States got up to its neck in Viet Nam, where factional chaos sometimes makes American help look ludicrous, and the criticism of American involvement and Johnson's leadership took on big dimensions.

Johnson had a choice.

He could have tackled his critics head on—say with a detailed explanation to the nation on television—or let his top aides do the answering.

He chose the second course which has been much less than fully effective.

His own explanations have been in bits and pieces in speeches and news conferences, sandwiched in among other things, and his aides, trying to state the administration's case to Congress, got banged and interrupted by critics.

Perhaps Johnson hoped as weeks and months passed the war would take such a happy turn that the critics, and the doubts and discontent set ablaze by them, would be rendered meaningless. Instead the war got worse.

This failure of Johnson to handle his critics directly may turn out to be one of his greatest mistakes. Yet Johnson, like other conscientious, hard-working men, is extremely sensitive to criticism.

But Congress is also sensitive—about the voters—in an election year like this when all the House seats and one-third of those in the Senate are at stake.

This explains in part why Johnson can't work the same magic with Congress in 1966 that he did in 1965. His requests are no longer being steam-rollered through and Congress is dumping advice on him from all directions.

His magic isn't the same elsewhere, either. Labor, which backed him in 1964's elections, sounds increasingly dissatisfied with his attempt to limit wage increases to 3.2 per cent a year.

Just a couple of weeks ago AFL-CIO President George Meany, more and more critical of Johnson's administration, announced: "I don't buy the idea that labor needs the Democratic party."

Negroes are pushing for more and more action, although Johnson while as a senator and president has done more to push through civil rights legislation than any man in this century.

Inflation, or the danger of it, is a problem. The United States has its hands full trying to reorganize the North Atlantic Treaty alliance. Johnson is under pressure to be nicer to Red China, which just hisses.

The best break Johnson has had so far in 1966 is that critical trouble has not broken out elsewhere around the world while the United States is bogged down in Viet Nam.

Your Money's Worth

Few Firms Solve Negro Employment Problems

BY SYLVIA PORTER

Few American corporations are employing Negroes as well as their chief executives think they are doing. Every effective Negro employment program has this "one thing in common: a chief executive determined that

Porter

the program produce results and willing to commit himself to it for an indefinite period."

Many top executives think the Negro is making more progress than he is. "Negroes still generally are being hired for the low-paying, low-status jobs. The number employed in non-traditional jobs is small."

Most companies are not doing as well in employing Negroes as they want to. Most agree "only a beginning has been made."

Not Truly Integrated

There is, in short, a huge gap between company policy and practice and "business should not think of itself as truly integrated until many more Negroes are hired and until the policy of merit-ability-performance is followed for all employes in all their business relationships."

These are some of the 20 major findings in one of the most dependable studies ever made about Negro employment in the U.S. The study was undertaken by the National Industrial Conference Board, among the world's great fact-finding laboratories. It was financed by a Ford Foundation grant and took 18 months to complete.

"American companies have hired Negro employes with far fewer problems than they anticipated," the NICB reports. This is hard news and, since it's also good news the Conference Board understandably highlights it. But to me, the really hard good news is the businessman's growing recognition of the challenges he himself must meet before this "problem of concern for all Americans" is solved.

Policy Needs Action

Over and over, the executives told NICB interviewers that while "a strongly written policy statement on equal opportunity is needed," this is not enough. The policy must be backed by top management's vigorous, sustained, affirmative action.

Over and over, the businessmen disclosed their dissatisfaction with their own progress. They are seeking ways to measure the qualifications of job applicants objectively. They understand that the "problems of training, upgrading and advancement are of crucial importance."

Most provocative are the report's references to the Negro in professional sports (which a footnote carefully points out are "genuine business enterprises.") The successful baseball team doesn't wait for things to happen; it makes them happen. Professional baseball "is integrated because it recruits, hires, trains and pays its players on a strict merit - ability - performance basis."

Required Reading

This is a study designed for businessmen and it should be required reading for every businessman, but as NICB president, H. Bruce Palmer, remarks, "its scope goes beyond business considerations. It will not tell the executive what role he should play in Negro employment, but it will tell him what role others are playing and what role he can play, if he chooses. And it will tell him what has worked so far."

The recent White House Conference on Negroes' rights gave highest priority to more jobs for Negroes. To grasp the urgency of this, you need only to know that even in this period of record employment and incomes, the Negro jobless rate is still twice the rate for whites and the average income of Negro families is still half the average of white families.

By dramatizing business' realization of this shameful background and of how far it must go before it achieves the goal of "equal opportunity," the study indicates how far business already has gone.

Fisherman Dies Near Hartford

HARTFORD, Wis. (AP) — A fisherman drowned Saturday when his boat capsized as he was lifting its anchor.

His nine-year-old son survived by clinging to a life preserver cushion.

The victim was Ben J. Widmann, 33, a factory machine operator who lived in the Milwaukee suburb of Glendale. His body was recovered from 35 feet of water in Druid Lake near here.

Washington County authorities said Widmann and his son, Craig, were fishing from a 12-foot boat when he pulled up the anchor to move the craft to another spot. Widmann apparently lost his balance and fell overboard, upsetting the boat, authorities said.

University of Louisville To Have Kidney Center

LOUISVILLE, Ky. (AP) — A major center for artificial kidney treatments will be set up at the University of Louisville Medical School.

The school, which is currently keeping nine patients alive with three kidney machines, has been granted $700,000 in federal funds to expand its facilities. The grant was announced by the U.S. Public Health Service in Washington.

HEARTBURN?

Violent Riot Erupts on Chicago's North Side

A Police Squad Car, Overturned by an unruly mob burns at a near northwest side intersection in Chicago Sunday. The crowd had broken into disorder after a man was shot in the leg when police tried to break up a gang fight. The incident was in a Latin American neighborhood. (AP Wirephoto)

Crowd Numbering Over 1,000 Burns Squad Car; Two Dozen Hurt; 30 Jailed

CHICAGO (AP) — Violent street fighting erupted in a predominantly Puerto Rican neighborhood on Chicago's North Side Sunday night after a policeman shot a Puerto Rican youth he said had threatened him with a gun.

The surging, rock-throwing mob numbered more than 1,000, police said.

The rioters tipped a police car on its side and burned it. Another squad car was heavily damaged. Windshields of many more were broken by rocks and hurled pop bottles. Fire was started in another police car but quickly extinguished.

By midnight at least two dozen persons had been injured and more than 30 jailed.

Sporadic Gunfire

Police were pelted with rocks, bottles and debris as they tried to disperse the crowds in a 10-square-block area.

Sporadic gunfire could be heard and looting was reported in several shops.

Patrolman Thomas Munyon, 25, the officer who shot the youth, described the incident.

"My partner and I went into this alley to break up a fight. This guy started to pull a gun from under his shirt and I shot him. There were about 10 or 15 persons in the alley . . . so my partner and I put the wounded man into a car and got out of there."

The wounded man was identified as Cruz Arcelis, 20.

Munyon, married and the father of two, said he fired four times and didn't know how many shots hit Arcelis.

After the incident aroused

100 Feared Dead in Bombay Rail Crash

Rescuers Use Torches to Cut Through Aluminum Coaches

BOMBAY (AP) — At least 100 persons were feared killed today and 120 injured when two suburban trains jammed with commuters crashed together in a Bombay suburb.

Five hours after the early morning collision, railway officials announced 92 bodies had been counted and there were 106 injured so far.

Traffic on the city's railways, which carry two million persons daily, was disrupted while doctors, firemen and police struggled through the wreckage to rescue trapped commuters. Each train reportedly carried more than 1,000 passengers.

Firemen used blowtorches to cut their way into twisted aluminum coaches in which men, women and school children were trapped.

Worst in History

The accident was thought to be the worst in western India's rail history. It occurred near a grade crossing in the Matunga Station nine miles from Victoria Station in downtown Bombay.

The collision occurred at the Kurla-Sion-Dadar junction 20 miles to the north as one train was being switched to another track. The other train was en route to the central terminal.

The impact sent the first three cars of one train off the tracks.

Service on the central railway was stopped at once, halting movement to Madras, Calcutta and New Delhi.

Thousands of persons rushed to the crash scene in a crowded residential area while hundreds of police tried to cordon off the area.

The first carriage of the Thane-bound train was the worst hit. Most of the occupants were women, including scores of vegetable vendors.

The Municipal General Hospital at nearby Sion was set apart for accident casualties and closed to other admissions while the Indian Navy's Sion Hospital rushed 100 doctors and nurses to Matunga to treat the injured.

Victoria Terminus platforms, nine miles from the accident, were soaked with blood as dozens of casualties were brought for admission to the Downtown Hospital.

Soon after the collision another

Buddhists Begin New Demonstrations

Two Weeks Rest From Riots Ends For Saigon Police

SAIGON (AP) — Buddhist antigovernment demonstrations swept the streets of Saigon anew today, ending two weeks of comparative peace in the riot-weary capital of South Viet Nam.

Steel-helmeted riot police deployed around the U.S. Embassy as a crowd of demonstrators hurled rocks and bricks converged on the city's center.

A score of persons were arrested at the Cholon market and crowds fled before clouds of tear gas fired from grenade launchers.

The demonstrations were staged at the height of the evening rush hour.

Most of the demonstrators marched out of the Buddhist Institute some two miles from the heart of the city. The institute has been the nerve center of all Buddhist agitation in Saigon.

One group succeeded in reaching the heavily guarded Gia Long Palace, the residence of the chief of state, Lt. Gen. Nguyen Van Thieu, whom the Buddhists want removed along with Premier Nguyen Cao Ky.

Riot police charged the crowd there, herding the monks into police vans. Youths were taken into detention and police said they would be sent for induction into the army.

In scattered parts of the city, protesters burned outside Buddhist family altars put out in an emotional gesture of antigovernment protest.

Plane Crash Ignites Blaze In California

SANTA BARBARA, Calif. (AP) — James B. Lee, 22, Prairie du Chien, Wis., was injured Sunday when a private plane crashed and killed two others.

Killed in the crash were Jack Cecil Coach, and John F. Parce, both in their early 20s and both from San Diego.

Lee sustained a broken left wrist and cut injuries. John D. Sutton, 21, St. Petersburg, Fla., suffered a broken left ankle.

The crash in the mountains west of the Santa Ynez Valley near Santa Barbara started a major brush and timber fire.

SANTA BARBARA, Calif. (AP) — [illegible] worked in Victoria hand-to-hand combat today against a 20,000-acre brush and pine fire which threatened the Lompoc Valley [illegible] Calif. [illegible] Pilot [illegible] Naval Missile [illegible] [illegible] slow U.S. Forest Service [illegible] P-2V Neptune [illegible] [illegible] steep bluffs [illegible] big canyons. The wind is one [illegible] which make it dangerous.

Towering clouds of smoke [illegible] cast an orange tinted pall over the seaside resort town of Santa Barbara about 30 miles to the south.

Five hundred expert [illegible] fire fighters arrived on the fire lines through the night and [illegible] from Arizona and New Mexico. Other fire fighters moved in from all over California by bus and plane.

Eight aircraft which dropped fire retardant solution on the blaze Sunday were to be pressed into service again.

U. S. Pilot Destroys 13th MIG in Northern Dogfight

Paratroopers Comb Site of Battle for Signs of Enemy

SAIGON, South Viet Nam (AP) — A U.S. Navy pilot destroyed the 13th Communist MIG of the war in an air battle between the key North Vietnamese cities of Hanoi and Haiphong Sunday and narrowly missed getting a second. But two U.S. planes were lost in new air attacks against the Communist north today.

Cmdr. Hal L. Marr, 40, of Roseburg, Ore., scored the hit on the MIG with his second heat-seeking Sidewinder in a numerically equal dogfight between four F8 Crusader jets from the carrier Hancock and four Soviet-designed MIGs.

A U.S. spokesman said the encounter occurred 31 miles northwest of Haiphong, North Viet Nam's main port and 35 miles northeast of Hanoi, the capital.

Plane Damaged

The missile homed in on the MIG's hot tailpipe and destroyed it. Marr, commanding officer of Fighter Squadron 211 aboard the Hancock, attacked another MIG with his 20mm cannon and hit its right wing but ran out of ammunition before he could finish off the enemy plane. The damaged plane apparently limped home.

A twin-jet U.S. Air Force B57 Canberra fighter-bomber vanished with its two crewmen east of the Mu Gia Pass today while an Air Force F4C Phantom jet was shot down by ground fire northwest of coastal Dong Hoi City. Parachutes were seen but the two fliers were listed as missing.

They were the 261st and 262nd American planes reported lost over the Communist north.

In the jungled central highlands, a U.S. paratroop battalion combed the battle area for signs of the enemy. Two Americans were killed and 22 wounded in the fighting Saturday.

At Least 89 Reported Dead In Hong Kong

Torrential Storm Sets Off Mud, Rock Avalanches

HONG KONG (AP) — At least 89 persons were feared dead in the wake of a torrential storm Sunday that set off mud and rock slides throughout the hilly island colony.

Three thousand rescue workers have recovered 51 bodies from the debris. Search headquarters said 16 more were buried and presumed dead, and another 22 missing and feared lost.

Police, firemen and troops searched alleys filled with mud and rocks by the 14-inch deluge that lashed Hong Kong for 15 hours.

Bulldozers, heavy trucks and tractors were called in to clear shattered cars and other debris from main intersections and streets, but traffic was halted throughout much of the island.

Helicopters ferried food supplies to Victoria Peak, a European residential area isolated by slides and washed-out roads.

Emergency generators were set up to supply power. Gas, water and telephone service was disrupted.

Unofficial damage estimates ranged up to $20 million.

Weekend Car Crashes Kill 11 in State

By THE ASSOCIATED PRESS

Eleven persons, including an elderly Iowa woman en route to Milwaukee following her son-in-law's funeral, died in highway accidents in Wisconsin during the weekend. The state's 1966 toll reached 377, compared with 388 on this date last year.

Mrs. Estella R. Johnson, 70, of Waterloo, Iowa, was killed Sunday when a car hit a bridge abutment on Highway 11-81 near the west city limits of Monroe. She was driving to Milwaukee with her daughter, Mrs. Donna J. Murray, 41, whose husband was buried Saturday at Waterloo. Mrs. Murray, who lives in Milwaukee, suffered a cut lip.

Three persons died Saturday night in a two-car crash on a four-lane expressway near West Bend.

The victims were Edwin Schultz, 43, Milwaukee, his brother Charles, 31, also of Milwaukee, and Henry Leweling, 84, Union Grove.

Washington County authorities said both cars were northbound on four-lane U.S. Highway 41 when they evidently collided and crashed at the Highway 45 exchange nine miles south of West Bend.

The Schultz vehicle rammed a concrete pillar. The car in which Leweling was riding overturned.

The two brothers, both postal workers, were on a weekend fishing trip.

Floyd W. Moon Jr., 23, rural Campbellsport, was injured fatally Sunday when his motorcycle left Highway 67 in southeastern Fond du Lac County and struck a tree. His brother, Adrian, a passenger, was hospitalized.

Mrs. Ethel F. Weger, 60, Madison, died Saturday night in a two-car crash at a Dane County crossroads southeast of Madison.

Leo Valle, 37, rural Beloit, was injured fatally Saturday night when his car left a road and crashed into a farm house about nine miles west of Beloit.

She's Married on 'The Rock' to Fill Childhood Dream

SAN FRANCISCO (AP) — Alcatraz, the isolated craggy rock in San Francisco Bay, had more persons on it Sunday than have been on it since the federal prison was closed three years ago.

More than 300 persons attended the wedding of Barbara Hart and John Cirelli of San Jose. They were married on The Rock, one of Barbara's childhood dreams.

Barbara is the daughter of Mr. and Mrs. John E. Hart. Her father was a guard at Alcatraz for 18 years. She grew up there. Her parents still live there. They are the caretakers of the island.

Computer Equipment Sought by NASA

CAPE KENNEDY, Fla. (AP) — The National Aeronautics and Space Administration is negotiating with General Electric Co. for some $ million worth of additional computer equipment.

NASA said the equipment will permit two simultaneous tests to be run and will help consolidate administrative and scientific data to support the Apollo man-to-the-moon program.

U. S. Arms Requests Are Turned Down

STOCKHOLM, Sweden (AP) — Munitions trade sources say the Swedish government has turned down repeated United States requests to buy Swedish arms and ammunition for the use of American forces in Viet Nam.

Harvard Prof. John Galbraith, former U.S. ambassador to India, said Sunday in Providence, R.I.:

Sweden has thought so little of our (Viet Nam) policy that she has imposed an arms embargo—a quarantine—upon us.

There has been no official confirmation of the reports in Washington or Stockholm.

Swedish Trade Minister Gunnar Lange said May 25 his department had not turned down any U.S. request to buy arms.

Several days later the Pentagon acknowledged that it had made informal inquiries about which types of TNT explosives were available in Sweden. It was learned that Swedish manufacturers had refused to sell explosives to the U.S.

The Pentagon also said it does not at present purchase or intend to purchase arms or ammunition from Sweden."

Official Swedish policy forbids arms sales to any nation involved or about to be involved in foreign or domestic conflicts. The embargo currently applies to Communist and Arab nations. Israel, Spain, Portugal and South Africa trade sources say.

Church Founded by Frank Lloyd Wright's Father Marks Century

RICHLAND CENTER (AP) — The centennial of a church founded by the father of architect Frank Lloyd Wright was celebrated Saturday and Sunday.

The ceremonies observed the 100th anniversary of the founding of the First Baptist Church of Richland Center by the Rev. William Wright in 1866. His son was born here in 1869.

Other services last week at the Lloyd Spring Green where the architect lived and taught until a new postage stamp dedicated to Wright, who died in 1959.

Fallen Leaders Turn Out at Soviet Election

Khrushchev Tells Newsmen He's Been Ill

MOSCOW (AP) — Two fallen leaders, Nikita Khrushchev and V.M. Molotov — were among the voters Sunday as the usual big turnout elected the unopposed candidates for the Soviet Parliament.

Khrushchev, 72, thinner and more subdued than in his last public appearance 15 months ago, smiled as he cast his ballot for the man who replaced him as premier, Alexei N. Kosygin.

"Yes, I've been ill," Khrushchev told newsmen, "but everyone gets ill now and then." The former premier and Communist party chief was hospitalized last summer for kidney trouble.

His wife added that he "is feeling very well now."

Khrushchev's appearance at a Moscow polling booth was clearly arranged by Communist officials to show the world that he is alive and healthy — unlike the victims of Stalin's purges.

Molotov, 76, former premier and foreign minister under Stalin, also surfaced from obscurity to vote at another Moscow polling station. Once known for his granite visage at international conferences, he was smiling as he left the station with his wife.

Khrushchev ousted him from power in 1957 but let him live a relatively free, comfortable life of retirement out of the public eye. Molotov told newsmen he was feeling "not bad" and spends his time "working and writing."

As in the past, more than 99 per cent of the 140 million registered voters over 18 were expected to cast ballots for the party-approved candidates. Both the election and the parliament itself are largely ceremonial, designed to show support for the Communist party's rule.

In his previous public appearance in March 1965 to vote in local Moscow elections, Khrushchev took off his hat and waved to an applauding crowd, joked with a clerk and responded to the warm reception with tears in his eyes.

Cooler Weather Tonight in Valley

Fox Cities — Partly cloudy tonight and Tuesday. Cooler tonight. Low near 53 degrees. High Tuesday near 73. Light westerly winds.

Appleton — Observations at 10 a.m. today for the preceding 24 hours. High temperature 74, Low 6? Wind out of the west at 5 miles per hour. Barometric pressure 29.97 and steady. Relative humidity 77. Dew point 62. Cloudy skies. No precipitation.

Five-day Forecast: — Temperatures Tuesday through Saturday will average 8 to 12 degrees below normal. Colder latter part of the week. Precipitation will total one-quarter to one-half inch in showers about mid-week and possibly in south portion near end of the week.

Sun sets at 8:38 p.m. rises Tuesday at 5:09. Moon rises tomorrow at 2:38 a.m. The planet Jupiter, now sets too soon after the sun to be easily seen. Late in July a bright "star" will rise just before the sun. It will be Jupiter, joining Mars and Venus in the morning sky.

Businessman Improved After Spat With Sinatra

BEVERLY HILLS, Calif. (AP) — Frederick R. Weisman, wealthy retired businessman injured during a cocktail lounge dispute involving singer Frank Sinatra, is showing marked improvement, say officials at Mt. Sinai Hospital.

He is conscious and recognizes members of his family, said a hospital spokesman. His condition still is serious but his progress "is satisfactory."

Weisman, 54, former president of Hunt Foods, was knocked unconscious Wednesday in the Polo Lounge of the Beverly Hills Hotel.

Sinatra said Weisman punched him under the eye after accusing Sinatra and his party of making too much noise.

Sinatra said Weisman fell across a table and onto a floor. No one hit Weisman, the singer said.

Weisman underwent cranial surgery Thursday, a hospital spokesman said.

Joel Habush, 25, Lay on a stretcher under a canopy Sunday while marrying Susan Levner, 21, in the chapel of the Veterans Administration Hospital in Milwaukee. Habush suffered a back injury Saturday when a second story porch collapsed at his home. Rabbi Louis Swichkow is at left. (AP Wirephoto)

Ku Klux Klan

Judge Delays Trial of Shelton 'Til September

WASHINGTON (AP) — A federal judge delayed today the contempt of Congress trial of Ku Klux Klan leader Robert M. Shelton until Sept. 12.

Chief Justice Matthew McGuire of the U.S. District Court ordered the delay after Shelton's attorney, Lester V. Chalmers Jr., said it would take one to two weeks to try the case.

The government had estimated earlier the trial would last only one day.

Shelton, named by the House Committee on Un-American Activities as imperial wizard of the United Klans of America, would not speak to newsmen.

If convicted, he faces a fine of between $100 and $1,000 and a prison sentence of from one month to one year.

The Shelton trial is expected to serve as a test case for the trial of six other Klan leaders scheduled this fall. All were cited by the committee on Feb. 2 and indicted a day later.

The contempt charges were brought on grounds the Klan officials refused to supply records and other documents to the Un-American Activities Committee during its four-month look last fall and winter into the Klan's secrets.

Refuses Details

Shelton appeared before the Klan investigation subcommittee last Oct. 19 and 20. After he gave his name and place and year of birth — Tuscaloosa, Ala., June 1929 — and said he had received a committee subpoena to testify Oct. 11, he refused about 100 times to answer questions.

In addition to questions relating to production of personal

Sister St. Thomas visits with the Rev. Thaddeus Koszarek at the farewell open house for her sponsored by the St. Rose Catholic Congregation, Clintonville. Sister St. Thomas has served as principal of St. Rose School for the past six years and has been transferred to Waukesha. (Laib Photo)

Methodists Plan District Conclave

Brillion Church to be Host; Priest to be Part of Dialogue

BRILLION — A dialogue on "Jesus Christ, Our Lord" presented by Rev. John Snyder, S. J., of Marquette University and Rev. Dr. Richard Miller, superintendent of the Fond du Lac District of the Methodist East Wisconsin Conference will highlight the annual district camp meeting to which the Brillion Methodist Church will be host June 22-26 at the Methodist campgrounds.

The dialogue will be preceded by songs by the Schmidt Brothers of Two Rivers at 7:45 p.m., June 26.

The Chancel Players, formed under the auspices of the Union Congregational Church of Green Bay, will present P. W. Turner's drama, "Christ in the Concrete City" at 7:45 p.m. June 25. Group singing will be included in the program.

Plan Singspiration

Wednesday, Thursday and Friday sessions will include a singspiration at 7:45 p.m. led by Rev. William Minnis, pastor of the Methodist Church, Brandon, Wis. Mrs. Collette Stellmacher will be the organist.

Sermons on these three nights will be presented by the Rev. Dr. Harold McElvany, pastor of the Court Street Methodist Church, Rockford, Ill.

Dr. Mc Elvany is a graduate of Garrett Theological Seminary, received his Doctor of Divinity from the Illinois Wesleyan University and was nominated for "The Ten Most Effective Contemporary Ministers in America." Many of his sermons have been published in internationally known magazines. Dr. McElvany has gathered material for his presentations from the more than 30 countries he has visited.

The 10:30 a.m. Sunday service will be conducted by Rev. Herbert Zebarth, district superintendent of the Evangelical United Brethren Church.

Family Hour

Rev. Quentin Moeschberger of the United Church of Christ, Chilton, will conduct a children's hour at 1:30 p.m. Sunday. Following this, Rev. Roger Bourland, pastor of First Methodist Church, Green Bay, will preside at a family hour.

Camp meetings have been conducted here since before the turn of the century. Visitors stayed in tents during the early conferences and later cottages were built to house the participants.

In recent years the visitors — who come from within a 50-mile radius, including Appleton, Green Bay, Clintonville, Shawano, Seymour, Manitowoc and Sheboygan — have not been housed at the campgrounds due to lack of facilities.

People of all denominations may attend the campmeeting and there is no admission fee.

High Winds Early Saturday evening blew down an elm tree in front of St. Mary Catholic Church in Stockbridge. Members of the parish worked several hours during the night to have the tree removed prior to Sunday morning mass. (Thiel Photo)

Jaycees Plan Canvass in New London

Downtown Activity To Stir Interest in July 3, 4 Celebration

NEW LONDON — Jaycees will canvass the downtown area tonight in an attempt to stir interest in their July 3 and 4 celebration.

Members will be outfitted in costumes and will be selling tickets for door prizes to be given away during the event. Plans were discussed at Thursday's meeting and special committees named to handle parts of the July 4 affair. Committees for the July 3 water festival were named at a previous meeting.

Sam Shaw and Mike McPeak will conduct the games; Dennis Dobberstein and Brian Zietlow, antique car display and parade; Shaw, Roger Pitt, Zietlow and Dick Arndt, staging.

Dance Supervisor

Dances will be under the supervision of George Plowman and Gary Henke.

Doug Wolfe was named to look into insurance programs for the club which will cover members, spectators and participants at various club functions.

Rolf Hintzke was appointed project contact chairman. Hintzke will contact all members in an attempt to boost club participation in the projects.

The club also voted to take part in a car safety check which will be conducted by New London police.

A report on the Teen Bandstand show to be held at Hatten Park at 7:30 p.m. Sunday was given by Pitt. The club will share in the proceeds of the attraction which will include two rock and roll bands and a Los Angeles disc jockey. The Orions from Little Chute and the Head Choppers from California will be featured.

Rural Fremont Lutherans

Congregation to Mark Building Anniversary

FREMONT — Preparations to observe the 75th anniversary of the current building of St. John Lutheran Church, route 2, have begun with the appointment of planning committees.

Working with the Rev. H. A. Sherf, pastor, will be W. F. Winter, Alvin Beyer, Herman Breier, Arthur Spranger and Paul Warmeier.

They will compile a history of the church's buildings in the past 102 years. The present structure is the third church building of the Wisconsin Evangelical Lutheran Synod congregation, which observed its centennial in 1953.

On the hostess committee will be Mrs. Gordon Freer, Mrs. Raymond Koepp, Mrs. Jean Weiss, Mrs. Dale Riese, Mrs. Alvin Beyer and Mrs. Roger Utech.

A reunion of confirmands from the past 75 years will be combined with the observance. Invitations are being sent.

Visitors are invited to participate in the observance, which will include two worship services and a dinner Aug. 21.

Former Pastor

The Rev. H. M. Schwartz, Menominee, a former pastor of the congregation, will be guest preacher during the 9:30 a.m. service.

The Rev. Louis Winter, Oshkosh, who is a son of the congregation and a member of the 1962 confirmation class, will preach at the 2:30 p.m. rites.

Peace Church Children, Amherst, Set Program

AMHERST — Children who have been attending two weeks of church school at Peace Lutheran Church will present a program Thursday when the Peace Church Women hold their regular monthly meeting.

A special offering will be taken for the triennial convention, held in July in Portland, Oregon.

Hostesses are Mrs. Albert Bickel, Mrs. Morris Johnson, Mrs. Carl Bestul, Mrs. Norman Budsberg and Miss Iad Olson.

Bonduel High Releases Year's Final Honor Roll

BONDUEL — The high school honor roll for the final nine-week period has been announced with special honors going to Mary Eisch, Jolene Mueller, Allen Kohn, Carl Geling and Mary Krause.

Dr. W. O. Speekhard Dies; Former Clintonville Pastor

CLINTONVILLE — Dr. Walter O. Speckhard, 71, longtime pastor of the St. Martin Lutheran Church, died at 11 a.m. Sunday at the Clintonville Community Hospital. He was seriously ill for the past four months. The Eberhardt and Hoh Funeral Home is in charge of arrangements.

Dr. Speckhard was a native of Saginaw, Mich., and having decided to enter the ministry, he graduated from Concordia College at Fort Wayne, Ind., then attended and graduated from the Concordia Seminary at St. Louis.

He served St. Paul Lutheran Church at Battle Creek, Mich., for 12 years and came to Clintonville in July, 1929, where he served until his retirement in July, 1962. In 1958 he received the honorary degree of doctor of divinity from Concordia Seminary at St. Louis, Mo. He was married to Louise Andres at Bay City, Mich., on April 7, 1920.

Survivors are his widow, seven sons, three daughters, 31 grandchildren and two brothers.

Services will be 2 p.m. Tuesday at St. Martin Lutheran Church with the Rev. Carl A. Rieck and the Rev. William R. Christian, associate pastor of St. Martin, officiating. Burial will be in the parish cemetery.

Friends may call at the Church until 9 p.m. today, and from 9 a.m. until noon Tuesday.

A memorial fund in memory of Dr. Speckhard has been requested for the Bethesda Lutheran Home at Watertown, Wis.

Wittenberg Boys Join County Junior BABA

WITTENBERG — Boys, ages 14-17, have joined the County Junior BABA, composed of teams from Caroline, Leopolis, Bowler, Shawano, Clintonville and Wittenberg.

Games are to be played at 6:30 p.m. Tuesdays. Wittenberg entries will be handled by Carl Larsen and Ed Poock. Their first game, last week was a 12-0 shutout over Bowelr. Pitchers were Jeff Hartleben, Nick Strong, and Bob Stanke. Tuesday's game will be with Leopolis on their diamond.

Equipment for School Ordered In Clintonville

Partitioning for Teachers' Room To Cost $1,164

CLINTONVILLE — The purchase of L-shaped partitions for the teachers' rooms in the new school under construction, was approved by the Clintonville Board of Education Thursday.

The purchase will be made from Wisconsin School Service at a cost of $1,164, according to K. O. Rawson, superintendent.

Other purchases authorized by the board for the new school included 18 three-drawer files from Wisconsin School Service at a cost of $1,123; 18 double bookcases from Eau Claire Book and Stationery Co. for $1,836; two units as recommended by the superintendent on basketball boards and baskets, from Valley School Suppliers at a cost of $642; a water softener from Hedtke Farm Supply, Clintonville, for approximately $1,400; and a 10-by-10 foot walk-in freezer from Middleton Refrigeration, Clintonville, for about $2,100.

The board accepted the recommendation of the personnel and welfare committee regarding administrators' salaries including a bonus for Delores Fandrey.

It was also decided that a discussion regarding "shared time" be tabled until the 8 p.m. meeting June 28.

At that time anyone who has ideas or opinions or seeks information on the subject should appear.

Shared time involves making certain subjects and facilities of the public school system available to parochial school students.

85 Lutheran High Graduates Told to 'Fight Lord's Battle'

Ellington Pastor Warns War Against Satan Will be Hard

"At the present time the minds of Americans are filled with war but there is another war which concerns the Christians -- the battle of the Lord," the Rev. Robert Carter, Stephensville, told 85 Fox Valley Lutheran High School graduates Friday.

Speaking on a text from II Timothy, "Endure Hardships as a Soldier of the Lord," the pastor of Trinity Lutheran Church, Ellington and St. Paul Lutheran Church, Stephensville, warned that even today this war has many hardships.

"The enlistment posters read, 'The Lord Wants You;' He points to you and expects you to volunteer for full-time active duty as a Christian," the pastor told the graduates and the more than 1,000 relatives and friends.

"Basic Training"

"He has furnished you with basic training. Now you have a choice of dropping back into civilian ranks or fulfilling your duty," he said.

There will be many hardships to endure, the minister warned, but the most destructive will be the weapons of the enemy.

"The enemy will use dirty, guerrilla-type warfare, carried on by sneaks who will try to tempt you. Always remember that you have been provided with the strongest of all weapons — the Word of God, taught to you from childhood on by your parents and teachers."

Student speakers Carol Wierschke talked on the meaning of graduation to the 85 graduates, their parents and teachers.

Presents Diplomas

Thomas Bartz told of the importance of the Christian training. "The sermon of our lives will now begin," he told his classmates.

The Rev. Edgar Greve, assistant principal, presented the diplomas to the graduates in absence of the Rev. Harold Warnke, principal.

The Rev. Arnold Meyer, Brillion, president of the FVL Board of Regents assisted with the presentation and gave the invocation, the Scripture reading and the benediction.

"A Faithful Shepherd is My Lord," was sung by the FVL Choir.

Pastor Greve also announced that the student council had established a memorial fund for Pastor Warnke's father, who died Thursday.

Cheri Dohr, WSU-O Coed, Wins Crown

Brillion Teen Wins Miss New Holstein

NEW HOLSTEIN — Cheri Dohr, a 19-year-old Wisconsin State University-Oshkosh junior from route 1, Brillion, was crowned Miss New Holstein here Saturday night before more than 1,000 spectators.

Miss Dohr, a speech correction major, gave a serious declamation in talent competition. She is the daughter of Mr. and Mrs. Edmund J. Dohr.

First runner-up and Miss Congeniality was Barbara Wessel, 21, daughter of Mr. and Mrs. Raymond Wessel, route 2, Menasha.

Miss Wessel, who is employed at the Institute of Paper Chemistry, has enrolled in the University of Wisconsin-Fox Valley Center. She also teaches organ at Appleton and played the organ for her talent.

She was fourth runner-up in the Miss Appleton contest in March.

Chilton Student

Second runner-up was Jeanne Hoffmann, a junior at WSU-O and daughter of Mr. and Mrs. Marvin Hoffmann, Chilton.

Ten girls represented their communities, competing for the chance to participate in the Miss Wisconsin Contest next year in Oshkosh.

Miss Dohr will reign for the year before entering state competition.

Miss Dohr received a $200 scholarship from the New Holstein Association of Commerce. The first runner-up received $75 and the second runner-up and Miss Congeniality each $50.

All contestants were awarded a Miss America bracelet.

Attending were Angela Gina Baldi, Miss Wisconsin of 1964. She entertained with Sharyn Mueller, the 1964 Miss New Holstein, who was named Miss Congeliality in the 1965 Miss Wisconsin Pagent.

The Manitones, a barbershop quartet from Manitowoc, sang.

Donald Smith, Appleton, served as master of ceremonies. R. F. Hoerth was chairman and Mark Alkire was production director.

Judges were Jack Erkilla, Oshkosh, executive director of the Miss Wisconsin Pageant; Larry and Virginia Habermann, Milwaukee; Suzanne Furger, Milwaukee, and James Marshall of WTMJ, Milwaukee.

Pamela Steudel, the 1965 Miss New Holstein, who also entertained during the peagent, will compete in the Miss Wisconsin Pageant at Oshkosh July 4-9.

Cheri Dohr, Route 1, Brillion, was crowned Miss New Holstein Sunday night and will represent the city in the Miss Wisconsin Pageant next year at Oshkosh. The 19-year-old co-ed is the daughter of Mr. and Mrs. Edmund J. Dohr. (Thiel Photo)

Shiocton Motorist Pleads Innocent in Bear Creek Incident

WAUPACA — Merton W. Strong, 38, route 2, Shiocton, pleaded innocent Saturday when he was arraigned in Municipal Justice Court on a charge of driving while under the influence of intoxicants.

Strong, who was arrested Friday night by a Waupaca County traffic patrolman in the Town of Embarrass, was released after posting a $300 property bond. Trial date was set for 1:30 p.m. June 22.

2 Lutheran Parishes Conduct Two-Week Vacation Bible School

STEPHENSVILLE — Trinity Lutheran Church, Town of Ellington and St. Paul Lutheran Church, are conducting vacation Bible school for two weeks from 8:30 to 11:30 a.m. The session started last Monday. "Lord Teach us to Pray" is the theme.

Teachers at Trinity Lutheran are Mrs. Harold Kester, Dale, who teaches at St. Peter's Lutheran School, Freedom and Nancy Willenkamp, assisting, who is a parish member.

At St. Paul Lutheran Church is Fred Kieselhorst who teaches at the Emmanuel Lutheran School, New London, assisted by Mrs. A. Hugo Kuehnl. The Rev. Robert Carter is pastor at both parishes.

Waupaca to Act On 9 Teachers

School District To Hire 5 Women, Release 4 Others

WAUPACA — Contracts for five new Waupaca School District teachers are expected to be approved Tuesday when the board of education meets. The board will also act on the resignations of two teachers and the release of two others.

New teachers who have been offered contracts are Mrs. Marilee Stinemetz, a part-time librarian at Central School; Miss Vicki Andrea, English; Mrs. Jeanne Biegel, art; Carlyle Kottke, fifth grade, and Mrs. John Schroeder, eighth grade math.

Teachers expected to be released from their contracts are Marne Young, art, and Mrs. Margaret Kaduce. Both resigned after they had signed their 1966-67 contracts. According to board policy they are not released until replacements can be hired.

Resignations have been handed in by Mrs. Nancy Krause, second grade, and Norma Kaes, girls physical education.

Other items on the agenda are the purchase of a bus and setting the time and place for the July 1 school board organizational meeting.

The agenda also includes reports from Mrs. Zuege, an agency speech correction teacher. William Williams, elementary school principal, and Clarence Riddle, high school principal.

$353,140 Outstanding

Waupaca County Pays $697,479 Toward Tax

WAUPACA — Waupaca County taxpayers have paid $697,479 toward 1965 property taxes so far this year, but $353,140 remains uncollected according to John DeVaud, county treasurer.

DeVaud said the unpaid bal- of $267,150 in postponed taxes— due July 31 and $85,990 in delinquent taxes. This compares with $293,167 in delinquent and postponed taxes at this same time last year.

When treasurers of the various municipalities and townships turned their collections over to the county on March 15, $389,081 of the $1,050,620 county property tax levy was still outstanding. From March 15 until now DeVaud said he has collected an additional $35,940, cutting the unpaid balance to $353,141.

Postponement Popular

Postponing tax payments seems to get more popular each year, DeVaud said. With this system taxpayers can pay one-half or more of their taxes before Jan. 31 and then have until July 31 to pay the balance. They are not charged interest on the unpaid amount. If postponed taxes are not paid by July 31, interest of .08 per cent per month is charged and prorated back to January, he said.

Of the three major cities in the county, Clintonville has the largest amount of postponed taxes. The Clintonville levy for 1965 was $178,223, and of this $101,482 has been postponed and $4,349 is considered delinquent. Clintonville taxpayers so far have paid only $72,392.

New London had a tax levy of $119,321, and $76,943 is postponed and $13,404 delinquent. So far this year, $29,064 has been collected from New London property owners, DeVaud reports.

With a tax levy of $115,366, the city of Waupaca has $39,689 in postponed taxes and another $14,580 in delinquent taxes. The amount collected to date is $61,098.

Holds Clear Record

Of the 34 tax districts of the county the only one that does not have any postponed or delinquent 1965 taxes is the Village of Big Falls. The tax levy for the village was $1,485 and the entire amount was paid March 15, DeVaud said.

Delinquent taxes prior to 1965 total $38,419. Of this $12,057 is from 1964, $11,005 from 1963 and $1,082 from 1962. One year ago the delinquent taxes for the three previous years totaled $32,113, or $6,276 less than this year.

If the 1962 delinquent taxes are not paid by Oct. 18 this year, the county will take title to the property and sell it to the highest bidder, DeVaud said.

As a reminder, DeVaud said, all postponed and delinquent taxes must be paid at the county treasurer's office. Regular office hours are Monday through Friday and taxes can be paid anytime during these hours.

St. Olaf, Amherst, Will Hold Weekly Services

AMHERST — Worship service in St. Olaf Episcopal Church will be held every Sunday during the summer months, according to the Rev. Edmund Webster, Waupaca, rector. Services on the first and third Sundays of each month will start at 11:30 a.m.

Honor Roll Listed By Amherst High

AMHERST — Students names appearing on the honor roll at Amherst High School for the last quarter have been released by Principal Walter Bohman.

Seniors are Lawrence Hetzel, Sharon Jastromski, Kathleen Onan and Judith Suski; juniors are Janet Kachur, Patrick Krutza, Michael Krutza, Gary Onan.

Sophomores are Lynda Allen, Audrey Iwanski, Carol Meronek, Alan Muriset, Cyann Otto, Leroy Pask, Christine Peplinski, Caroline Reek, Judith Wimme; freshmen, Debra Carr, Delores Shulter, Ruth Somers.

VFW Officer to Talk To Wittenberg Women

WITTENBERG — Mrs. Jeanette Frank, department president of the Veterans of Foreigh Wars Ladies Auxiliary, from Manitowoc, will speak at the 8 p.m Thursday meeting of the auxiliary.

VFW members will meet at the same time.

State Officers Attend

Chilton Masons Mark Local Lodge Centennial

CHILTON—Wisconsin Grand Lodge officers and area lodge members were guests of the Chilton Lodge of the Free and Accepted Masons at its centennial celebration Saturday.

William Stauss, who related the lodge's history, stated the purpose of the Masons: "To improve ourselves and teach others who may join the fundamental truths, virtues and lessons of life that remain constant — temperance, fortitude, prudence and justice."

Brotherly love, belief and truth also are emphasized, he said.

Prior to the beginning of the Chilton chapter, Stauss related, men had to drive to Menasha by horse and buggy to take degrees.

On July 17, 1865, the state grand master granted a petition to establish a chapter in Chilton.

First Officers

The grand lecturer instructed and appointed as first officers James Robinson, worshipful master; S. H. James, senior warden; David La Count, junior warden; Ansul Watrous, treasurer, and H. T. Jensen, secretary.

The first temple was a two-story building on North Madison Street near the present temple. After about a year the lodge moved to a building owned by James Robinson, the present Baumann Shoe store.

In 1881 the lodge moved into the Gutheil Building, afterwards known as the Endries Building, later razed and occupied by the Standard Service Station.

The present masonic building was begun April 14, 1917, with W. J. Paulsen, Walter Kroenke and T. E. Connell on the building committee.

20-Year Bond Issue

The building was financed by subscription among members, donations and a 20-year bond issue for $16,000 at 4 per cent interest secured by a trust deed.

On Aug. 3, 1938, $6,700 was borrowed from three persons to pay off the due bonds. The debt was retired and the mortgage burned at a celebration about a year ago, Stauss said.

Entertainment was provided by a barber shop quartet, directed by Darrel Gilow, and Kenneth Greve, who rendered two vocal selections.

Following Stauss' history of the lodge, William Larson performed a magic act.

Addresses Group

Lewis A. Stocking, past state grand master, addressed the group.

Members of the centennial committees were Arthur Steiner, worshipful master, general chairman; Fred Longrie, secretary, program chairman and master of ceremonies; Robert Larson, trustee, dinner and reservations; Order of the Eastern Star, decorations and preparations in the hall and dining room, and William Stauss, past master, historical review.

Jaycees Plan Canvass in New London

Downtown Activity To Stir Interest in July 3, 4 Celebration

NEW LONDON — Jaycees will canvass the downtown area tonight in an attempt to stir interest in their July 3 and 4 celebration.

Members will be outfitted in costumes and will be selling tickets for door prizes to be given away during the event. Plans were discussed at Thursday's meeting and special committees named to handle parts of the July 4 affair. Committees for the July 3 water festival were named at a previous meeting.

Sam Shaw and Mike McPeak will conduct the games; Dennis Dobberstein and Brian Zietlow, antique car display and parade; Shaw, Roger Pitt, Zietlow and Dick Arndt, staging.

Dance Supervisor

Dances will be under the supervision of George Plowman and Gary Henke.

Doug Wolfe was named to look into insurance programs for the club which will cover members, spectators and participants at various club functions.

Rolf Hintzke was appointed project contact chairman. Hintzke will contact all members in an attempt to boost club participation in the projects.

The club also voted to take part in a car safety check which will be conducted by New London police.

A report on the Teen Bandstand show to be held at Hatten Park at 7:30 p.m. Sunday was given by Pitt. The club will share in the proceeds of the attraction which will include two rock and roll bands and a Los Angeles disc jockey. The Orions from Little Chute and the Head Choppers from California will be featured.

Rural Fremont Lutherans

Congregation to Mark Building Anniversary

FREMONT — Preparations to observe the 75th anniversary of the church building of St. John Lutheran Church, route 2, have begun with the appointment of planning committees.

Working with the Rev. H. A. Sherf, pastor, will be W. F. Winter, Alvin Beyer, Herman Braun, Arthur Springer and Paul Warnitzer.

They will compile a history of the church's buildings in the past 102 years. The present structure is the third church building of the Wisconsin Evangelical Lutheran Synod congregation, which observed its centennial in 1963.

On the hostess committee will be Mrs. Gordon Freer, Mrs. Raymond Koepp, Mrs. John Weiss, Mrs. Dale Riese, Mrs. Alvin Beyer and Mrs. Roger Ulrich.

A reunion of confirmands from the past 75 years will be combined with the observance. Invitations are being sent.

Visitors are invited to participate in the observance, which will include two worship services and a dinner Aug. 21.

Former Pastor

The Rev. H. M. Schwartz, Menominee, a former pastor of the congregation, will be guest preacher during the 9:30 a.m. service.

The Rev. Louis Winter, Oshkosh, who is a son of the congregation and a member of the 1922 confirmation class, will preach at the 2:30 p.m. rites.

Peace Church Children, Amherst, Set Program

AMHERST — Children who have been attending two weeks of church school at Peace Lutheran Church will present a program Thursday when the Peace Church Women hold their regular monthly meeting.

A special offering will be taken for the triennial convention held in July in Portland, Oregon.

Hostesses are Mrs. Albert Bickel, Mrs. Morris Johnson, Mrs. Carl Bestul, Mrs. Norman Rudsberg and Miss Jad Olson.

Bonduel High Releases Year's Final Honor Roll

BONDUEL — The high school honor roll for the final nine-week period has been announced with special honors going to Mary Eisch, Jolene Mueller, Allen Kohn, Carl Gehlig and Mary Krause.

Dr. W. O. Speekhard Dies; Former Clintonville Pastor

CLINTONVILLE — Dr. Walter O. Speekhard, 71, longtime pastor of the St. Martin Lutheran Church, died at 11 a.m. Sunday at the Clintonville Community Hospital. He was seriously ill for the past four months. The Eberhardt and Hoh Funeral Home is in charge of arrangements.

Dr. Speekhard was a native of Saginaw, Mich., and having decided to enter the ministry, he graduated from Concordia College at Fort Wayne, Ind., then attended and graduated from the Concordia Seminary at St. Louis.

He served St. Paul Lutheran Church at Battle Creek, Mich., for 12 years and came to Clintonville in July, 1929, where he served until his retirement in July, 1962. In 1958 he received the honorary degree of doctor of divinity from Concordia Seminary at St. Louis, Mo. He was married to Louise Andres at Bay City, Mich., on April 7, 1920.

Survivors are his widow, seven sons, three daughters, 31 grandchildren and two brothers.

Services will be 2 p.m. Tuesday at St. Martin Lutheran Church with the Rev. Carl A. Rieck and the Rev. William R. Christian, associate pastor of St. Martin, officiating. Burial will be in the parish cemetery.

Friends may call at the Church until 9 p.m. today, and from 9 a.m. until noon Tuesday.

A memorial fund in memory of Dr. Speckhard has been requested for the Bethesda Lutheran Home at Watertown, Wis.

Wittenberg Boys Join County Junior BABA

WITTENBERG — Boys, ages 14-17, have joined the County Junior BABA, composed of teams from Caroline, Leopolis, Bowler, Shawano, Clintonville and Wittenberg.

Games are to be played at 6:30 p.m. Tuesdays. Wittenberg entries will be handled by Carl Larsen and Ed Poock. Their first game, last week was a 12-0 shutout over Bowelr. Pitchers were Jeff Hartlebon, Nick Strong, and Bob Stanke. Tuesday's game will be with Leopolis on their diamond.

Equipment for School Ordered In Clintonville

Partitioning for Teachers' Room To Cost $1,164

CLINTONVILLE — The purchase of L-shaped partitions for the teachers' rooms in the new school under construction, was approved by the Clintonville Board of Education Thursday.

The purchase will be made from Wisconsin School Service at a cost of $1,164, according to K. O. Rawson, superintendent.

Other purchases authorized by the board for the new school included 18 three-drawer files from Wisconsin School Service at a cost of $1,123; 18 double bookcases from Eau Claire Book and Stationery Co. for $1,836; two units as recommended by the superintendent on basketball boards and baskets, from Valley School Suppliers at a cost of $642; a water softener from Hedtke Farm Supply, Clintonville, for approximately $1,400; and a 10-by-10 foot walk-in freezer from Middleton Refrigeration, Clintonville, for about $2,100.

The board accepted the recommendation of the personnel and welfare committee regarding administrators' salaries including a bonus for Delores Fandrey.

It was also decided that a discussion regarding "shared time" be tabled until the 8 p.m. meeting June 28.

At that time anyone who has ideas or opinions or seeks information on the subject should appear.

Shared time involves making certain subjects and facilities of the public school system available to parochial school students.

85 Lutheran High Graduates Told to 'Fight Lord's Battle'

Ellington Pastor Warns War Against Satan Will be Hard

"At the present time the minds of Americans are filled with war but there is another war which concerns the Christians — the battle of the Lord," the Rev. Robert Carter, Stephensville, told 85 Fox Valley Lutheran High School graduates Friday.

Speaking on a text from II Timothy, "Endure Hardships as a Soldier of the Lord," the pastor of Trinity Lutheran Church, Ellington and St. Paul Lutheran Church, Stephensville, warned that even today this war has many hardships.

"The enlistment posters read, 'The Lord Wants You.' He points to you and expects you to volunteer for full-time active duty as a Christian," the pastor told the graduates and the more than 1,000 relatives and friends.

"Basic Training"

"He has furnished you with basic training. Now you have a choice of dropping back into civilian ranks or fulfilling your duty," he said.

There will be many hardships to endure, the minister warned, but the most destructive will be the weapons of the enemy.

"The enemy will use dirty, guerrilla-type warfare, carried on by sneaks who will try to tempt you. Always remember that you have been provided with the strongest of all weapons — the Word of God, taught to you from childhood on by your parents and teachers."

Student speakers Carol Wierschke talked on the meaning of graduation to the 85 graduates, their parents and teachers.

Presents Diplomas

Thomas Bartz told of the importance of the Christian training. "The sermon of our lives will now begin," he told his classmates.

The Rev. Edgar Greve, assistant principal, presented the diplomas to the graduates in absence of the Rev. Harold Warnke, principal.

The Rev. Arnold Meyer, Brillion, president of the FVL Board of Regents assisted with the presentation and gave the invocation, the Scripture reading and the benediction.

"A Faithful Shepherd is My Lord," was sung by the FVL Choir.

Pastor Greve also announced that the student council had established a memorial fund for Pastor Warnke's father, who died Thursday.

$353,140 Outstanding

Waupaca County Pays $697,479 Toward Tax

WAUPACA — Waupaca County taxpayers have paid $697,479 toward 1965 property taxes so far this year, but $353,140 remains uncollected according to John DeVaud, county treasurer.

DeVaud said the unpaid balof $267,150 in postponed taxes due July 31 and $85,990 in delinquent taxes. This compares with $293,167 in delinquent and postponed taxes at this same time last year.

When treasurers of the various municipalities and townships turned their collections over to the county on March 15, $389,081 of the $1,050,620 county property tax levy was still outstanding. From March 15 until now DeVaud said he has collected an additional $35,940, cutting the unpaid balance to $353,141.

Postponement Popular

Postponing tax payments seems to get more popular each year, DeVaud said. With this system taxpayers can pay one-half or more of their taxes before Jan. 31 and then have until July 31 to pay the balance. They are not charged interest on the unpaid amount. If postponed taxes are not paid by July 31, interest of .08 per cent per month is charged and prorated back to January, he said.

Of the three major cities in the county, Clintonville has the largest amount of postponed taxes. The Clintonville levy for 1965 was $178,223, and of this $101,482 has been postponed and $4,349 is considered delinquent. Clintonville taxpayers so far have paid only $72,392.

New London had a tax levy of $119,321, and $76,943 is postponed and $13,404 delinquent. So far this year, $29,064 has been collected from New London property owners, DeVaud reports.

With a tax levy of $115,366, the city of Waupaca has $39,689 in postponed taxes and another $14,560 in delinquent taxes. The amount collected to date is $61,098.

Holds Clear Record

Of the 34 tax districts of the county the only one that does not have any postponed or delinquent 1965 taxes is the Village of Big Falls. The tax levy for the village was $1,485 and the entire amount was paid March 15, DeVaud said.

Delinquent taxes prior to 1965 total $38,419. Of this $12,057 is from 1964, $11,005 from 1963 and $1,082 from 1962. One year ago the delinquent taxes for the three previous years totaled $32,143, or $6,276 less than this year.

If the 1962 delinquent taxes are not paid by Oct. 18 this year, the county will take title to the property and sell it to the highest bidder, DeVaud said.

As a reminder, DeVaud said, all postponed and delinquent taxes must be paid at the county treasurer's office. Regular office hours are Monday through Friday and taxes can be paid anytime during these hours.

Honor Roll Listed By Amherst High

AMHERST — Students names appearing on the honor roll at Amherst High School for the last quarter have been released by Principal Walter Bohman.

Seniors are Lawrence Hetzel, Sharon Jastromski, Kathleen Onan and Judith Suski; juniors are Janet Kachur, Patrick Krutza, Michael Krutza, Gary Onan.

Sophomores are Lynda Allen, Audrey Iwanski, Carol Meronek, Alan Muriset, Cyann Otto, Leroy Pask, Christine Peplinski, Caroline Reek, Judith Wimme; freshmen, Debra Carr, Delores Shulfer, Ruth Somers.

VFW Officer to Talk To Wittenberg Women

WITTENBERG — Mrs. Jeanette Frank, department president of the Veterans of Foreigh Wars Ladies Auxiliary, from Manitowoc, will speak at the 8 p.m. Thursday meeting of the auxiliary.

VFW members will meet at the same time.

Cheri Dohr, WSU-O Coed, Wins Crown

Brillion Teen Wins Miss New Holstein

NEW HOLSTEIN — Cheri Dohr, a 19-year-old Wisconsin State University-Oshkosh junior from route 1, Brillion, was crowned Miss New Holstein here Saturday night before more than 1,000 spectators.

Miss Dohr, a speech correction major, gave a serious declamation in talent competition. She is the daughter of Mr. and Mrs. Edmund J. Dohr.

First runner-up and Miss Congeniality was Barbara Wessel, 21, daughter of Mr. and Mrs. Raymond Wessel, route 2, Menasha.

Miss Wessel, who is employed at the Institute of Paper Chemistry, has enrolled in the University of Wisconsin-Fox Valley Center. She also teaches organ at Appleton and played the organ for her talent.

She was fourth runner-up in the Miss Appleton contest in March.

Chilton Student

Second runner-up was Jeanne Hoffmann, a junior at WSU-O and daughter of Mr. and Mrs. Marvin Hoffmann, Chilton.

Ten girls represented their communities, competing for the chance to participate in the Miss Wisconsin Contest next year in Oshkosh.

Miss Dohr will reign for the year before entering state competition.

Miss Dohr received a $200 scholarship from the New Holstein Association of Commerce. The first runner-up received $75 and the second runner-up and Miss Congeniality each $50.

All contestants were awarded a Miss America bracelet.

Attending were Angela Gina Baldi, Miss Wisconsin of 1964. She entertained with Sharyn Mueller, the 1964 Miss New Holstein, who was named Miss Congeniality in the 1965 Miss Wisconsin Pagent.

The Manitones, a barbershop quartet from Manitowoc, sang.

Donald Smith, Appleton, served as master of ceremonies. R. F. Hoerth was chairman and Mark Alkire was production director.

Judges were Jack Erkilla, Oshkosh, executive director of the Miss Wisconsin Pageant; Larry and Virginia Habermann, Milwaukee; Suzanne Furger, Milwaukee, and James Marshall of WTMJ, Milwaukee.

Pamela Steudel, the 1965 Miss New Holstein, who also entertained during the peagent, will compete in the Miss Wisconsin Pageant at Oshkosh July 4-9.

Cheri Dohr, Route 1, Brillion, was crowned Miss New Holstein Sunday night and will represent the city in the Miss Wisconsin Pageant next year at Oshkosh. The 19-year-old co-ed is the daughter of Mr. and Mrs. Edmund J. Dohr. (Thiel Photo)

Shiocton Motorist Pleads Innocent in Bear Creek Incident

WAUPACA — Merton W. Strong, 38, route 2, Shiocton, pleaded innocent Saturday when he was arraigned in Municipal Justice Court on a charge of driving while under the influence of intoxicants.

Strong, who was arrested Friday night by a Waupaca County traffic patrolman in the Town of Embarrass, was released after posting a $300 property bond. Trial date was set for 1:30 p.m. June 22.

2 Lutheran Parishes Conduct Two-Week Vacation Bible School

STEPHENSVILLE — Trinity Lutheran Church, Town of Ellington and St. Paul Lutheran Church, are conducting vacation Bible school for two weeks from 8:30 to 11:30 a.m. The session started last Monday. "Lord Teach us to Pray" is the theme.

Teachers at Trinity Lutheran are Mrs. Harold Kester, Dale, who teaches at St. Peter's Lutheran School, Freedom and Nancy Willenkamp, assisting, who is a parish member.

At St. Paul Lutheran Church is Fred Kieselhorst who teaches at the Emmanuel Lutheran School, New London, assisted by Mrs. A. Hugo Kuehnl. The Rev. Robert Carter is pastor at both parishes.

Waupaca to Act On 9 Teachers

School District To Hire 5 Women, Release 4 Others

WAUPACA — Contracts for five new Waupaca School District teachers are expected to be approved Tuesday when the board of education meets. The board will also act on the resignations of two teachers and the release of two others.

New teachers who have been offered contracts are Mrs. Marilee Stinemetz, a part-time librarian at Central School; Miss Vicki Andrea, English; Mrs. Jeanne Biegel, art; Carlyle Kottke, fifth grade, and Mrs. John Schroeder, eighth grade math.

Teachers expected to be released from their contracts are Marne Young, art, and Mrs. Margaret Kaduce. Both resigned after they had signed their 1966-67 contracts. According to board policy they are not released until replacements can be hired.

Resignations have been handed in by Mrs. Nancy Krause, second grade, and Norma Kaes, girls physical education.

Other items on the agenda are the purchase of a bus and setting the time and place for the July 1 school board organizational meeting.

The agenda also includes reports from Mrs Zuege, an agency speech correction teacher, William Williams, elementary school principal, and Clarence Riddle, high school principal.

St. Olaf, Amherst, Will Hold Weekly Services

AMHERST — Worship service in St. Olaf Episcopal Church will be held every Sunday during the summer months, according to the Rev. Edmund Webster, Waupaca, rector. Services on the first and third Sundays of each month will start at 11:30 a.m.

State Officers Attend

Chilton Masons Mark Local Lodge Centennial

CHILTON — Wisconsin Grand Lodge officers and area lodge members were guests of the Chilton Lodge of the Free and Accepted Masons at its centennial celebration Saturday.

William Stauss, who related the lodge's history, stated the purpose of the Masons: "To improve ourselves and teach others who may join the fundamental truths, virtues and lessons of life that remain constant — temperance, fortitude, prudence and justice."

Brotherly love, belief and truth also are emphasized, he said.

Prior to the beginning of the Chilton chapter, Stauss related, men had to drive to Menasha by horse and buggy to take degrees.

On July 17, 1865, the state grand master granted a petition to establish a chapter in Chilton.

First Officers

The grand lecturer instructed and appointed as first officers, James Robinson, worshipful master; S. H. James, senior warden; David La Count, junior warden; Ansul Watrous, treasurer, and H. T. Jensen, secretary.

The first temple was a two-story building on North Madison Street near the present temple. After about a year the lodge moved to a building owned by James Robinson, the present Baumann Shoe store.

In 1881 the lodge moved into the Gutheil Building, afterwards known as the Endries Building, later razed and occupied by the Standard Service Station.

The present masonic building was begun April 14, 1917, with W. J. Paulsen, Walter Kroenke and T. E. Connell on the building committee.

20-Year Bond Issue

The building was financed by subscription among members, donations and a 20-year bond issue for $16,000 at 4 per cent interest secured by a trust deed.

On Aug. 3, 1938, $6,700 was borrowed from three persons to pay off the due bonds. The debt was retired and the mortgage burned at a celebration about a year ago, Stauss said.

Entertainment was provided by a barber shop quartet, directed by Darrel Gilow, and Kenneth Greve, who rendered two vocal selections.

Following Stauss' history of the lodge, William Larson performed a magic act.

Addresses Group

Lewis A. Stocking, past state grand master, addressed the group.

Members of the centennial committees were Arthur Steiner, worshipful master, general chairman; Fred Longrie, secretary, program chairman and master of ceremonies; Robert Larson, trustee, dinner and reservations; Order of the Eastern Star, decorations and preparations in the hall and dining room, and William Stauss, past master, historical review.

Public School Adds 20

Catholics at Hilbert Drop Second Grade

HILBERT — Approximately 20 pupils scheduled to enroll in St. Mary Catholic School's second grade will attend public school this fall, Supervising Principal Earl Anderson said today.

First graders from the parish have been attending the public school for many years. The parochial school will now begin classes at the third grade level

The decision was made, Anderson said, by the Rev. John Schmitt, pastor, and the parish board of trustees, when a replacement for lay teacher Mrs. Walter Vollmer could not be found.

Arrangements Made

Anderson said Father Schmitt wanted the public school authorities to know early so that arrangements for the additional pupils could be made. Only about six pupils were enrolled in the public elementary school.

St. Mary School will be staffed by three sisters of the Franciscan Order of Christian Charity, Manitowoc.

Anderson said the seventh and eighth grades at the public school will be moved upstairs and an additional third and fourth grade teacher will be hired.

Larger Enrollment

Grace Head will teach first grade, but because of its large enrollment a few of the pupils will be grouped with the second grade with Judith Klitzke in charge.

Mrs. Ross Hacker will teach fifth and sixth grades and John Buskeger, seventh and eighth grades.

Supervising Elementary Principal Raymond Nehrlich, who will serve as high school guidance counselor, will assume some of Buskeger's duties as well as teaching vocal music.

An Assortment of Handmade toy blocks were presented by Marion Junior Girl Scouts to Clintonville Community Hospital for the hospital's treasure chest. Making the presentation to Mrs. Eldred Hill, a nurse, are, from left, Mary Lubinski, Donna Lorrig, Kathy Nevan, Grace Ann Sturms, Sherry Schroeder and Mrs. Garland Sturms, troop leader. (Brandenburg Photo)

Two Added to Welfare Staff

One Resigns From Waupaca County To Take Rusk Post

WAUPACA — The appointments of two new Waupaca County Welfare Department staff members and the resignation of another has been announced by Robert Payette, department director.

Miss Joan Nyberg has been named to replace Mrs. Alva Paulson as a child welfare worker. Mrs. Paulson resigned to accept a position with the Rusk County Welfare Department. A June graduate of Eau Claire State University, Miss Nyberg will begin her new duties July 1. She majored in sociology and psychology at the state university.

The second recent appointment was of Miss Delayne Littlefield as caseworker I. She will work with the public assistance case load, Payette said, and replaces Donald Stats, who has resigned. She also is a June graduate of Eau Claire State University where she majored in sociology. Her duties will also start July 1.

Miss Nyberg is a native of Mondovi and Miss Littlefield is from Turtle Lake.

William Conway, boys child welfare worker for the past 2½ years, has announced his resignation to accept a position with the Fond du Lac County Childrens Board. His resignation becomes effective July 15.

Calves: Friday's market closed steady; choice calves 34.00 - 38.00; good 30.00 - 34.00; common 26.00-30.00; culls 22.00-26.00.

Hogs: Friday's market steady to 50 lower; lightweight butchers 23.00 - 25.00; heavyweights 22.00 - 22.50; light sows 18.50 - 19.50, top 20.00; heavies 17.00-18.00; boars 15.00-16.00.

Sheep and lambs: Friday's market closed steady; good to choice 24.50-26.50; common to utility 19.00-23.00; culls 16.00-18.00; ewes 7.00-8.00; bucks 5.00-6.00.

Market Off And Running

Friday's Rally Carries Over Into New Week

NEW YORK (AP)—The stock market remained well ahead early this afternoon although profit taking pared some of the best early gains.

Stocks were off and away in a vigorous resumption of Friday's rally and expanded their gains until late morning when traders began to nail down some short-term profits.

When the list was at its best, steels, motors, chemicals, drugs, nonferrous metals and rubbers as well as the high-flying defense and "science" issues were rising.

Profits were taken later in some of the leading steels, aerospace stocks and selected issues.

Friday's rally and the gain on last week's trading was an encouraging thing.

The Associated Press average of 60 stocks at noon was up 1.4 at 322.9 with industrials up 3.0, rails up .5 and utilities up .3.

The Dow Jones industrial average at noon was up 5.52 at 897.27. At the end of the first hour it was up 7.08.

American Telephone opened on 16,000 shares and General Motors on 10,000 shares, both at higher prices. As trading wore on each stock displayed a gain approaching a full point.

Nutone dipped ¼ to 27¼ on a block of 20,000 shares.

Prices advanced in active trading on the American Stock Exchange.

Wisconsin Eggs

MADISON (AP) — Wisconsin at farm egg market today: Improved; demand fair to good; supplies ample. Prices: grade A large 24½-31½, mostly 25-28; grade A mediums 20-27½, mostly 20-23; grade B large 15 - 20, mostly 19 - 20; undergrades and checks 14-20, mostly 15-16.

Chicago Poultry

CHICAGO (AP) — (USDA)— Live poultry: wholesale buying prices unchanged to ½ lower; roasters 26 - 28½; special fed White Rock fryers 21-23.

Ask $55,000 For Injuries In Auto Crash

Fremont Men Initiate Action In Waupaca Court

WAUPACA — Four route 2, Fremont, men are seeking a total of $55,000 for injuries they suffered in a May 1, 1963, auto accident, according to actions filed Friday with Orin A. Stevenson, Clerk of Circuit Court.

The personal injury suits are being brought against John Plasz, Milwaukee, and the General Casualty Co. of Wisconsin.

Seeking $10,000 each are Harris Nitzke, Robert Winters, and Clyde Nitzke. Dale Riese is seeking $25,000.

The claims filed, charge that the car in which the four Fremont men were riding was struck from the rear on U.S. 10 near the Brown Road Intersection while it prepared to make a left turn. The car in which the Fremont men were riding was being driven by Clyde Nitzke at the time of the accident.

Weyauwega Softball Standings Unchanged After Two Weeks Play

WEYAUWEGA — There was no change in team standings after the second week of action in the Y-O-Wega Softball League with 3 teams being tied for first.

Corner Bar-Coast to Coast defeated Midway 9-7 Monday night. Tuesday night Radtke's won over Akey's 3-1, and Dairy Bar defeated Orihula 11-10 Wednesday night.

Dairy Bar, Radtke's and Corner Bar-Coast to Coast hold 2 - 0 records, while Midway, Akey's and Club Orihula have a 0-2 record.

Lions, Rotary Clubs Plan Joint Meeting, Tour at New London

NEW LONDON — A joint meeting of the Rotary and Lions clubs is scheduled for 6 p.m. today at the Rainbow Supper Club.

Members will tour the new senior high school after the meal.

Lions Club members are making plans for the Shiocton Lions Club charter night June 25 at the Shiocton American Legion Club. The New London organization is the sponsoring club.

It's NEW! What a VIEW!

Manawa Entry Takes 1st Place In Cattle Contest

MANAWA—Dan Retzke, won the first place trophy for his entry in the dairy cattle classification contest at the 1966 State Junior Dairymen Association convention at Mauston Friday. There were approximately 220 boys entered in the judging contest. The contest consisted of classifying Holstein, Guernsey, Brown Swiss, and Jersey dairy cows.

Other local boys entered in the contest were Tom Kipke and Argil Zirbel.

Officers of the Manawa chapter of the Wisconsin Junior Dairymen Association are Dan Retzke, president; Dale Ferg, vice president, and Don Murrow, secretary.

Pitchers Given Hard Time in New London Play

NEW LONDON — Pitchers received poor treatment during Industrial Softball League play last week.

Franklin House took a four-inning 14-4 decision from Golden Hour Lanes; Howies won a free swinging tilt from Sport-O-Lectric, 19-11, and Kellers pounded Larsens, 21-10.

Gary Mytton's grand slam home run matched the total output of Golden Hour as the Franklin House nine scored three runs in the first, four in the second and third innings and added three in the fourth.

Harold Pritzel and Jim Reidle blasted two-run homers for Kellers. Winning pitcher John Walkeski allowed just four hits while striking out six and walking five.

Franklin House will play Kellers at 8 p.m. today, Howies will play Golden Hour on Tuesday and Sport-O-Lectric tangles with Larsens Wednesday.

Girl Injured In Fall From Startled Horse

MANAWA — Gloria Kostrzak, 18, Phoenix, Ariz. was injured about 3 p.m. Sunday when the horse she was riding was startled by a deer and she fell from the horse and struck her head, losing consciousness. A resuscitator truck was called and oxygen was administered on the way to the New London Community Hospital, where she was reported in good condition.

The accident occurred at Cedar Springs Campsite.

Miss Kostrzak and her parents, Mr. and Mrs. Marcus Kostrzak, are visiting friends and relatives in the Appleton and Manawa area.

Greenville Lutherans Conduct Three-Week Vacation Bible School

GREENVILLE — Three-week vacation Bible school at Immanuel Lutheran Church, which started Monday runs from 8:30 to 11:30 a.m. five days a week.

The Rev. Orvin Sommer, pastor, is teaching grades seven and eight.

Irving House teaches grades four through six and Yvonne Relien, a member of the parish, teaches grades one through three. Both House and Miss Relien teach at the Emmanuel Lutheran School, New London. The theme is "Lord Teach Us to Pray." Enrollment is about 90 students.

Chicago Mercantile

CHICAGO (AP) — Chicago Mercantile Exchange — Butter steady; wholesale buying prices unchanged; 93 score AA 65¼; 92 A 65¼; 90 B 64½; 89 C 63¼; cars 90 B 65¼; 89 C 64¼.

Eggs steady to firm; wholesale buying prices unchanged to 1 higher; 70 per cent or better grade A whites 32½; mixed 32½; mediums 27½; standards 29; dirties unquoted; checks 25.

Hilbert Joins Retard Talks

Postpones Meeting To June 21; Calumet Boards to Confer

HILBERT — The board of education will postpone its regular meeting, scheduled for June 20, until the 21st to attend a meeting of all county school boards, in Chilton.

The future of special classes for the mentally retarded will be discussed with Norman L. Larson, Cooperative Educational Service Agency (CESA) 10 coordinator.

School administrators met recently with Larson and Hilda Cavanaugh, Manitowoc, who has served as supervisor for the past year and a half. Miss Cavanaugh is retiring, according to Earl Anderson, supervising principal, and a replacement must be found for her.

The county's retarded will attend classes at New Holstein, Forest Junction and Twain School, east of Stockbridge. A teacher is needed at Forest Junction to replace Mrs. Max Laib, who has accepted a position in Shiocton, and another classroom also is needed in the county, according to Anderson.

Dale Churches Offer Summer Bible Schools

DALE — Two Dale churches are offering Vacation Bible School classes early this month.

A two-week Vacation Bible School began at St. Paul Lutheran Church on June 6. The theme of the course is "My Savior and I," and the instructors are Mrs. Clarence Herzfeldt, Mrs. Gilbert Laabs and Rev. and Mrs. Erwin Ploetz.

Zion United Church of Christ has scheduled the opening of a one-week Bible School on Monday.

The theme of the summer classes is "Christian Living With One Another," and the teaching staff will include Mrs. Dick Dalm, Miss Muriel Herning, Mrs. Clyde Wallenfang, Mrs. Donald Klitzke and Mrs. Gordon Scheisser. Those in charge of special programs are the Rev. Robert Pike, worship and devotions; Mrs. Robert Pike, music resources; Jean Wallenfang, crafts; Beverly Scheisser and Mavis Porter, recreation, and Mrs. Wesley La Fortune and Mrs. Willard Much, refreshments.

New London Women Attend Guest Day At Clintonville Club

NEW LONDON — Twenty-six members of the New London Golf Club attended ladies guest day at the Clintonville County Club last week.

Mrs. Harold Rieckmann won the low net prize and a prize for sinking an approach shot. Other winners were Shirley Ladwig, low gross for New London; Mrs. Don Anderson, low net for New London; Irene DeGroff, low putts for New London, and Ruth Harris, blind bogey.

Dorothy Judd, Arlene Johnson, Marion Snyder and Phyllis Rieckmann won prizes in bridge. Other prize winners from New London were Bridgette Beyer, Arlene Belott, Mable Paschke, Shirley Ladwig and Maxine Christy.

The women will play twilight golf at the New London Course Wednesday. A dinner will be served afterwards.

PSC Okays Long Distance Phone Rates

$15 Monthly Fee Optional for Calls Within Wisconsin

The Public Service Commission of Wisconsin (PSC) has approved a Wisconsin Telephone Co. service which establishes residence Direct Distance Dialing (DDD) calling within the state at a flat monthly rate for its customers, according to the company.

For those who subscribe to the optional service, it will be possible to dial station calls during certain time periods to most points in Wisconsin without regular long distance charges. The service, called "Tel-a-Visit," became effective Tuesday.

Experiment Tried

The service has been offered on an experimental basis in Waukesha, Oshkosh, Manitowoc and Watertown.

Based on intrastate long distance calling of customers before using "Tel-a-Visit," the new service will mean a net reduction of $800,000 annually. However, based on results in the four communities where the experiments were conducted, the greatly expanded long distance usage by "Tel-a-Visit" customers is estimated to produce customer savings of more than $7 million annually.

The company said the PSC has approved a flat rate of $15 per month for the new service. Subscribers may call as frequently as they wish on weekdays from 5 to 7 p.m. and from 10 p.m. to 8 a.m., and on Saturday and Sunday anytime except between 7 and 10 p.m. The flat rate is in addition to rates and charges for associated services and equipment.

Area Listed

The new service will be available to one-party residence customers, and in those company exchanges equipped with automatic number identification equipment, which records the number of the calling party without the operator coming on the line. In the Fox City area this will include Appleton, Neenah-Menasha, Kaukauna, Combined Locks, Little Chute, and Kimberly. It will apply only for customer-dialed calls to communities equipped with inward DDD facilities, and will not be available to rooming houses, dormitories or fraternity or sorority houses.

Patrick Cotter, Ripon, and David Loss, Weyauwega, were among the early arrivals for Badger Boys State on the Ripon University campus Saturday. The conclave will be in progress all week. (Powers Photo)

Services Set For M. C. Seims, AHS Teacher

Industrial Arts Instructor, Former Football Coach Dies

Funeral services for Myrlon C. Seims, 62, of 1935 N. Division St., an industrial arts teacher at Appleton High School for 36 years who died at 10 p.m. Saturday, will be at 3 p.m. Tuesday at the Wichmann Funeral Home.

Seims, who was a field man for the city assessor's office for the past 20 years, also was the head football and basketball coach at AHS for many years.

Prior to teching at AHS, he taught and coached in Hudson, Wis. and Dwight, Ill.

New London Native

Born Sept. 19, 1903, in New London, he was a graduate of what was then Oshkosh State College and did graduate work at the University of Wisconsin.

Seims was a member of the Appleton, Northeastern and the National Education associations, the Appleton Men Teachers Association, the Northeastern Industrial Arts Association and the First Congregational Church.

Survivors are his wife, one daughter, and three grandchildren.

Friends may call at the funeral home from 4 to 9 p.m. today. Burial will be in High land Memorial Park. A memorial fund has been established.

Rural DePere Drivers in Crash Near Oneida

Clyde C. Cottrell, 38, and Harvey Skenandore, 21, both of route 2, West DePere, received minor injuries when the vehicles they were driving collided headon on Second Ridge Road near Sacred Heart Seminary in the Town of Oneida about 10:30 p.m. Saturday.

Outagamie County traffic police said that Cottrell, who was driving a pickup truck, received injuries to the nose and right arm while Skenandore received a forehead laceration.

Cottrell was southbound when his truck was struck by the northbound Skenandore car which crossed into the southbound lane, police said.

Damage to the two vehicles was estimated at $725.

Hilbert FFA Chapter Delegates to Session

HILBERT — The high school's Future Farmers of America Chapter will be casting its first votes at the state convention today through Wednesday at Green Lake.

Darrell Bergelin is delegate and Mark Schneider is alternate. The boys are attending with advisor LeRo Meles.

This is the first year the organization, started last year, has sent delegates.

Several members attended last year, but because the local chapter had not yet received its charter, they were not allowed to vote.

Four Calumet Youths Injured in Car Crash Near Forest Junction

CHILTON — Four youths received minor injuries in an accident which occurred about 9:30 p.m. Saturday three miles southwest of Ferris' Junction on Calumet County Trunk D.

Taken to Kaukauna Memorial Hospital were the driver of the car, Ronald M. Kaczmarynski, 22, route 2, Brillion; Diane Doughty, 20, 131 Pine St., Brillion, facial cuts and back injury; Nick Henrick, 19, Reedsville, leg bruises, and Paula Ruden, 20, 349 S. Main St., Brillion, owner of the car, bruised hip, knee and facial injuries.

Kaczmarynski told Calumet County Police his car was traveling north on County Trunk D when he struck a waterpuddle. It caused the car to slide to the left side of the road and return to the right lane before entering the right ditch and striking a utility pole.

Mrs. Louise Andrews, 97, Oldest Resident Of Brillion Succumbs

BRILLION — Mrs. Louise R. Andrews, 215 N. Main St., 97, the community's oldest resident, died Sunday in Appleton following complications from a fractured hip she received several weeks ago.

She was a native of Centerville, Manitowoc County, and assisted her husband, a druggist, for many years.

She was a member of the Bloedorn and Becker unit of the American Legion Auxiliary. She is survived by two daughters, a son and two grandchildren.

Funeral service will be 2 p.m. Wednesday from the Wieting Funeral Home, Brillion, the Rev. Willard Albertus officiating. Interment will be in the Brillion Cemetery. Friends may call at the funeral home after 2 p.m. Tuesday.

Wenzel Haessly, 94, Kaukauna Shoemaker For 78 Years, Dies

KAUKAUNA — Wenzel H. Haessly, 94, 313 Kaukauna St., a shoemaker for 78 years, died at 6 p.m. Sunday after a short illness.

A native of Campbellsport, Haessly came here in 1896 and was employed at the Fechter Clothing and Shoe Store until 1918 when he took over the firm and operated it until 1936.

He was a member of the Catholic Order of Foresters and Holy Name Society of Holy Cross Church. Survivors are his widow, two daughters, five sons, a sister, eight grandchildren and 12 great-grandchildren.

Funeral services will be at 11 a.m. Wednesday at Holy Cross Church. Friends may call at the Fargo Funeral Home after 2 p.m. Tuesday.

Wolf Planners Appoint 2 New Staff Members

Commission Hires Resource Director, Assistant Planner

The Wolf River Basin Regional Planning Commission has hired a director of natural resources and an assistant planner, according to Gordon A. Buboltz, chairman.

Boyd I. Kinzley, a graduate engineer with a master's degree in soil science, has been appointed director of natural resources.

James Erdmann, 742 Garver Lane, Menasha, is the new assistant planner.

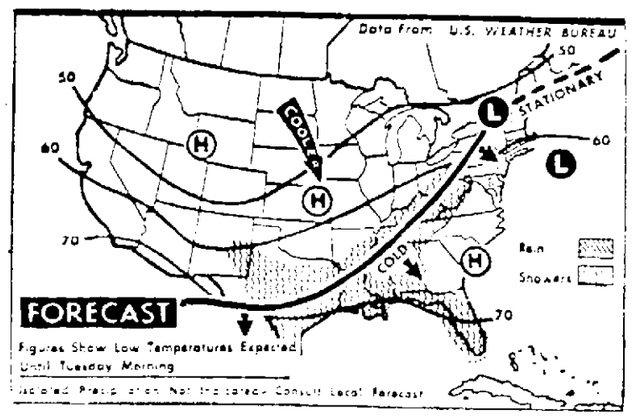
Kinzley is now working with the Pennsylvania Soil and Water Conservation Commission, supervising the work of 22 soil and water conservation districts, and assisting them in developing annual and long-range work programs.

Honor Graduate

He was graduated from Michigan State University with honors in 1961, and received his master's degree in 1962.

Kinzley is married and has two children. He served in the U.S. Army for two years. He is a member of the Soil Conservation Society of America and the American Society of Agronomy.

Erdmann was graduated this spring from the University of Wisconsin with a major in geography with emphasis on cartography, map making. He has done summer work for the past two years for a private firm in Plymouth, Wis.



Showers and Thundershowers are expected tonight from the eastern Great Lakes southwestward into the southern Plains and into Florida. It will be cooler in the Midwest with little change elsewhere in the country. (AP Wirephoto Map)

Old Wives Tales Often Cause Needless Worry

BY JOSEPH MOLNER M D

Dear Dr Molner I am four months pregnant and about every six weeks I have a period or threat of miscarriage

My doctor recommends bed

Dr Molner

rest when [illegible] He tells me [illegible] and [illegible] carry [illegible] nine months He [illegible] the afterbirth [illegible]

What [illegible] bleeding go to my [illegible] and what [illegible] ful?

I have heard so many old wives tales that I am quite upset — that the baby may not live or if it does it will be a moron or very small and sickly What are the chances of my having a normal child? — M H W

From the description there evidently is a threat of miscarriage and the usual treatment is just what your doctor has ordered bed rest

[illegible] [illegible] [illegible] several [illegible] last few months of pregnancy rather than at your stage Admittedly it is a serious threat endangering the life of the baby

However if the baby is born successfully neither condition [illegible] early or late bleeding [illegible] gets the formation or [illegible] presence of the child Ignore [illegible] be all you hear Some people [illegible] in telling such distressing fabrications Just pay attention to your doctor's counsel

As to the afterbirth question I assume this to mean that the placenta (which later becomes the afterbirth) is located at or near the opening of the womb instead of higher up

This is called placenta previa that is, the placenta is so located to be in advance instead of behind the baby at the time of birth It is an additional problem to be contended with at the time of delivery but your doctor has detected it already and the old maxim holds true here Forewarned is forearmed

I will not minimize the fact that the chance of miscarriage is obviously present so you must follow your doctor's instructions very carefully Clearly he is thoroughly alert I am sorry you have had to be subjected to those scare stories besides

• • •

Dear Dr Molner My husband has to count his calories carefully Does one brand of oleomargarine have less calories than another? — M R F

They all have about the same caloric value about the same as butter

• • •

Dear Dr Molner I seldom have a headache in the daytime but occasionally get quite a severe one at night After I get up the headache gradually subsides What could cause them? W A H

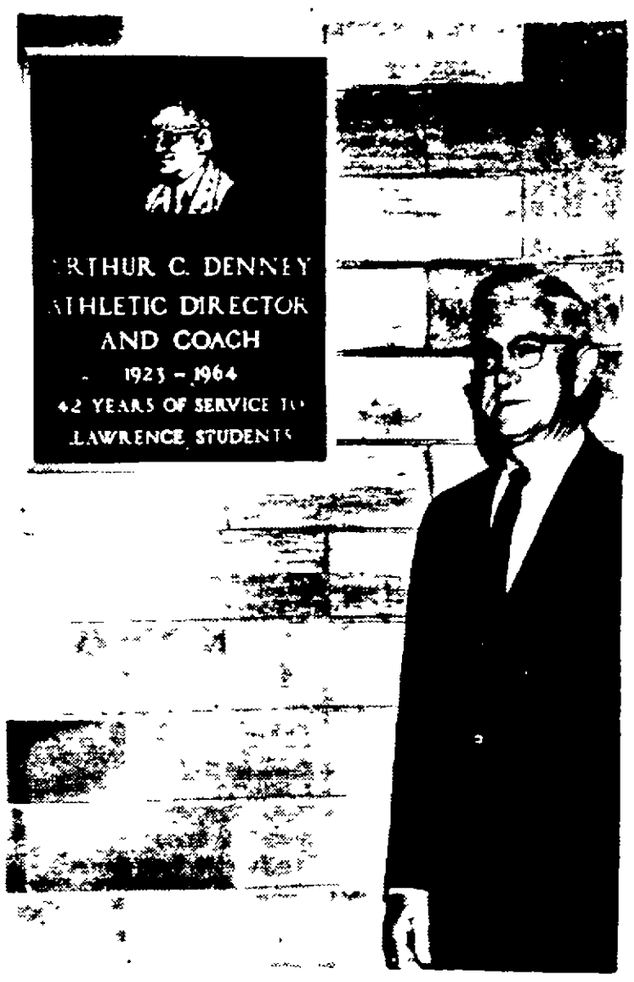
Muscle tension related to the position of your head while asleep is often a cause A higher or lower pillow might be tried Arthritic changes in the bones of the neck could be a factor Allergy such as to the feathers in a pillow could be considered However muscle tension is the most likely

• • •

Dear Dr Molner My sister got a wire deep in her foot and my brother sucked on the wound to start it bleeding Then he took her to the doctor Does the sucking help or make it worse — Mrs V M

It helps particularly in a deep puncture-type wound that doesn't bleed freely Bleeding tends to wash out germs or dirt This is particularly important if tetanus or lockjaw germs happen to be present because they multiply in the absence of air Hence tetanus contributes a serious threat with puncture wounds

Headaches You can beat them Write to Dr Molner in care of this newspaper for a copy of the booklet How To Tame Headaches Please enclose a long self addressed stamped envelope and 20 cents in coin to cover cost of printing and handling



A Plaque Honoring Arthur C Denney, athletic director and coach at Lawrence University from 1923 until his death in 1964 was dedicated in Alexander Gymnasium Saturday at the annual commencement alumni luncheon Shown with the plaque is Bernard E Heselton athletic director who took part in the ceremonies

LU Plaque Honors Late Coach Denney

Tarr, Heselton, Jones Speak at Alexander Gym

A bronze plaque [illegible] memory of Arthur C Denney coach and athletic director at Lawrence University from 1923 until his death in 1964 was unveiled in Alexander Gymnasium Saturday

The ceremony took place before more than 600 persons attending the Lawrence and Milwaukee Downer Alumni Associations luncheon during commencement weekend

President Curtis W Tarr said that the Alexander Gymnasium and the activities that go on within it are themselves memorials to this great man but noted that in the installation of the plaque his memory might be firmly implanted in the minds of all of those that come here

Vincent Jones a member of the Denney Memorial Committee paid tribute to Denney as more than an outstanding coach as a counselor advisor and tremendous individual We are all much better individuals for having been able to participate in athletics and to be coached by a man like him"

Bernard E Heselton, who is serving as Denney's successor as director of athletics said

"I am very proud to have a part in the dedication of this memorial Art Denney has been a very dear friend Art and I had offices side by side and worked in the same environment for 28 years I know the type of man type of administrator coach, leader and friend he was I saw him handle athletes of all temperaments and he always managed to get the most out of them The same was true of his staff and any of the many organizations he was connected with

The plaque really states it best — Arthur C Denney athletic director and coach, 1923-64, 42 years of service to Lawrence students' Not many men in any field nowadays spends 42 years practically one's whole working life, in one vocation at one institution This speaks for Art's dedication and loyalty to his profession, students and Lawrence University

This memorial will help us recall the spirit of Arthur Denney — a true gentleman sportsman and educator who has contributed much to the character of Lawrence University as it exists today

"This plaque is where it belongs to commemorate Art in his gym which he helped design and in which he spent his life We will do our part to see that those ideals will be perpetuated

Attending the ceremony were Mrs Denney and her brother, William Kellett of Menasha The Denney plaque is the third permanent tribute to be placed on the grounds of the Alexander Gymnasium during this school year In October, at the opening of the Lawrence Bowl the flagpole was dedicated to Bernard E Heselton and a memorial plaque to Mark Catlin was placed on the field house

An Arthur C Denney Memorial Scholarship has also been established at Lawrence

Flag Day — A Wisconsin Invention

The people of Wisconsin more than any others in the United States can take special pride in flying the Stars and Stripes on Flag Day Tuesday. It was a Wisconsin schoolteacher, Bernard Cigrand, who started the whole idea back in 1885.

The patriotic teacher was only 19 when he was teaching at Stony Hill School in Ozaukee County near the village of Fredonia. He and his pupils were the first in the nation to hold a recognized observance of the birthday anniversary of the American flag. That day was June 14, 1885.

After that ceremony young Cigrand began his campaign for a nationwide Flag Day. Many patriotic organizations joined the cause and worked for the same goal through the years. After 31 years of crusading, President Woodrow Wilson proclaimed the first national observance of Flag Day in 1916.

This was 139 years after Old Glory had become our national symbol. Back in 1777 on June 14 the Second Continental Congress adopted the resolution that the flag of the United States be 13 stripes alternate red and white, that the union be 13 stars white in a blue field representing a new constellation.

Bernard Cigrand lived to see his goal accomplished despite the fact he left teaching to become a dentist. After practicing in Illinois for many years, Dr. Cigrand, former Wisconsin schoolmaster, died in Aurora in 1932 knowing that he was the father of Flag Day.

The Ivory Coast Is Booming

One of the few countries in Africa which has not been upset by a revolt or a coup since the coming of independence is the Ivory Coast. If the present government of President Houphouet-Boigny continues in power, it may simply be the triumph of economics over ideology.

Houphouet-Boigny is running just as much of a one-man show in the Ivory Coast as are other African leaders. It is a one-party state and elections are fixed in advance. The press is controlled and the government obviously does not consider the great majority of his people educated or experienced enough to hold responsible positions. The Ivory Coast is firmly tied to France, with two-thirds of its trade and some $40 million a year in aid coming from the former colonial master. The majority of civil servants are still French and Houphouet-Boigny has successfully encouraged a considerable amount of private investment from Frenchmen with such lures as twenty-five year tax exemptions, profits which can leave the country and no competition from government owned enterprises.

While nations like Ghana and Guinea with socialist philosophies and a great emphasis upon black nationalism and getting rid of all reminders of their colonial bondage have steadily become more deeply mired in debt and despair, the Ivory Coast is rapidly becoming one of the few African nations with a healthy and growing economy. Since 1960 when full independence was granted its revenues have doubled and its economic growth has averaged 10 per cent a year. Industrial production has doubled and agriculture, in which 97 per cent of the population is engaged, has expanded its production from the traditional crops of cocoa, coffee and bananas to pineapples, rubber, rice, corn, sugar, palm oil, copra and cotton. The Ivory Coast is the third largest coffee exporter in the world and ranks fourth and fifth in cocoa and bananas but the plans are to cut back on these crops as the more varied agriculture grows. The president has successfully inaugurated a program to teach young men and women in the villages how to farm cash crops as well as those eaten by their families. And while the number of youngsters attending school is still relatively small — only eight hundred graduate from high school a year out of a population of almost 4 million — primary school attendance is up 7 per cent since 1960 and secondary school attendance has increased by 172 per cent.

There is concern in the Ivory Coast for the future. The reliance upon France is considered humiliating by some who much prefer the frenetic nationalism of their neighbors. And despite the president's effort to become more independent of French help, trade with other nations has not developed as rapidly as hoped. The United States, which blandly sends aid to a lot of collapsing regimes in Africa, has been noticeably uninterested in the Ivory Coast. We furnish only 5 per cent of the imports and take only 13 per cent of the exports although the First National City Bank has acquired a 40 per cent interest in the Bank of West Africa.

Reportedly President Houphouet-Boigny told Kwame Nkrumah in 1957 that they would meet again in ten years and see which had done the most for his country. Certainly the former has made tremendous economic gain. His future success or failure may prove or disprove the theory that political philosophies follow economics.

'You're Out'

Wisconsin Report

Knowles' Handling of Assembly on Highway Bill Most Diplomatic

BY JOHN WYNGAARD

MADISON — When nearly 5,000 Wisconsin automobile service station proprietors adjust their price postings to take into account the cent a gallon motor fuel tax increase that will be effective July 1 their indignation will be mixed with some surprise.

Wyngaard

Whether their indignation will be justified is a matter of taste depending on interpretations of the need for more modern roads in relation to the economic needs of the state. But they can scarcely be blamed for surprise at the legislature's action in approving the higher tax after so many months of uncertainty and so much disputation about the subject among the politicians at Madison. Just about everybody believed during recent weeks that the state administration's road administration program had been fatally detoured.

Perhaps the persuasive persistence of Gov. Knowles which has been displayed on many other uncertain legislative issues during the last year and a half is the best explanation for the narrow success of the road building acceleration bill. On the record it was a bipartisan achievement. Speaker Robert Huber of the Wisconsin Assembly for example was perhaps the key man when the time for decision came after long months of maneuver.

THE METHOD

Yet the approach of the Republican executive in dealing with a politically hostile Assembly is one of the important ingredients in the story. Many men would have given up the effort months ago. Other men, including some predecessors of his own life time, would have indulged in posturing and thundering in the hope of raising electoral pressure upon the recalcitrants in the legislative branch. But Knowles believes in the soft sell, as the current vocabulary has it. He demonstrated its effectiveness in the highway funding campaign as he had illustrated it in other gains earlier in the prolonged and difficult deliberations of a politically fractured legislature.

That there was some purely partisan opposition to Knowles on the highway financing question cannot be disputed on the record. But it was one of the essential difficulties of the administration position that such partisan rebellion humanly considered had a good deal of justification. For the Republican governor was asking the Democrats in effect to collaborate for a goal that the Republicans had deliberately frustrated when it was sponsored by a Democratic governor two years earlier.

For months the record of the referendum vote which decisively repudiated the more ambitious but essentially similar Reynolds highway speed-up plan of 1963 echoed like a dirge through the legislative debate. Although Knowles was not directly involved in those strategical arrangement of the Republican legislators three years ago he could have prevented them if he chose. He was already known to be the probable gubernatorial nominee and legislative Republicans would have followed his lead.

GOP DEFECTIONS

One of the penalties paid for that political adventure was the defection of some of the Republican legislators who on most other issues would hesitate to defy the governor's position and wishes. One of the consequences of the Republican embarrassment and the Democrats' reflection on the event is that future legislatures will be considerably more careful in referring issues before them to popular votes for resolution.

Another factor favoring the administration and the supporters of highway improvement acceleration was the likelihood that the commercial opponents of higher motor fuel taxation, and notably the petroleum lobby, may have been put off their guard by the record of the resounding electoral expression of 1964. Surely the oil industry militant may have reasoned that the lawmakers on the eve of an election would not defy the documented record of their constituents' dislike of additional taxation. But if there is anything certain about legislative politics, it is its uncertainty, now demonstrated yet again.

Kraft Writes

Foreign Policy Bureaucracy Like Dinosaur: Tiny Brain, Big Body

BY JOSEPH KRAFT

WASHINGTON — This coming Tuesday marks the 20th anniversary of the Baruch Plan for international control of nuclear weapons. It also marks the reopening of the United Nations Disarmament Conference in Geneva. Occasion seems tailor-pided high for a major disarmament move by the President.

Kraft

But despite all the high sounding White House talk of new peace initiatives, the occasion is likely to be missed. For the foreign policy machinery here is immobile and is poorly coordinated that an essential shift in disarmament strategy is only beginning to be made.

Washington has to be more specific still hung up on the issue of a nonproliferation treaty — which is in picture at this time. And all there has been very slow going in a far more promising area — extension of the test ban treaty.

NON-PROLIFERATION

A nonproliferation treaty has been at the center of disarmament discussion for more than two years. Such a treaty would come to grips directly with the immediate problem of the weapons field. It would halt the further spread of nuclear weapons to other countries.

But the stumbling block in treaty has run into the German question. The Bonn government has indicated that it could accept a treaty yielding its right to acquire nuclear weapons only in exchange for progress on German unification. The United States persuaded that it is the best way to satisfy the Germans might be to bring them into some kind of Atlantic or European nuclear arrangement that might enable them to have a nuclear deterrent as well.

The Soviet Union has found in this situation the temptation to inspire division among the Western allies and inside each allied government. The Soviets have declared that every reference to an arrangement would mean nuclear weapons are not given to the Germans. Thus the Germans, who are not exactly popular in much of Europe and the country have been made to seem the sole obstacle to a nonproliferation treaty which virtually everybody wants.

In time it should be possible to break this deadlock. West Germans are now beginning to talk to East Germans and East Europeans about unification. Once that process is in motion the United States could probably abandon any thought of giving West Germany access to nuclear weapons without adverse political repercussions in Bonn. But the urgency of the need for unification were underlined at the same time.

But so far the dialog between the East and West Germans is only a tender shoot. If the United States were to seem to be engineering an end to the possibility of West German participation in NATO nuclear affairs there would be a sharp reaction in Bonn that might well kill off the dialog with the East. In these circumstances it makes sense to put the nonproliferation treaty in cold storage at least until autumn.

THE TEST BAN

As to the test ban treaty of 1963, it provided for a stoppage of bomb tests that could be monitored from outside — that is tests in the atmosphere and above ground. It didn't extend to tests below ground and detection of such tests requires on-the-spot verification which the Soviet Union has never been willing to accept.

The main argument against verification lies in the progress made since 1963 in long distance detection of underground explosions. While small shots will require on-the-spot verification, the bigger shots can be detected unilaterally. Presumably the treaty could be extended to cover these large explosions without running into the Soviet veto on inspection.

Merely because the opening exists, of course, does not mean that the Russians will enter it. Still an effort to persuade them to do so is obviously worthwhile and presumably the United States will make the effort at Geneva later this summer.

That the effort is unlikely to be made on Tuesday with the maximum eclat is too bad, though not a tragedy. But it is a reminder how much the foreign policy bureaucracy is like unto a dinosaur — small brain, big body and ungainly movement. And it is a warning against the facile optimism on foreign affairs that is more and more coming out of the White House these days.

Looking Backward

Plans for July 4 Underway

100 YEARS AGO

Quoted from the Appleton Crescent for June 9, 1866

Cavalrymen of Outagamie each and all of you are requested to assemble in Appleton on Saturday, June 10, 1866, at 1 p.m. to take action on a grand reunion on the Fourth of July. Every man should come mounted. — Appleton, June 7.

* * *

And we are happy to announce there now is a fair prospect that Independence Day will be duly celebrated in Appleton.

Marshal McGrath is circulating a subscription paper. Every citizen should contribute liberally.

The Cavalry Veterans are moving as will be seen in the above notice and elsewhere. May we not hope that the iron hearted infantry will take part in the celebration?

Attention all! Two paces to the front.

25 YEARS AGO

Monday, June 9, 1941

U.S. troops, 3,000 in number, with bayonets fixed took over the strike-bound North American Aviation plant in Los Angeles under presidential proclamation that day. The action followed two riots in which tear gas bombs were hurled between police and a large picket line. Six persons were taken to hospitals after fights broke out between strikers and workers trying to enter the plant.

Miss Margaret Panta, Menasha, was one of the four Lawrence College graduates granted bachelor degrees summa cum laude at the 91st commencement that morning. Other area scholars included Miss Audrey Galpin, who was graduated magna cum laude; Elizabeth Stilp, Appleton; Raymond Miller, Menasha, and Burton H. Holme, Kaukauna, who were graduated cum laude.

10 YEARS AGO

Monday, June 11, 1956

Mrs. Arthur Jepson was installed as president of the Methodist Mothers Club at First Methodist Church, Appleton. Mrs. Roy Wilkins took over the vice presidency, Mrs. Andrew Blackburn the office of secretary and Mrs. John Van Mun the office of treasurer. Mrs. Ralph Taylor Alton, wife of the pastor, conducted the ceremony at a potluck dinner.

Lee Spector passed his fish test and Gary Mills his fiving test at the Appleton YMCA according to Mickey McGuire, physical education director.

Carol Fiette was elected president of the German Club at Appleton High School. Joyce Thoke was elected vice president.

What Others Are Saying

Red Price for Peace Dictated by Peking

From Japan Times

Hopes for an early peace in Viet Nam appear to be in vain.

But it is evident that North Viet Nam and the Viet Cong are being mercilessly egged on to continue the war by the Peking Communist regime.

Premier Chou En-lai even goes so far as to insult those who are trying to secure peace as intermediaries who are running errands for the United States. Mr. Chou's latest statement not only indicated that the Peking Government intends to give the utmost aid to the Vietnamese Reds but also declared that the Chinese had long been prepared to fight themselves.

It has now been made sufficiently clear that Red terms for peace which we have no doubt are terms dictated to Hanoi by Peking are based on the total withdrawal of American forces from Viet Nam. Under the circumstances such withdrawal by the United States could only be interpeted as an admission of total defeat at the hands of Red China and its satellites. Such an admission is obviously impossible. If made, it would have repercussions of enormous significance throughout the world.

There is no doubt that in Peking the conflict in Viet Nam is regarded not simply as a local affair as a pitched battle between communism and the Free World. This is clearly revealed in an editorial note that appeared in the Peking People's Daily: "We say that the heroic and indomitable Vietnamese are standing in the forefront of the struggle against U.S. imperialism and have made great contributions to the cause of revolution of the people of the whole world."

Here we have the situation interpreted in a nutshell. The Vietnamese people are being sacrificed in an attempt to promote world revolution — a world revolution according to Peking's ideas, and the Chinese Red leaders are prepared to challenge all comers to achieve this end. In effect the Chinese Red leaders in their colossal pride and ambition, are calling upon the whole world to submit to their political domination. Such a demand if persisted in must bring disaster upon the Chinese people and mankind in general.

Potomac Fever — by Jack Wilson

One big worry needled the hosts to tell friendly Vietnamese from enemies. General Ky is fixing it so that is no longer much of a problem.

Postman Likes Dogs, Takes Strays Home

KANSAS CITY, Mo. (AP) — Postmen and dogs, the saying goes, are mortal enemies. Postman Tom Davis and his dogs don't know it.

For the last 20 years Davis has provided a home for stray dogs that attached themselves to him on his various rounds. Right now four are living with him.

"I've been carrying mail for 19 years and I've been bitten only once," Davis said, "and that was accidentally. An old dog, nearly blind and cranky, mistook my leg for that of another dog following me. It wasn't his fault."

GRIN AND BEAR IT — By LICHTY

"I find the situation in Viet Nam unchanged, gentlemen! Our enemies shoot at us and our friends steal from us!"

Japan Lost the War; Who'd Know It Now?

BY SYDNEY J. HARRIS

We are told that the United States won the Second World War while Japan lost. If this were not a matter of historical record, there would be no way of telling the victor from the vanquished, except that the vanquished seem to be doing rather better than the victor.

Japan's economic growth rate is unmatched in any other industrial country. In the 10 years from 1955 to 1965 the Japanese economy's growth rate was an astonishing 13 per cent yearly, and it shows no sign of letting up.

Harris

Japan has no nuclear forces, no fleets, no bases, and pays only 1 per cent of her gross national product for defense. She contributes nothing to U.N. forces, and makes no contributions to the East-West confrontation in central Europe.

While business is booming internally, foreign trade also thrives — Japan's trade with the Soviet Union last year topped the $400 million mark for the first time, and her exports to Communist China were in excess of $150 million. And while we fight in Southeast Asia, Japan's exports to that area rose by a whopping 17 per cent last year.

Twenty years after we utterly defeated Japan in World War II, we are still spending the bulk of our national income on non-productive tools for war — income that could be spent for poverty, for schools and hospitals and roads and parks and pollution and a dozen other social needs.

We are committed to "maintaining security" all over the world, mostly by ourselves. We are now allies with our old enemies — Japan, Germany and Italy — and enemies with our old ally, Russia.

We are building bigger and worse bombs every year. We are embarked on a costly and dubious adventure in Viet Nam that even our closest friends want no part of. We are enveloped in the very spirit of militarism which aroused our anger and opposition to the Kaiser and Hitler and against which we fought in two World Wars.

We won those two wars. If we win the third, such a thing being possible and the earth being still livable, does anyone doubt that we will then feed and aid and restore our enemies and then turn them into allies when new enemies thrust their heads up elsewhere?

Must we go on like this unto eternity or oblivion? And how can we blame it all on the Russians or the Chinese when it has been going on since the infancy of mankind and maturity is not yet in sight anywhere?

Room Boom Hits

AUSTIN, Tex. (AP) — Reservations for camping space in state parks are running at a record rate, reports the Texas Parks and Wildlife Department.

Full houses were expected by early June at Garner, Huntsville, Inks Lake, Lake Whitney, Corpus Christi, Falcon, Martin Dies Dam, B. Goose Island and Fort Parker state parks.

One Room Fades

FRANKFORT, Ky. (AP) — The one-room school is fading fast in Kentucky, dropping from 3,278 to 422 in the past 17 years. All but nine are in mountainous Kentucky.

Paper Institute Gives Advance Degrees to 25

11 Get Doctorates; Ceremony Part of Lawrence Exercises

Twenty-five graduates were given degrees by The Institute of Paper Chemistry Sunday as part of the annual Lawrence University graduation exercises. Eleven of the graduates received the degree of doctor of philosophy, the other 14 received master of science degrees.

The 34th graduation ceremonies of the Institute, this year's exercises marked the 215th doctor of philosophy degree and the 370th master of science degree awarded by the Institute through Lawrence University since the Institute's founding in 1929.

Doctor of Philosophy Degrees were awarded to 11 candidates from The Institute of Paper Chemistry at the Lawrence University graduation exercises Sunday. From left are Harry L. Spiegelberg, James L. Burke, Larry E. Gruenewald, James E. Tostevin, C. Neil Carter, Drexel D. Jones, Harold L. Hintz, and A. David Fary Jr. Not present for the photo were Robert D. Brooks, Robert C. Gasman and Norman A. Russell.

Doctoral Graduates

Receiving the doctor of philosophy degree, all of whom also received their master of science degree at the Institute, were Robert D. Brooks, bachelor of science in chemical engineering, Oregon State College, 1959; Cecil Neal Carter, bachelor of science in pulp and paper technology, North Carolina State College, 1961; A. David Fary, Jr., bachelor of science in pulp and paper technology, North Carolina State College, 1960; Robert C. Gasman, bachelor of science in chemistry, University of Michigan, 1960; Larry E. Gruenewald, bachelor of science, Hamline University, 1961; Harold L. Hintz, bachelor of arts, Wesleyan University, 1961; Norman A. Russell, bachelor of science in pulp and paper technology, North Carolina State College, 1960; Harry L. Spiegelberg, bachelor of science in chemical engineering, University of Wisconsin, 1959; James L. Burke, bachelor of science in chemical engineering, University of Maine, 1961; Drexel D. Jones, bachelor of science in pulp and paper technology, State University College of Forestry at Syracuse University, 1962; and James E. Tostevin, bachelor of arts, Carleton College, 1960.

Master Degree Recipients

Master of science degree recipients were Harry A. Barber, bachelor of science in pulp and paper technology, State University College of Forestry at Syracuse University, 1961; Bruce H. Barrett, bachelor of science, Wittenberg University, 1964; James O. Eubanks, bachelor of science in forestry, University of Idaho, 1964; James C. Farrand, bachelor of science in pulp and paper technology, Western Michigan University, 1964; Robert C. Gains, bachelor of arts, Carroll College (Montana), 1962; John Torregrossa, bachelor of science, Boston College, 1964; E. Hartwell Major Jr., bachelor of science in pulp and paper technology, North Carolina State University, 1964; Brian M. Thompson, bachelor of science, Miami University, 1964; Louis Otto T. Ham, bachelor of science in chemical engineering, Louisiana Polytechnic Institute, 1964; and Paul C. Wollwage, bachelor of arts, St. Olaf College, 1963.

Doctoral Theses Published

Paper Institute Graduates Complete Research Projects

Doctoral students of this year's graduating class of The Institute of Paper Chemistry advanced scientific knowledge in a number of areas. Each man completed a scientific research project in the Institute's laboratories under supervision of the faculty and staff as a doctoral thesis requirement for the doctor of philosophy degree.

The research which has been completed and reported is as follows: "A Kinetic Study of the Rate of Cleavage of the Glycosidic Bond of Methyl-B-Glucopyranoside in an Alkaline Medium," by Robert D. Brooks; "Effects of pH and Oxidizing Agents on the Rate of Absorption of Hydrogen Sulfide into Aqueous Media," by C. Neal Carter; "The Diffusional Properties of Sodium Hydroxide," by A. David Fary, Jr.; "C2 Alkoxyl Anion Participation in the Base-Catalyzed Reaction of P-Nitrophenol B-D-Galactoside and P-Nitrophenyl a-D-Mannoside," by Robert C. Gasman; "Solvolysis of cis-Pinocarvyl P. Bromobenzenesulfonate and Related Esters," by Larry E. Gruenewald; "The Mechanism of Cerium (IV) Oxidations of Cyclic Alcohols," by Harold L. Hintz; "A Study of the Initial Phase of the Aqueous Chlorination of Kraft Pulp Meals," by Norman A. Russell; "The Effect of Hemicelluloses at the Mechanical Properties of Individual Pulp Fibers," by Harry L. Spiegelberg; "An Investigation of the Role of the Adhesive in the Structure of Pigment-Adhesive Films," by James L. Burke; "The Alkaline Hydrogen Peroxide Oxidation of Phenyl-2 Propanones," by Drexel D. Jones; and "The Hydrodnamic Properties of the Alditol Oligosaccharides," by James E. Tostevin.

The theses will become a part of the Institute's library and will be available to the scientific public on a two-week loan from the library. Copies also may be purchased. They will be placed on microfilm by University Microfilms, Inc. at Ann Arbor, Michigan, and be available for purchase on microfilm. A technical paper based on each thesis will be, or has been, published in an appropriate scientific journal in the U.S. or abroad.

Roy P. Whitney, Dean of The Institute of Paper Chemistry, right, congratulates Harold L. Hintz, recipient of the Westbrook Steele Medal for excellence of thesis. Hintz, who received a master's degree during Lawrence University's commencement exercises Sunday, wrote his thesis on "The Mechanism of Cerium (IV) Oxidations of Cyclic Alcohols."

Harold Hintz Given Award by Paper Institute

Doctoral Graduate Takes Annual Honor For Best Thesis

Harold L. Hintz received the annual Westbrooke Steele Gold Medal Award for excellence of doctoral thesis Sunday at graduation exercises of The Institute of Paper Chemistry. He received his doctor of philosophy degree during the ceremonies.

His thesis, reporting his research on "The Mechanism of Cerium (IV) Oxidations of Cyclic Alcohols," was selected over those of 10 other Institute doctoral graduates this year. Selection was made by a graduate faculty committee of the Institute.

Hintz is a native of Hamden, Conn. He received his bachelor of arts degree from Wesleyan University in 1961, and a master of science degree at the Institute in 1963.

Completing degree requirements at the Institute prior to the spring graduation ceremonies, he accepted employment with the research laboratory of the West Virginia Pulp and Paper Company at North Charleston, S. C.

It's Showtime!

Warsaw Pact Nations Split

MOSCOW (AP) — Warsaw Pact nations are reported seriously divided over Romanian demands that each member havea greater voice in decisions of the Soviet-dominated alliance.

Informed East European sources said Sunday that the foreign ministers have extended their meeting here. They began a week ago and originally were expected to end last Wednesday.

In East Berlin, the Warsaw Pact commander and defense ministers from the Soviet Union, Poland, Czechoslovakia and East Germany met Sunday to discuss "mutually interesting questions," the official east german news agency reported.

Youth Sought In Connection With Slaying

ONALASKA (AP)—A 22-year-old youth is being sought in two states in connection with the mutilation-slaying of a 16-year-old Onalaska girl. La Crosse County Undersheriff Bill Boma said early today.

Boma identified the victim as Janolynn Jewel, 16, daughter of Mrs. Margaret Jewel, Onalaska. He said the girl was "sadistically attacked, cut open and mutilated."

Boma would not reveal the name of the male being sought for questioning but said he was a boyfriend of Miss Jewel.

He said the search for the man was being carried out in Wisconsin and neighboring Minnesota. Onalaska is located on the Mississippi River north of La Crosse.

Boma said authorities were apparently notified of the killing by a younger brother of the victim. He said Mrs. Jewel was not in the apartment at the time of the slaying.

Evaporator Expected to Cut Pollution

Scott Paper Co. Puts Equipment To Use Today

OCONTO FALLS—Spent sulphite liquor that formerly was discharged into the Oconto River began flowing today into the newly installed $1 million evaporator plant at the Scott Paper Co. mill here. When this plant reaches its capacity, it will mark the first big breakthrough in reducing oxygen-demand in the river here.

After the initial breakin period, the new evaporators will process all of the mill's collectible liquor to a syrupy concentrate. This either will be sold or burned as mill fuel. Industry and state pollution control experts who approved the plans 2½ years ago look for river conditions to improve soon.

"Completion of this evaporator plant gives the Oconto Falls mill a pollution abatement installatin at least as comprehensive as any in the American sulphite pulp industry," D. J. Dughie, general manager of Scott's Wisconsin mills, stated. "Our outlay since 1955 for cleaning up the Oconto River now exceeds $2 million.

I said, "Show me a filter cigarette that really delivers taste and I'll eat my hat!"

Officials Show New Optimism About Viet Nam

Substantial Military Progress Recently Pleases Leaders

By JOHN M. HIGHTOWER
AP Special Correspondent

WASHINGTON (AP) — High administration officials believe expanding U.S. combat operations in Viet Nam may hasten a turning point in the war against Communist conquest in South Viet Nam.

A new tone of optimism is apparent in official comment here, although it is not universally shared. Some highly placed officials fear that the military gains now being registered may be frustrated by new political violence in South Viet Nam or by some strategic shift on the part of Communist forces.

However the dominant administration line as developed primarily by Secretary of Defense Robert S. McNamara and apparently supported by Secretary of State Dean Rusk is that political turmoil among the South Vietnamese this spring had caused only temporary — even though serious — setbacks to the anti-Communist fight and "substantial military progress" has been made in recent weeks.

'Monsoon Offensive'

In a joint news conference with Rusk at the White House Saturday, McNamara also told reporters that offensive operations by the United States, South Vietnamese and allied forces had frustrated plans of the Communist high command for a "monsoon offensive."

Other officials indicate that the total amount of damage which allied forces are now able to inflict on Communist forces is almost in balance with the gains which the Communists are able to make by way of infiltration of troops from North Viet Nam and recruitment in the south.

Administration officials have claimed that in the first four months of this year — January through April — the North Vietnamese sent 19,000 men through the jungle roads and trails into South Viet Nam — an average of about 4,700 a month. In the same period about 14,000 fighters are estimated to have been added to Viet Cong forces through recruitment in the south. The gross gain from the two sources totaled about 33,000.

Fighters Killed

For the same period of four months more than 16,000 Communist fighters are reported to have been killed in action with other thousands wounded, captured or defected to South Viet Nam. U.S. officials estimate that Communist losses from all these sources totaled more than 50,000 and that even with errors in all statistics, the Viet Cong and North Vietnamese total gains and total losses must be approaching a point of balance.

They regard this as an important measure of progress because a critical point in the war, from the administration view, is expected to be reached when Viet Cong and North Vietnamese losses exceed their infiltration and recruitment rate.

Johnson administration leaders have hoped that such a point might be reached early next year. Some now wonder whether it may develop more rapidly, depending on both military and political developments in South Viet Nam.

McNamara disclosed Saturday that 18,000 more American troops will go to Viet Nam in the next 45 days, raising the total of U.S. forces in the south to 285,000.

Commander Harold Marr, 40, of Roseburg, Ore., climbs from his F8 U.S. Navy jet fighter at Tan Son Nhut Airport in Saigon, South Viet Nam, today after downing a Communist MIG-17 plane Sunday near the North Viet Nam port of Haiphong. Marr, flying from the aircraft carrier Hancock, in the Gulf of Tonkin, with three other Navy Crusaders, encountered four MIGs. In a 4-minute fight he downed one and was shooting up another when his ammunition ran out. (AP Wirephoto)

U. S. Pilot Destroys 13th MIG in Battle

CONTINUED FROM PAGE 1

lands of South Viet Nam, U.S. paratroopers killed 25 Communists in a series of skirmishes as the "Screaming Eagles" of the 101st Airborne Division combed the mountain lair of a North Vietnamese regiment. They have been battling since Tuesday.

Before the paratroopers moved into the area where the North Vietnamese were believed encircled, high-flying B52s from Guam saturated it with bombs.

After seven bombing runs, helicopters lifted a company of paratroopers into the charred jungles, and a battalion of the 101st began an end-to-end sweep of the ridge where an estimated 1,000 North Vietnamese were believed burrowed in.

A spokesman said the paratroopers met light, sporadic fire. AP correspondent Robert D. Ohman, with the troopers, reported they found pieces of flesh and torn clothing.

377 Body Count

A report from 101st field headquarters at Kontum, 35 miles to the south, said 377 North Vietnamese bodies had been counted since heavy fighting started last Tuesday and that another 425 were estimated to have perished. The total of 802 Communist dead nearly doubled the 406 enemy casualties reported by the U.S. command in Saigon.

Violent Riot Erupts on Chicago's North Side

CONTINUED FROM PAGE 1

crowds poured into the streets and police canine squads were sent into the area.

A police dog bit Juan Melan, 20, and the crowd shouted disapproval. Melan was hoisted to the shoulders of friends and displayed to the crowd, then taken to a nearby hospital.

The crowd moved one block south to the corner of Damen and Division. Rocks and bottles began to fall near policemen directing traffic away from the area.

Spanish-speaking police, youth workers and Catholic priests used bullhorns to plead with the crowds to leave. They were ignored or shouted down.

A rock smashed a squad car windshield and a mass of screaming youths moved toward two empty police cars. They smashed windows and tore the hood off one, then moved to the other chanting.

The car was rocked back and forth, then turned on its side. Almost immediately flames shot from the gas tank. A column of black, greasy smoke rose high above the street.

Line of Fire 1

Firemen, arriving to fight the flames, were pelted with stones as they wrestled with hoses among the crowds.

Police moved back into the area and charged the crowds.

A woman and her 3-year-old child were knocked down and bruised in the melee.

Police vans, loaded with officers armed with drawn guns and heavy wooden nightsticks, ranged up and down dimly-lit side streets in an attempt to keep order as incidents erupted one by one. There seemed to be no leadership in the crowds.

At Evergreen Ave., a line of fire stretched across Damen Ave. Teen-agers had poured gasoline and then ignited it.

Several persons in the crowd waved Puerto Rican flags. Fire crackers and cherry bombs exploded.

Shelton Faces Trial For Contempt

CONTINUED FROM PAGE 1

and organizational records and tax returns, as demanded in the committee's subpoena dated Oct. 7. Shelton on advice of his attorney refused to give details of Klan activities.

He cited four constitutional amendments and argued that the investigation went beyond the scope authorized by the House and was not intended for any valid legislative purpose.

The committee chairman, Rep. Edwin E. Willis, D-La., repeatedly warned Shelton he faced contempt action if he refused to answer. At the end of the second session, he again asked Shelton to produce the records. Shelton again refused.

On Jan. 6 the subcommittee recommended the contempt citation against Shelton and the other six Klan leaders, limited to their refusal to produce the records rather than including their refusal to answer questions. On Jan. 13 the full committee approved the recommendation and the House approved the citations by a 344-28 roll call vote.

The other Klan leaders, who face trial at weekly intervals starting Oct. 3, are James R. Jones, grand dragon, realm of North Carolina; Robert E. Scoggin, grand dragon, realm of South Carolina; Calvin F. Craig, grand dragon of Georgia; Marshall R. Kornegay, grand dragon of Virginia; George F. Dorsett, imperial kludd and paid organizer and province titan of the realm of North Carolina, and Robert Hudgins, imperial kludd and exalted cyclops of the North Carolina Klavern using the name of the Capital City Restoration Association.

12 Per Cent Defined as Big Drinkers

LOS ANGELES (AP) — Twelve per cent of American adults are heavy drinkers, says a nationwide survey.

You are a heavy drinker, says Dr. Ira Cisin, if you have one drink almost daily, or if you down at least five drinks in one session once a week.

Cisin's survey, sponsored by the National Institute of Mental Health and based on 2,750 interviews, was disclosed Sunday at a symposium on drugs and alcohol at the University of California at Los Angeles. Cisin is a professor of sociology at George Washington University.

Generally, Cisin says more drinkers reside in New England and the Middle Atlantic states. Pacific Coast states residents are in third place while, proportionately, the fewest drinkers are found in the Deep South.

Cisin also found more men drink than women, most drinkers are in their 20s and 30s, of higher income groups, and live in cities and suburbs.

Industry, Government, Leaders Discuss Emergency Measure

MADISON (AP) — Leaders of private industry and state and local governments in Wisconsin will be in Madison Wednesday to participate in a state plan for emergency management of resources. The Bureau of Civil Defense is sponsoring the project. It is part of a national plan to prepare all states for management of resources.

Officials Register for Conference on Aids

MADISON (AP) — Officials from 54 Wisconsin communities have registered for the governor's conference Friday on federal aids available to communities, the executive office reported today.

Colder Water Hurting Maine Lobster Supply

AUGUSTA, Maine (AP) — There are definite indications of a decline in lobster supply because of lowering temperatures of waters of the Maine coast, says the state director of marine research, Robert L. Dow.

The lobster shortage has resulted in smaller catches and higher prices for Maine lobsters during the last two years.

Pedestrian Struck By Train at Pewaukee

PEWAUKEE, Wis. (AP) — A youthful pedestrian was struck and killed by a Milwaukee Road train at the Wisconsin Avenue crossing in this Waukesha County community today.

Authorities said George Jungbluth, 17, of Hartland and a companion tried to beat the train across the intersection while the guard gate was down and signal lights were operating. The companion was not injured.

'Counterrevolutionary' Youth Killed by China For Knifing Foreigners

TOKYO (AP) — A Communist Chinese firing squad today executed a "counterrevolutionary" youth immediately after he was convicted of injuring two "friendly foreigners," the official New China News Agency announced.

The broadcast said Yang Kuo-ching, 20, broke into a Peking store last April 29 and used a kitchen knife to wound journalist Bakari Traore from Mali and the wife of Bruno Mahlow, first secretary of the East German Embassy.

The broadcast did not give the extent of the injuries.

Student Nurse Enjoys New Alice Role

EAU CLAIRE (AP) — A tall, slender nursing student with a magnetic smile reigns today as 1966 Alice in Dairyland.

Jo Ann Cupery, 22, a coed from Markesan, was crowned Saturday night as princess of the state's dairy industry.

As Alice, she will become a public relations employe of the State Department of Agriculture at $4,880 for the year and will promote Wisconsin dairy products.

"I think I'm going to enjoy it a great deal and do a good job," the doctor's daughter said through her tears at her coronation.

Miss Cupery has light brown hair and blue eyes. She is a senior at St. Olaf in Northfield, Minn.

She succeeds the 1965 Alice, Kathy Kenas of near Rosendale, a farmer's daughter who lives only a dozen miles from Miss Cupery.

The 28 finalists in the state pageant bestowed the title of Miss Winsome on Carole Ann Rogers, 21, an elementary school teacher from Sheldon in Rusk County.

Miss Cupery's selection climaxed a three-day pageant here that included an hour-long parade Saturday before 10,000 persons in downtown Eau Claire. The floats touted the dairy industry and two of them vowed never-ending war on colored oleo.

Pilot Hurt When 'Object' Pierces Plane

GREAT LAKES, Ill. (AP) — Lt. Cmdr. Richard Ehr, 33, Milwaukee, was hospitalized Sunday in the Great Lakes Naval Hospital after he was struck in the neck by an object that penetrated the cockpit of his plane while taking rocket practice at Camp McCoy.

Ehr, a naval air reserve pilot, was reported in satisfactory condition.

During a rocket run at Camp McCoy's range Saturday, Ehr fired a five inch high velocity aircaft rocket, which was seen to hit a target bullseye.

It was thought that either a fragment of the rocket or some other object knocked a small chuck out of a propeller on the twin engine S2F antisubmarine aircraft.

The co-pilot, Lt. James E. Oesterle Jr., Edwardsville, Ill., flew the plane to Volk Field at Camp Douglas in Juneau County. Ehr was taken to Tomah emergency hospital and then airlifted to Great Lakes.

Educators Develop New Curriculum

STEVENS POINT (AP) — A curriculum for teaching English and grammar in Wisconsin schools from Kindergarten through Grade 12 will be developed at a workshop at Stevens Point State University June 19-July 1.

The workshop will be sponsored by the Wisconsin English-language-arts curriculum project, a study financed by a federal government grant.

The session culminates a year of conferences and committee work in which 8,000 teachers participated. The curriculum is expected to be ready for use Feb. 1, 1967.

Oriental Ambassadors Meet to Form Customs Union, Farm Bank

SEOUL, South Korea (AP) — Ambassadors of 10 Far Eastern nations met here today to lay the groundwork for a conference that could lead to a customs union and agricultural bank.

A conference source said several delegations had such proposals to submit to the meeting Tuesday of foreign ministers from South Korea, South Viet Nam, Nationalist China, Thailand, Japan, the Philippines, Malaysia, Australia and New Zealand. Laos is participating as an observer.
